The Priority Of John:

The Priority of John John A. T. Robinson, 2011-03-01 It has been the fate of many books on John to be left unfinished for its interpretation naturally forms the crowning of a lifetime I have myself been intending to write a book on the Fourth Gospel since the fifties before I broke off reluctantly to be Bishop of Woolwich though I am grateful now that I did not produce it prematurely at that time It means however that I shall be compelled to refer to and often recapitulate material directly or indirectly related to the Johannine literature which I have written over the years some of it indeed while I was bishop Many scholars in fact if not most now think that the author of the Gospel himself never lived to finish it and have seen the work as the product of numerous hands and redactors As will become clear I prefer to believe that the ancient testimony of the church is correct that John wrote it while still in the body and that its roughnesses self corrections and failures of connection real or imagined are the result of its not having been smoothly or finally edited If so I am in good company At any rate who could wish for a better last testimony from his friends than that his witness is true John 21 24 In other words he got it right historically and theologically from the Introduction At the time of his death in December 1983 John Robinson had completed the text of the book on which his 1984 Bampton lectures were to be based so that it is possible to see the full details of his extremely controversial argument that the Gospel of John was the first Gospel to be written Dr Robinson himself once described the dawning of his conviction that this was the case as a Damascus Road experience and his presentation of the evidence is made with all the customary vigor with which he would argue for something in which he deeply believed The objections which need to be overcome to stand on its head what has long been one of the fundamental assumptions of New Testament scholarship are substantial but here once again Dr Robinson shows that so much of what is taken as established fact in that area is no more than preference and presumption Certainly he will provoke rethinking on a whole series of topics from the chronology of Jesus ministry to the nature of his teaching As The Listener said of the equally controversial Redating the New Testament The greatest pleasure Dr Robinson gives is purely intellectual His book is a prodigious virtuoso exercise in inductive reasoning and an object lesson in the nature of historical argument and historical knowledge This sequel equals if not excels its predecessor in those respects and is a fitting tribute to a brilliant New Testament scholar The manuscript was prepared for publication by Dr Chip Coakley Dr Robinson's pupil now Lecturer in Religious Studies in the University of Lancaster

The Priority of John John Arthur Thomas Robinson, 1995 One of the classic works of Johannine scholarship

The Priority of John John Arthur Thomas Robinson, 1987-01-01 *Is John's Gospel True?* Maurice Casey, 1996 This study demonstrates that the Gospel attributed to John gives an inaccurate account of the life and teaching of Jesus It shows that this Gospel was finished during a fierce conflict between the Johannine community and the Jewish community During this conflict the Johannine community hailed Jesus as God and declared that the Jews were children of the devil They attributed their beliefs to Jesus and portrayed him as quarrelling with the Jews as they did Consequently this document is fiercely anti

Jewish and has been used to fuel anti semitism reasons for the author to challenge the fitness of John s Gospel to be in anyone s sacred scriptures

The Gospel of John in Modern Interpretation Stanley E. Porter,Ron C. Fay,2018-10-30 The Gospel of John in Modern Interpretation provides a unique look at the lives and work of eight interpreters who have significantly influenced Johannine studies over the last two centuries The chapters contain short biographical sketches of the scholars that illuminate their personal and academic lives followed by summaries and evaluations of their major works and concluding with an analysis of the ongoing relevance of their work in contemporary Johannine scholarship Key thinkers surveyed include C H Dodd Rudolph Bultmann Raymond Brown Leon Morris and R Alan Culpepper An introduction and conclusion by general editors Stanley Porter and Ron Fay trace the development of Johannine scholarship from F C Baur to the present and examine how these eight scholars contributions to Johannine studies have shaped the field Anyone interested in the recent history of the study of John will find this volume indispensable

The History of the Priority Dispute between Newton and Leibniz Thomas Sonar,2018-04-12 This book provides a thrilling history of the famous priority dispute between Gottfried Wilhelm Leibniz and Isaac Newton presenting the episode for the first time in the context of cultural history It introduces readers to the background of the dispute details its escalation and discusses the aftermath of the big divide which extended well into rThe Early Challengesnd the story is very intelligibly explained an approach that offers general readers interested in the history of sciences and mathematics a window into the world of these two giants in their field From the epilogue to the German edition by Eberhard Knobloch Thomas Sonar has traced the emergence and the escalation of this conflict which was heightened by Leibniz s rejection of Newton s gravitation theory in a grandiose excitingly written monograph With absolute competence he also explains the mathematical context so that non mathematicians will also profit from the book Quod erat demonstrandum

The Priority of Christ Robert Barron,2016-02-23 A Major Statement on Christology from Bishop Robert Barron For a long time Christians have tried to bridge the divide between Christianity and secular liberalism with philosophy and theology Bishop Robert Barron shows that the answer to this debate and the way to move forward lies in Jesus Barron transcends the usual liberal conservative or Protestant Catholic divides with a postliberal Catholicism that brings the focus back on Jesus as revealed in the New Testament narratives Barron s classical Catholic postliberalism will be of interest to a broad audience including not only the academic community but also preachers and general readers interested in entering the dialogue between Catholicism and postliberalism The hardcover edition includes a new preface by the author Praise for The Priority of Christ Barron s wonderful book The Priority of Christ brings postliberalism back to its Catholic home A downright lovely book written with a kind of winsome literary flair that exhibits the inviting clarity of a master teacher Highly recommended James K A Smith Religious Studies Review The book is full of gems worthy of hours of contemplation Mark G Boyer The Priest John Rawls:

Principles of justice I Chandran Kukathas, 2002 *The Priority of Propositions. A Pragmatist Philosophy of Logic* María José Frápolli, 2023-02-22 This monograph is a defence of the Fregean take on logic The author argues that Frege's projects in logic and philosophy of language are essentially connected and that the formalist shift produced by the work of Peano Boole and Schroeder and continued by Hilbert and Tarski is completely alien to Frege's approach in the Begriffsschrift A central thesis of the book is that judgeable contents i.e. propositions are the primary bearers of logical properties which makes logic embedded in our conceptual system This approach allows coherent and correct definitions of logical constants logical consequence and truth and connects their use to the practices of rational agents in science and everyday life
