Research Handbook on Secured Financing in Commercial Transactions Frederique Dahan, 2015-06-29 This cutting edge Handbook presents an overview of research and thinking in the field of secured financing examining international standards and best practices of secured transactions law reform and its economic impact Expert contributors explore the

Collective Investment Scheme Transactions in ASEAN+3 Asian Development Bank, 2022-09-01 This report explores how the central securities depository and real time gross settlement CSD RTGS linkage model could be applied to collective investment scheme CIS passporting frameworks in Asia to enhance the post trade efficiency of the region's bond markets In Asia there are a number of multilateral CIS passporting frameworks but little attention has been given to how delivery versus payment settlements can be facilitated under such frameworks The report finds that the CSD RTGS linkage model has considerable potential to be applied in Asia as a settlement engine for the cross border transactions of bonds as well as for other financial instruments It outlines how this can be achieved by interlinking the region's CIS central platforms and delivery versus payment settlements infrastructure under the CSD RTGS model

Transfer Pricing in SMEs Veronika Solilova, Danuse Nerudova, 2017-10-31 This book provides a detailed assessment of current approaches to transfer pricing in the context of small and middle sized enterprises SMEs including the newest update of Transfer Pricing Guidelines from 10 July 2017 It analyzes the transfer pricing rules for SMEs across the European Union EU and explores two alternative approaches as suitable solutions for current transfer pricing issues The authors evaluate and discuss alternative approaches like Safe Harbour and Common Consolidated Corporate Tax Base CCCTB Taking into account the prominent role of SMEs in the European Union's economy the book also puts forward policy recommendations to achieve the long term goals of the EU's 2020 agenda

Evaluation of the International Finance Corporation's Global Trade Finance Program, 2006-12 The World Bank, 2013-09-04 As part of its strategy to support global trade the World Bank Group seeks to enhance trade finance in emerging markets In 2005 the International Finance Corporation IFC part of the Bank Group introduced the Global Trade Finance Program GTFP to support the extension of trade finance to underserved clients globally This IEG evaluation found that overall the GTFP was a relevant response to the demand to reduce risk in trade finance in emerging markets The program significantly improved IFC's engagement in trade finance by introducing an open network of banks and a quick flexible response platform to support the supply of trade finance IEG's evaluation covers the program's operations from its inception in 2005 through FY2012 The program grew from a 500 million annual commitment to 5 billion in FY12 It accounted for 39 percent of total IFC commitments and has low costs it accounted for 2.4 percent of IFC's capital use and 1.2 percent of its staff costs and has had no claims to date It is profitable as well although not to the extent originally expected accounting for 0.6 percent of IFC's net profit IEG found that the GTFP has particular additionality among higher risk countries In its early years it was concentrated in these countries particularly in Africa During the global crisis the program

risk mitigation instrument became relevant in much broader markets Client feedback on the program has been positive In its evaluation IEG does offer several recommendations to enhance its effectiveness including on issues of transparency and reporting methods as well as expanding the share of the program in needier markets For development professionals the lessons in this evaluation can be applied to private sector development situations particularly mitigation of financing risks in emerging markets *Economic Impact Issues in Export-Import Bank Reauthorization* United States.
