Cheap Talk Joshua St. Pierre,2025-10-01 In *Cheap Talk* Disability and the Politics of Communication Joshua St Pierre flips the script on communication disability positioning the unruly disabled speaker at the center of analysis to challenge the belief that more communication is unquestionably good Working with Gilles Deleuze s suggestion that we don t suffer these days from any lack of communication but rather from all the forces making us say things when we ve nothing much to say St Pierre brings together the unlikely trio of the dysfluent speaker the talking head and the troll to show how speech is made cheap and produced and repaired within human bodies to meet the inhuman needs of capital The book explores how technologies like social media and the field of speech language pathology create smooth sites of contact that are exclusionary for disabled speakers and looks to the political possibilities of disabled voices to de face the power of speech now entwined with capital

Justice in Education** Morwenna Griffiths, 2003-09-16 Once again Morwenna Griffiths has produced a book on an important  
topic that speaks to theorists and practitioners alike Read it Professor Alison Assiter University of the West of England Bristol  
This is a must read for anyone who wants to be provoked and supported toward action and change in education Professor  
Marilyn Johnston College of Education Ohio State University USA a thoroughly engaging text British Journal of Educational  
Studies Socrates said we can't teach anyone anything but only help them to think that's what this book did for me and that's  
why I liked this book and would recommend it to my students my friends and my colleagues Unlike the majority of academic  
books I found myself treating it like a novel and saving it up to read before I went to sleep at night reading it more slowly as  
it got near the end not wanting it to be finished I liked it because it resonated with many of my experiences over the years  
and reminded me that I'm not alone in finding the struggle for social justice in education hard but passionately worthwhile  
InService Education Social justice is a verb This book puts forward a view of social justice as action orientated rather than as  
a static theory Complex discussions of difference equality recognition and redistribution are made accessible and relevant to  
issues of class race gender sexuality and disability Interwoven with the discussion are compelling individual accounts of the  
pleasures and pains the pitfalls and glittering prizes to be found in education told by individuals coming from a diversity of  
social economic and ethnic backgrounds The second part of the book includes examples of successful interventions in real  
situations related to self esteem empowerment partnership and the initiation of individual and joint action to improve social  
justice in education The discussion is kept open through answering back sections by educators committed to social justice
