

Southern Politics Since The Civil War

**Jane Dailey, Glenda Elizabeth
Gilmore, Bryant Simon**

Southern Politics Since The Civil War:

Southern Politics Since the Civil War Monroe Lee Billington, 1984 A brief survey of the history of the politics of the American South from the Civil War to the Reagan administration Jumpin' Jim Crow Jane Dailey, Glenda Elizabeth Gilmore, Bryant Simon, 2020-07-21 White supremacy shaped all aspects of post Civil War southern life yet its power was never complete or total The form of segregation and subjection nicknamed Jim Crow constantly had to remake itself over time even as white southern politicians struggled to extend its grip Here some of the most innovative scholars of southern history question Jim Crow s sway evolution and methods over the course of a century These essays bring to life the southern men and women some heroic and decent others mean and sinister most a mixture of both who supported and challenged Jim Crow showing that white supremacy always had to prove its power Jim Crow was always in motion always adjusting to meet resistance and defiance by both African Americans and whites Sometimes white supremacists responded with increased ferocity sometimes with more subtle political and legal ploys Jumpin Jim Crow presents a clear picture of this complex negotiation For example even as some black and white women launched the strongest attacks on the system other white women nurtured myths glorifying white supremacy Even as elite whites blamed racial violence on poor whites they used Jim Crow to dominate poor whites as well as blacks Most important the book portrays change over time suggesting that Strom Thurmond is not a simple reincarnation of Ben Tillman and that Rosa Parks was not the first black woman to say no to Jim Crow From a study of the segregation of household consumption to a fresh look at critical elections from an examination of an unlikely antilynching campaign to an analysis of how miscegenation laws tried to sexualize black political power these essays about specific southern times and places exemplify the latest trends in historical research Its rich accessible content makes Jumpin Jim Crow an ideal undergraduate reader on American history while its methodological innovations will be emulated by scholars of political history generally In addition to the editors the contributors are Edward L Ayers Elsa Barkley Brown W Fitzhugh Brundage Laura F Edwards Kari Frederickson David F Godshalk Grace Elizabeth Hale Jacquelyn Dowd Hall Stephen Kantrowitz Nancy MacLean Nell Irwin Painter and Timothy B Tyson *The Self-Inflicted Wound* Robert F. Durden, 2021-12-14 The essentially tragic political fate of the American South in the nineteenth century resulted from what Robert F Durden calls a self inflicted wound the gradual surrender of the white majority to the pride fears and hates of racism In this gracefully written and closely reasoned study Durden traces the course of southern political life from the predominantly optimistic nationalistic Jeffersonian era to the sullenly sectional chronically defensive decades following the Civil War Politics as the clearest reflection of the southern electorate s collective hopes and fears illustrates the South s transition from buoyant nationalism to aggrieved sectionalism Like the rest of the new nation the South entered the nineteenth century as proud heirs of the American Revolution and its ideology of liberty property and equal rights But for southerners from the 1820s on that liberty came increasingly to mean the freedom to own slave property and to take that

property into the nation's new western territories. As the possibility of a ban on slavery in the territories rose to the center of national attention during and after the Mexican War, the South's views on the peculiar institution became increasingly defensive and intransigent. The presidential victory in 1860 of an all northern party pledged to the exclusion of slavery from the territories made the Civil War inevitable. In its aftermath, white southerners sought and ultimately found in the hegemony of the Democratic party other ways to maintain their national position and their dominance over the black minority. But the South would long suffer the aftereffects of its self-inflicted wound. Southern Politics in the 1990s Alexander P.

