Colorado Review, 1985 *National Geographic Book of Animal Poetry* J. Patrick Lewis, 2012 A collection of 200 poems about animals *Religious Experience in Modern Poetry* Ewa Panek, 2019-10-17 This study on religious experience in modern poetry features innovative and accessible close readings of some of the most beloved authors of English verse In today's seemingly secular age religion still remains a highly contested subject The selection of texts analysed here is representative of a wide spectrum of attitudes including a sharply critical refusal to acknowledge Christianity as the basis of civilization Some poets see national religion as a framework for cultural identity while others worship nature as the omnipotent Force of Life trying to create their own gods Rather than reducing poetry to a background for philosophical analysis or theological deliberation this book presents diverse modes of the poetic endeavor to capture and convey the divine The chapters provide a range of perspectives on individual experience rendered into poetry as a subtle relationship between faith perception and language The text will be of interest to anyone looking for new ways of reading poetry as a spiritual quest **Reading Ted Hughes: New Selected Poems** Neil Roberts, 2016-10-09 A brilliant new study of one of the great English poets of the 20th Century by a distinguished critic and scholar This book opens with a section on Hughes's life including the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes's artistic strategies his poetic language and influences on his work including the poets of Eastern Europe The body of the book offers an approach to reading *New Selected Poems* 1995 taking in turn each of the remarkable and remarkably varied works from which the poems were selected *The Hawk in the Rain* *Lupercal* *Wodwo* *Crow* *Cave* *Birds* *Season* *Songs* *Gaudete* *Remains of Elmet* *Moortown* *Diary* *River* and *Wolfwatching* It concludes with a review of Hughes's reception and a six page bibliography Professor Roberts's books include *Ted Hughes A Critical Study* with Terry Gifford Faber 1981 D H

Małgorzata Poks,2023-07-28 Decolonial Animal Ethics in Linda Hogan s Poetry and Prose is a plea for an urgent redefinition of human animal relations on the basis of a nonanthropocentric animal ethic embraced by premodern Indigenous communities but depreciated by coloniality Without decolonial revisions of animal subjectivity and personhood the animal genocide can never truly stop It is also a close reading of Linda Hogan s poetry and prose in search of the coordinates of a decolonized animal ethic which would foster interspecies becoming Having defined the recurring tropes motifs and attitudes that underpin Hogan s treatment of nonhuman animals the book moves on to trace the way she depicts the human animal bond especially in the face of the destructive anthropogenic impact The major questions guiding the analysis of Hogan s oeuvre are as follows who are the animals we share our earthly lives with what can they teach us about ourselves how can animals guide us toward more sustainable futures and what are the conditions of possibility of an interspecies human animal thriving This book will be of interest to scholars and students of Indigenous Studies Decolonial Studies Animal Studies Ecocriticism Anthropocene Studies as well as readers of Linda Hogan s literary works **The Art of Poetry** Shira

Wolosky,2008-09-19 In The Art of Poetry Shira Wolosky provides a dazzling introduction to an art whose emphasis on verbal music wordplay and dodging the merely literal makes it at once the most beguiling and most challenging of literary forms A uniquely comprehensive step by step introduction to poetic form The Art of Poetry moves progressively from smaller units such as the word line and image to larger features such as verse forms and voice In fourteen engaging beautifully written chapters Wolosky explores in depth how poetry does what it does while offering brilliant readings of some of the finest lyric poetry in the English and American traditions Both readers new to poetry and poetry veterans will be moved and enlightened as Wolosky interprets work by William Shakespeare John Donne William Blake William Wordsworth Emily Dickinson Robert Frost Sylvia Plath and others The book includes a superb two chapter discussion of the sonnet s form and history and represents the first poetry guide to introduce gender as a basic element of analysis In contrast to many existing guides which focus on selected formal aspects like metrics or present definitions and examples in a handbook format The Art of Poetry covers the full landscape of poetry s subtle art while showing readers how to comprehend a poetic text in all its dimensions Other special features include Wolosky s consideration of historical background for the developments she discusses and the way her book is designed to acquaint or reacquaint readers with the core of the lyric tradition in English Lively accessible and original The Art of Poetry will be a rich source of inspiration for students general readers and those who teach poetry

The Primary Plan Book Marian Minnie George,1912 **Ted Hughes: New Selected Poems** Neil Roberts,2007-01-01 This book opens with a section on Hughes s life including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes s artistic strategies his poetic language and influences on his work including his openness to mythology and the poets of Eastern Europe The body of the book offers an approach to reading New Selected Poems 1995 taking in turn each of the remarkable and remarkably varied works from
