The Plug In Drug:

The Plug-In Drug Marie Winn, 2002-03-26 How does the passive act of watching television and other electronic media regardless of their content affect a developing child's relationship to the real world Focusing on this crucial question Marie Winn takes a compelling look at television's impact on children and the family Winn's classic study has been extensively updated to address the new media landscape including new sections on computers video games the VCR the V-Chip and other control devices TV programming for babies television and physical health and gaining control of your TV

Unplugging the Plug-in Drug Marie Winn, 1987 Filled with practical advice from children parents and teachers this book explains TV addiction and how to fight it The Plug-in Drug Marie Winn, 1978 *UNPLUGGING THE PLUG-IN DRUG* MARIE WINN, 1987 **Open the Box** Jane Root, 2005-06-28 Television viewers are often labelled as addicts or zombies who avidly lap up a daily diet of soap operas and quiz shows This heavily illustrated book breaks down these stereotypes

Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **Electronic Hearth** Cecelia Tichi, 1992-10-29 We all talk about the tube or box as if television were simply another appliance like the refrigerator or toaster oven But Cecilia Tichi argues that TV is actually an environment a pervasive screen world that saturates almost every aspect of modern life In *Electronic Hearth* she looks at how that environment evolved and how it in turn has shaped the American experience Tichi explores almost fifty years of writing about television in novels cartoons journalism advertising and critical books and articles to define the role of television in the American consciousness She examines early TV advertising to show how the industry tried to position the new device as not just a gadget but a prestigious new piece of furniture a highly prized addition to the home The television set she writes has emerged as a new electronic hearth the center of family activity John Updike described this primitive appeal of the hearth in Roger's Version Television is its irresistible charm a fire Entering an empty room we turn it on and a talking face flares into being Sitting in front of the TV Americans exist in a safety zone free from the hostility and violence of the outside world She also discusses long standing suspicions of TV viewing its often solitary almost autoerotic character its supposed numbing of the minds and imagination of

children and assertions that watching television drugs the minds of Americans Television has been seen as treacherous territory for public figures from generals to presidents where satire and broadcast journalism often deflate their authority And the print culture of journalism and book publishing has waged a decades long war of survival against it only to see new TV generations embrace both the box and the book as a part of their cultural world In today s culture she writes we have become teleconscious seeing for example real life being certified through television as seen on TV and television constantly ratified through its universal presence in art movies music comic strips fabric prints and even references to TV on TV Ranging far beyond the bounds of the broadcast industry Tichi provides a history of contemporary American culture a culture defined by the television environment Intensively researched and insightfully written *The Electronic Hearth* offers a new understanding of a critical but much maligned aspect of modern life *You Are Your Child's First Teacher* Rahima Baldwin Dancy,Rahima Baldwin,2011-03-16 Nowadays parents are bombarded by any number of approaches about how to be with their children *YOU ARE YOUR CHILD S FIRST TEACHER* introduces a new way of understanding the human being so that parents can be best equipped to serve as their own children s best teachers Chapters include Caring for the Newborn Helping Your Toddler s Development The Development of Fantasy and Creative Play Nourishing Your Child s Imagination Rhythm and Discipline in Home Life Readiness for School and more From the Trade Paperback edition *We're All Messed Up* Rhonda Mitschelen,2019-06-01 Some of us are more or less messed up than others but we are all dysfunctional in some way To become emotionally healthy and begin to tear away our dysfunctions we need to allow God the opportunity to heal us and put an end to the addictions that temporarily stop our pain This book analyzes the process of real inner healing Just like becoming physically healthy there needs to be a change in more than one area Emotional healing takes place by the renewing of our minds learning about God and trusting His true character letting go of our grief and past hurts and allowing God to reveal the truth he desperately wants us to know **A Cognitive Psychology of Mass Communication** Richard Jackson Harris,2004 The author examines how our experiences with media affect the way we acquire knowledge and how this knowledge creates consequences for attitudes and behaviour
