South Carolinians Speak:

Jumpin' Jim Crow Jane Dailey, Glenda Elizabeth Gilmore, Bryant Simon, 2020-07-21 White supremacy shaped all aspects of post Civil War southern life yet its power was never complete or total The form of segregation and subjection nicknamed Jim Crow constantly had to remake itself over time even as white southern politicians struggled to extend its grip Here some of the most innovative scholars of southern history question Jim Crow's sway evolution and methods over the course of a century These essays bring to life the southern men and women some heroic and decent others mean and sinister most a mixture of both who supported and challenged Jim Crow showing that white supremacy always had to prove its power Jim Crow was always in motion always adjusting to meet resistance and defiance by both African Americans and whites Sometimes white supremacists responded with increased ferocity sometimes with more subtle political and legal ploys *Jumpin' Jim Crow* presents a clear picture of this complex negotiation For example even as some black and white women launched the strongest attacks on the system other white women nurtured myths glorifying white supremacy Even as elite whites blamed racial violence on poor whites they used Jim Crow to dominate poor whites as well as blacks Most important the book portrays change over time suggesting that Strom Thurmond is not a simple reincarnation of Ben Tillman and that Rosa Parks was not the first black woman to say no to Jim Crow From a study of the segregation of household consumption to a fresh look at critical elections from an examination of an unlikely antilynching campaign to an analysis of how miscegenation laws tried to sexualize black political power these essays about specific southern times and places exemplify the latest trends in historical research Its rich accessible content makes *Jumpin' Jim Crow* an ideal undergraduate reader on American history while its methodological innovations will be emulated by scholars of political history generally In addition to the editors the contributors are Edward L Ayers Elsa Barkley Brown W Fitzhugh Brundage Laura F Edwards Kari Frederickson David F Godshalk Grace Elizabeth Hale Jacquelyn Dowd Hall Stephen Kantrowitz Nancy MacLean Nell Irwin Painter and Timothy B Tyson

Episcopalians & Race Gardiner H. Shattuck, 2021-03-17 Superb The first comprehensive history of modern race relations within the Episcopal Church and as such a model of its kind *Journal of American History* Meeting at an African American college in North Carolina in 1959 a group of black and white Episcopalians organized the Episcopal Society for Cultural and Racial Unity and pledged to oppose all distinctions based on race ethnicity and social class They adopted a motto derived from Psalm 133 Behold how good and joyful a thing it is for brethren to dwell together in unity Though the spiritual intentions of these individuals were positive the reality of the association between blacks and whites in the church was much more complicated *Episcopalians and Race* examines the often ambivalent relationship between black communities and the predominantly white leadership of the Episcopal Church since the Civil War Paying special attention to the 1950s and 60s Gardiner Shattuck analyzes the impact of the civil rights movement on church life especially in southern states offering an insider's history of Episcopalians efforts both successful and unsuccessful to come to terms with race and

racism since the Civil War A model of how good this kind of history can be when it is well researched and centers on the difficult choices faced and made by people who share institutional and faith commitments in settings that call those commitments into question American Historical Review Will be of considerable benefit to scholars students church members of all denominations and anyone concerned with issues of racial justice in the American context Choice An essential addition to the history of race and the modern South Journal of Southern History **Speaking American** Richard W.

Bolton,2011-05 This is the first effort to provide a broad assessment of how well the Brown v Board of Education decision that declared an end to segregated schools in the United States was implemented Written by a distinguished group of historians the twelve essays in this collection examine how African Americans and their supporters in twelve states Arkansas North Carolina Virginia South Carolina Georgia Mississippi Florida Delaware Missouri Indiana Nevada and Wisconsin dealt with the Court s mandate to desegregate with all deliberate speed The process followed many diverse paths Some of the common themes in these efforts were the importance of black activism especially the crucial role played by the NAACP entrenched white opposition to school integration which wasn t just a southern state issue as is shown in Delaware Wisconsin and Indiana and the role of the federal government a sometimes inconstant and sometimes reluctant source of support for implementing Brown **Southern White Ministers and the Civil Rights Movement** Elaine Allen Lechtreck,2018-05-29

In 1963 the Sunday after four black girls were killed by a bomb in a Birmingham church George William Floyd a Church of Christ minister preached a sermon based on the Golden Rule He pronounced that Jesus Christ was asking Christians to view the bombing from the perspective of their black neighbors and asserted We don t realize it yet but because Martin Luther King Jr is preaching nonviolence which is Jesus s way someday Martin Luther King Jr will be seen as the best friend the white man in the South has ever had During the sermon members of the congregation yelled You devil you and immediately Floyd was dismissed Although not every anti segregation white minister was as outspoken as Pastor Floyd many signed petitions organized interracial groups or preached gently from a gospel of love and justice Those who spoke and acted outright on behalf of the civil rights movement were harassed beaten and even jailed Based on interviews and personal memoirs Southern White Ministers and the Civil Rights Movement traces the efforts of these clergymen who deeply moved by the struggle of African Americans looked for ways to reconcile the history of discrimination and slavery with Christian principles and to help their black neighbors While many understand the role political leaders on national stages played in challenging the status quo of the South this book reveals the significant contribution of these ministers in breaking down segregation through preaching a message of love **South Carolina City** ,1969 *The Congressional Globe* United States.
