*Monthly Bulletin of the Department of Agriculture, State of California* California. Dept. of Agriculture, 1919      *Lakeland* Mary M. Flekke, Randall M. MacDonald, 2005 Lakeland celebrates the history of one of central Florida's most scenic cities. The small town that encompasses dozens of lakes was perfectly named in 1883 and grew to include an eclectic mix of downtown buildings, elegant hotels, roadways, handsome parks, and picturesque neighborhoods. By mid-century Lakeland had grown to support small industries, churches, several schools, an airport, and two small colleges, one of which features the largest single site collection of Frank Lloyd Wright architecture      **Discovering A. S. J. Allen** Alonzo Felder, 2022-10-07

Growing up Alonzo Felder heard just a few stories about his great grandfather A. S. J. Allen. In this book, the author shares his process providing guidance to others seeking to discover the stories of their ancestors. The Rev. A. S. J. Allen was a respected African American community leader in Alachua County, Florida. In 1904, he was killed by a white neighbor over a property border dispute. In the Jim Crow era, the white neighbor faced no consequences for his actions      Paving Paradise Craig Pittman, Matthew Waite, 2010-05-25 Florida possesses more wetlands than any other state except Alaska, yet since 1990 more than 84,000 acres have been lost to development despite presidential pledges to protect them. How and why the state's wetlands are continuing to disappear is the subject of *Paving Paradise*. Journalists Craig Pittman and Matthew Waite spent nearly four years investigating the political expedience, corruption, and negligence on the part of federal and state agencies that led to a failure to enforce regulations on developers. They traveled throughout the state, interviewed hundreds of people, dug through thousands of documents, and analyzed satellite imagery to identify former wetlands that were now houses, stores, and parking lots. Exposing the unseen environmental consequences of rampant sprawl, Pittman and Waite explain how wetland protection creates the illusion of environmental protection while doing little to stem the tide of destruction.
