Sources For The History Of The Science O:

Sources for the History of Science 1660-1914 David M. Knight, **The Sources for the Early History of Ireland: an Introduction and Guide** James Francis Kenney, 1929 **New NCERT CBSE Class 6 Social Science: Exploring Society India and Beyond**, New NCERT CBSE Class 6 Social Science Exploring Society India and Beyond **Sources for the History of Emotions** Katie Barclay, Sharon Crozier-De Rosa, Peter N. Stearns, 2020-06-03 Offering insights on the wide range of sources that are available from across the globe and throughout history for the study of the history of emotions this book provides students with a handbook for beginning their own research within the field Divided into three parts Sources for the History of Emotions begins by giving key starting points into the ethical methodological and theoretical issues in the field Part II shows how emotions historians have proved imaginative in their discovering and use of varied materials considering such sources as rituals relics and religious rhetoric prescriptive literature medicine science and psychology and fiction while Part III offers introductions to some of the big or emerging topics in the field including embodied emotions comparative emotions and intersectionality and emotion Written by key scholars of emotions history the book shows readers the ways in which different sources can be used to extract information about the history of emotions highlighting the kind of data available and how it can be used in a field for which there is no convenient archive of sources The focused discussion of sources offered in this book which not only builds on existing research but encourages further efforts makes it ideal reading and a key resource for all students of emotions history **History as a Science** Jan van der Dussen, 2020-05-11 Since its appearance in 1981 History as a Science by Jan van der Dussen has been welcomed as a coherent and comprehensive study of the many aspects of Collingwood's philosophy of history including its development and reception The book was the first to pay attention to Collingwood's unpublished manuscripts and to his work as an archaeologist and historian herewith opening up a new angle in Collingwood studies The republication of this volume meets an increasing demand to make the book available for future Collingwood scholars and people interested in Collingwood's philosophy The present edition of History as a Science includes updated references to the published manuscripts and an added preface *Secondary Sources in the History of Canadian Medicine* Charles G. Roland, Jacques Bernier, 2010-11-22 Volume Two of this retrospective bibliography is both a continuation and an expansion of Volume One 1984 It contains references to Canadian medical historical literature published between 1984 and 1998 and also includes much additional material published prior to 1984 Finally it substantially enlarges the content of French language material Every effort has been made to be as inclusive as possible of articles theses book chapters and books both in English and in French relating to the history of medicine No single electronic source can replace this bibliography The contents are divided into three sections The first is a listing of material expressly biographical Section two lists material under a wide variety of subject headings related to medicine and the third is a complete listing of the authors who have contributed these articles Simply organized and easy to use this bibliography will be of value to

historians archivists librarians and anyone interested in the history of medicine *A Guide to the Sources of British Military History* Robin Higham, 2015-10-05 Designed to fill an overlooked gap this book originally published in 1972 provides a single unified introduction to bibliographical sources of British military history Moreover it includes guidance in a number of fields in which no similar source is available at all giving information on how to obtain access to special collections and private archives and links military history especially during peacetime with the development of science and technology

Scientific Sources and Teaching Contexts Throughout History: Problems and Perspectives Alain Bernard, Christine Proust, 2013-11-26 This book examines the textual social cultural practical and institutional environments to which the expression teaching and learning contexts refers It reflects on the extent to which studying such environments helps us to better understand ancient or modern sources and how notions of teaching and learning are to be understood Tackling two problems the first is that of certain sources of scientific knowledge being studied without taking into account the various contexts of transmission that gave this knowledge a long lasting meaning The second is that other sources are related to teaching and learning activities but without being too precise and demonstrative about the existence and nature of this teaching context In other words this book makes clear what is meant by context and highlights the complexity of the practice hidden by the words teaching and learning Divided into three parts the book makes accessible teaching and learning situations presents comparatist approaches and emphasizes the notion of teaching as projects embedded in coherent treatises or productions
