Social And Religious Plays Of Strindberg:

The Social and Religious Plays of Strindberg John Ward, 1980 The Modern Stage and Other Worlds (Routledge Revivals) Austin E. Quigley, 2015-08-11 Modern plays are strikingly diverse and as a result any attempt to locate an underlying unity between them encounters difficulties to focus on what they have in common is often to overlook what is of primary importance in particular plays to focus on their differences is to note the novelty of the plays without increasing their accessibility In this study first published in 1985 Austin E Quigley takes as his paradigm case the relationship between the world of the stage and the world of the audience and explores various modes of communication between domains He asks how changes in the structure of the drama relate to changes in the structure of the theatre and changes in the role of the audience Detailed interpretations of plays by Ibsen Strindberg Brecht Ionesco Beckett and Pinter question principles about the modern theatre and establish links between drama structure and theatre structure theme and performance space

Rooms with a View Richard Lewis Barr, 2025-10-01 In Sam Shepard's play Action a character asks What's a community

only to find that no one really knows *Rooms with a View* attempts to chart the development of communal concepts through the discourse of dramatic modernism defining a coherent pattern that illustrates and anticipates innovations in modern and postmodern social theory To clarify the commonplace notion that audiences actively participate in dramatic art the introductory chapter theorizes a performance community which audience actors and other backstage actants such as playwrights and directors provisionally form in the theater Connecting psychological sociological and aesthetic insights ranging from Freud to Kohut from Simmel to Nancy and from Artaud and Brecht to Arnheim and Jellicoe Richard Barr shows how modernist thinkers are repeatedly drawn to the ideal of communion The distinctive structure of this collective inquiry helps untangle the roots and routes of modern drama and social thought Barr analyzes the social and aesthetic theory of four influential dramatists Ibsen and Strindberg he claims explore ways of acknowledging the integrity of individual viewpoints while maintaining collective coherence Pirandello and in more radical ways Beckett conclude that conflict and division are not simply inevitable but invaluable in organizing alternative perspectives By analyzing the ways playwrights variously conceive and achieve the complicated unity called community *Rooms with a View* produces the rich paradox that difference may make the most difference in creative communal consensus Richard L Barr holds a Ph D from the University of Virginia and has taught English at Rutgers University He is currently a specialist in intersubjective relations practicing in New Jersey and Switzerland
