True, 1955 [Learn the Nautical Rules of the Road](#) Paul Boissier, 2018-07-03 Collisions are expensive Learning understanding and remembering the International Regulations for Preventing Collisions at Sea COLREGs is essential for anyone venturing onto the water Leisure boaters as much as professional mariners need to know the rules and a firm understanding is required to pass many nautical exams But with the COLREGs stretching to over 12 000 words this is no small task This is where Paul Boissier's excellent book comes in Paul knows the COLREGs backwards having used them extensively in his career with the Royal Navy from the bridges of submarines and warships which he has commanded with each giving a rather different perspective on other shipping He also knows the other side well with his extensive cruising experience from his early years with his father to now sailing his own yacht These experiences mean that he knows and understands the COLREGs from both sides and this gives him the ability to take you through the COLREGs

from a mariners and sailors perspective He brings the vital but dry document to life going through it not in order but by topics which are relevant to the mariner and sailor Paul explains the intention of each rule and how it should be applied when at sea He includes personal anecdotes not all favourable to him which make everything real and tells us how he remembers different aspects of the Regulations through mnemonics and other devices Finally each chapter ends with a self test to reinforce what has been learnt other tests are also available online on the Fernhurst Books website This new edition has been updated with the 2016 changes to the CLOREGS Whether you want to increase your confidence pass an exam require an on board reference or wish to improve your understanding of the nautical rules of the road this is the ideal book for you
