The Practice Of Preaching

Paul Scott Wilson

The Practice Of Preaching:

The Practice of Preaching Paul Scott Wilson, 2012-08-01 Paul Wilson's *The Practice of Preaching* has introduced a generation of students not only to the how of preaching but also to the why. In this thoroughly revised edition Wilson has strengthened this essential textbook even more principally in two ways. First he has further emphasized the role of practices in preaching leading the reader through the preacher's week as she or he constructs and prepares to deliver the sermon. Second he has surveyed the current debate in homiletics over what preaching the text means and constructed a far reaching theological argument that the sermon's most central task should be about preaching the gospel.

The Practice of Preaching Paul Scott Wilson, 1998-04 Part textbook part refresher for seasoned homileticians seeking to hone their speaking edge *The Practice of Preaching* delivers in straightforward accessible language this work contains dozens of written and oral exercises definitions sidebars and boxed text for easy recollection and sermon examples. A self contained homiletics course *The Practice of Preaching* includes generous index entries a lengthy table of contents and footnotes to ensure this is one volume to which preachers can refer again and again.

The Practices of Christian Preaching Jared E. Alcántara, 2019-09-17 Leading homiletician Jared Alcántara offers a practice centered collaborative technologically innovative next generation introductory preaching textbook. The book breaks new ground by adopting a practice based approach to teaching preaching and by using innovative technological delivery to enhance the educational experience of learners. Alcántara introduces the basics of Christian preaching and emphasizes the skills preachers must cultivate throughout their lives. He shows that preachers can learn effective preaching by paying keen attention to five key competencies: conviction, context, clarity, concreteness, and creativity. Featuring the perspectives of a diverse team of collaborators, *The Practices of Christian Preaching* is designed to prepare effective communicators for the church's multicultural future. Call outs in the book direct readers to a companion website for further information or practice. The online resources include audio and video sermons, video responses from the author and contributions from collaborators enabling Alcántara to coach students by showing them instead of just telling them. A Spanish language edition is also available.

Principles and Practice of Preaching Ilion Tingnal Jones, 1956 Guides preachers in evaluating their techniques and improving their skills in planning, preparing and delivering a sermon. Bibliography.

The Four Pages of the Sermon Paul Scott Wilson, 2010-09-01 Doing justice to the complexity of the preaching task and the questions that underlie it, Wilson organizes both the preparation and the content of the sermon around its four pages. Each page addresses a different theological and creative component of what happens in any sermon. Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself. Page Two looks at similar conflict, sin or brokenness in our own time. Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news. Page Four points to God at work in our world particularly in relation to the situations described in Page Two.

Transformational Preaching David M. Brown, 2003-02

Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

The Four Pages of the Sermon, Revised and Updated Paul Scott Wilson, 2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermonic form Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future
