Southern Sudan:

Economic Development of Southern Sudan Benaiah Yongo-Bure, 2007 Economic Development of Southern Sudan provides an overview of the Southern Sudanese economy and the main causes for the lack of development in the territory. The book suggests strategies and policies for greatly reducing poverty and initiating sustainable development in the territory. Yongo Bure outlines the significance of the resource base of Southern Sudan as well as the development programs of the first peace period 1972-1983. The prominent sectors analyzed include agriculture, industry, transport, education, health, energy, power, and trade. The exploration and exploitation of petroleum is highlighted. **Southern Sudan** Abel Alier, 1990

Sudan's "Southern Problem" Sebatso C. Manoeli, 2019-12-04 The book offers a history of the discourses and diplomacies of Sudan's civil wars. It explores the battle for legitimacy between the Sudanese state and Southern rebels. In particular, it examines how racial thought and rhetoric were used in international debates about the political destiny of the South. By placing the state and rebels within the same frame, the book uncovers the competition for Sudan's reputation. It reveals the discursive techniques both sides employed to elicit support from diverse audiences amidst the intellectual ferment of Pan-Africanism, the Cold War, and Black liberation politics. It maintains that the interplay of silences and articulations in both the rebels and the state's texts concealed and complicated aspects of the country's political conflict. In sum, the book demonstrates that the war of words waged abroad represents a strategic but often overlooked aspect of the Sudanese civil wars. A History of South Sudan Øystein H. Rolandsen, M. W. Daly, 2016-07-04 South Sudan is the world's youngest independent country. Established in 2011 after two wars, South Sudan has since reverted to a state of devastating civil strife. This book provides a general history of the new country from the arrival of Turco-Egyptian explorers in Upper Nile, the turbulence of the Mahdist revolutionary period, the chaos of the Scramble for Africa during which the South was prey to European and African adventurers and empire builders, to the Anglo-Egyptian colonial era. Special attention is paid to the period since Sudanese independence in 1956 when Southern disaffection grew into outright war from the 1960s to 1972 and from 1983 until the Comprehensive Peace of 2005 and to the transition to South Sudan's independence. The book concludes with coverage of events since then, which since December 2013 have assumed the character of civil war and with insights into what the future might hold. Sudan, South Sudan, and Darfur Andrew S. Natsios, 2012-03-23 A concise and illuminating account of the turbulent history, economics, and culture of Sudan, this timely book is essential for anyone who wants to know more about the complicated country and the changes to come with the independence of South Sudan in July 2011. **South Sudan** Kuyok Abol Kuyok, 2015-09-04 This is the first volume of the Biographical Dictionary of South Sudan, an ongoing research project begun in July 2001.
