South Today:

The New South Holland Thompson, 2018-02-13 Reproduction of the original **Southern Literature, Cold War Culture, and the Making of Modern America** Jordan J. Dominy, 2020-01-27 During the Cold War national discourse strove for unity through patriotism and political moderation to face a common enemy Some authors and intellectuals supported that narrative by casting America's complicated history with race and poverty as moral rather than merely political problems Southern Literature Cold War Culture and the Making of Modern America examines southern literature and the culture within the United States from the period just before the Cold War through the civil rights movement to show how this literature won a significant place in Cold War culture and shaped the nation through the time of Hillbilly Elegy Tackling cultural issues in the country through subtext and metaphor the works of authors like William Faulkner Lillian Smith Robert Penn Warren Eudora Welty Ralph Ellison Alice Walker and Walker Percy redefined South as much more than a geographical identity within an empire The South has become a racially coded sociopolitical and cultural identity associated with white populist conservatism that breaks geographical boundaries and as it has in the past continues to have a disproportionate influence on the nation's future and values *The New Encyclopedia of Southern Culture* Michael B. Montgomery, Ellen Johnson, Charles Reagan Wilson, 2014-02-01 The fifth volume of *The New Encyclopedia of Southern Culture* explores language and dialect in the South including English and its numerous regional variants Native American languages and other non-English languages spoken over time by the region's immigrant communities Among the more than sixty entries are eleven on indigenous languages and major essays on French Spanish and German Each of these provides both historical and contemporary perspectives identifying the language's location number of speakers vitality and sample distinctive features The book acknowledges the role of immigration in spreading features of Southern English to other regions and countries and in bringing linguistic influences from Europe and Africa to Southern English The fascinating patchwork of English dialects is also fully presented from African American English Gullah and Cajun English to the English spoken in Appalachia the Ozarks the Outer Banks the Chesapeake Bay Islands Charleston and elsewhere Topical entries discuss ongoing changes in the pronunciation vocabulary and grammar of English in the increasingly mobile South as well as naming patterns storytelling preaching styles and politeness all of which deal with ways language is woven into southern culture A Southern Renaissance Richard H. King, 1982 This perceptive study of a major cultural movement shows how Southern writers of 1930 to 1955 tried to come to terms with Southern tradition and discusses the resulting body of significant literature fiction poetry memoirs and historical writing *Speak So I Shall Know Thee* William J. Walsh, 2012-02-29 A R Ammons was asked if he agreed that the United States has not produced a major poet in the last 30 years I agree The poetry in the country has become sort of a company affair where support for the arts has just about ruined the arts and the system of bureaucrats managing the funds being developed here and there is turning into trade unionism which may be the best way to write poetry

but it is unfamiliar to me This comprehensive collection contains 31 interviews in which Southern writers talk about their craft the Southern literary scene and themselves Poets short story writers and novelists include firmly established writers side by side with emerging talent Lee Smith James Dickey Harry Crews Pat Conroy Doris Bett Pulitzer Prize winner Donald Justice and 25 others

Sites of Southern Memory Darlene O'Dell, 2001-11-29 In southern graveyards through the first decades of the twentieth century the Confederate South was commemorated by tombstones and memorials in Confederate flags and in Memorial Day speeches and burial rituals Cemeteries spoke the language of southern memory and identity was displayed in ritualistic form inscribed on tombs in texts and in bodily memories and messages Katharine DuPre Lumpkin Lillian Smith and Pauli Murray wove sites of regional memory particularly Confederate burial sites into their autobiographies as a way of emphasizing how segregation divided more than just southern landscapes and people Darlene O Dell here considers the southern graveyard as one of three sites of memory the other two being the southern body and southern memoir upon which the region's catastrophic race relations are inscribed O Dell shows how Lumpkin Smith and Murray all witnesses to commemorations of the Confederacy and efforts to maintain the social order of the New South contended through their autobiographies against Lost Cause versions of southern identity Sites of Southern Memory elucidates the ways in which these three writers joined in the dialogue on regional memory by placing the dead southern body as a site of memory within their texts In this unique study of three women whose literary and personal lives were vitally concerned with southern race relations and the struggle for social justice O Dell provides a telling portrait of the troubled intellectual literary cultural and social history of the American South

Party Activists in Southern Politics Charles D. Hadley, Lewis Bowman, 1998 The implications of these and other significant realignments especially as reflected among grassroots activists in the two major parties are the focus of this valuable new book

The Southern Sudan Dunstan M. Wai, 2013-10-23 First Published in 1972 The purpose of this book is to further understand the problems of the Southern Sudan which have often been unfairly equated with the prevalent problems of national integration facing post Colonial Africa For greater understanding of the history and the contemporary manifestations of the conflict between North and South in the Sudan the focus here is upon the generic aspects of this problem
