Mtshali, 1975 *Chicorel Index to Poetry in Anthologies and Collections in Print* Marietta Chicorel, 1974 *The Muzzled Muse* Margreet de Lange, 1997 A critical assessment of literature produced under censorship needs to take into account that the strategies of the censors are answered by strategies of the writers and the readers To recognize self censoring strategies in writing it is necessary to know the specific restrictions of the censorship regime in question In South Africa under apartheid all writers were confronted with the question of how to respond to the pressure of censorship This confrontation took a different form however depending on what group the writer belonged to and what language he she used By looking at white writers writing in Afrikaans and white and black writers writing in English this book gives the impact of censorship on South African literature a comparative examination which it has not received before The book considers works by J M Coetzee Nadine Gordimer Andre Brink and others less known to readers outside South Africa like Karel Schoeman Louis Kruger Christopher Hope Miriam Tlali and Mtutuzeli Matshoba It treats the censorship laws of the apartheid regime as well as in the final chapter the new law of the Mandela government which shows some surprising similarities to its predecessor