Lamis, Associate Professor of Political Science Alexander P. Lamis, 1999-08 During the 1990s the Republican party surged to majority status in the South after two decades of struggling unevenly to become established in the formerly one party Democratic section of the country. In this comprehensive up to date study, seasoned observers tell the fascinating story of the GOP's remarkable advance at the regional level and in each of the eleven states of the former Confederacy, effectively capturing the current partisan dynamics at work throughout Dixie. In *Southern Politics in the 1990s*, eleven teams of political scientists and journalists, all of them long time observers of the political scene in their own states, offer individual chapters that closely examine partisan and electoral developments in each southern state. Alexander P. Lamis frames the state discussions with introductory and concluding chapters that highlight the evolution of the two party South and the political transformation the region as a whole underwent during the decade of the 1990s. Together the authors show that the amazing Republican spurt was fueled by many factors, including the ongoing entrenchment of the partisan competition begun three decades earlier, the national Republican sweep of 1994 that affected all regions of the country equally, and the successful efforts of Republicans to paint the Democrats as hopelessly mired in a corrupt political system and themselves as untainted reformers who represent the future. However, as the separate state chapters illustrate, the pace of change differed from state to state. For example, South Carolina was an early Dixie leader in the GOP's growth in the 1990s, but Arkansas caught the wave only in the middle of the decade. Offering in depth political analysis on both the state and the regional level, *Southern Politics in the 1990s* reveals that the 1990s revolution in southern politics gave the country, for the first time since the 1850s, a truly national party system. The book will prove essential to anyone interested in southern politics at the dawn of the twenty first century. *The Dynamics of Southern Politics* Seth C. McKee, 2018-07-17 I cannot praise the author enough for rising to the challenge of providing students with an accessible trip through time to show the emergence of the one party South and how the South evolved over time.

Keith Lee, Georgia College Taking a hard look at the changing demographics in the American South, *The Dynamics of Southern Politics* discusses how this region remains exceptional while also addressing how that exceptionalism is eroding. Author Seth McKee tells a historically rich story going back to the end of the Civil War, tracks electoral changes to the present, and explores some of the most significant components contributing to partisan change. Supported by a host of detailed tables and figures, this book pairs a strong historical foundation with an in depth analysis of

the contemporary region Southern Politics Since the Civil War James W. Garner, **Approaching Civil War and Southern History** William J. Cooper, Jr., 2019-02-13 Initially published between 1970 and 2012 the essays in *Approaching Civil War and Southern History* span almost the entirety of William J Cooper s illustrious scholarly career and range widely across a broad spectrum of subjects in Civil War and southern history Together they illustrate the broad scope of Cooper s work While many essays deal with his well known interests such as Jefferson Davis or the secession crisis others are on lesser known subjects such as Civil War artist Edwin Forbes and the writer Daniel R Hundley In the new introduction to each chapter Cooper notes the essay s origins and purpose explaining how it fits into his overarching interest in the nineteenth century political history of the South Combined and reprinted here for the first time the ten essays in *Approaching Civil War and Southern History* reveal why Cooper is recognized today as one of the most influential historians of our time **The Oxford Handbook of Southern Politics** Charles S. Bullock, Mark J. Rozell, 2012-03-15 The twenty three essays included in *The Oxford Handbook of Southern Politics* present a definitive view of the factors that contribute to the South s distinctive politics examining these factors in the context of the region s political development since World War II *The Dixiecrat Revolt and the End of the Solid South, 1932-1968* Kari Frederickson, 2003-01-14 In 1948 a group of conservative white southerners formed the States Rights Democratic Party soon nicknamed the Dixiecrats and chose Strom Thurmond as their presidential candidate Thrown on the defensive by federal civil rights initiatives and unprecedented grassroots political activity by African Americans the Dixiecrats aimed to reclaim conservatives former preeminent position within the national Democratic Party and upset President Harry Truman s bid for reelection The Dixiecrats lost the battle in 1948 but as Kari Frederickson reveals the political repercussions of their revolt were significant Frederickson situates the Dixiecrat movement within the tumultuous social and economic milieu of the 1930s and 1940s South tracing the struggles between conservative and liberal Democrats over the future direction of the region Enriching her sweeping political narrative with detailed coverage of local activity in Alabama Louisiana Mississippi and South Carolina the flashpoints of the Dixiecrat campaign she shows that even without upsetting Truman in 1948 the Dixiecrats forever altered politics in the South By severing the traditional southern allegiance to the national Democratic Party in presidential elections the Dixiecrats helped forge the way for the rise of the Republican Party in the region **Writings on American History** , 1916

Thank you totally much for downloading **Southern Politics Since The Civil War**. Maybe you have knowledge that, people have seen numerous periods for their favorite books later this Southern Politics Since The Civil War, but stop in the works in harmful downloads.

Rather than enjoying a good eBook taking into consideration a mug of coffee in the afternoon, on the other hand they juggled gone some harmful virus inside their computer. **Southern Politics Since The Civil War** is manageable in our digital library; an online entrance to it is set as public thus you can download it instantly. Our digital library saves in compound countries, allowing you to get the most less latency times to download any of our books taking into consideration this one.
