

The Southern Railway Remembered

James Leslie Hepler

Southern Railway Remembered

RJ Alexander

Southern Railway Remembered:

The Southern Railway Remembered James Leslie Hepler, 2001 James L Hepler's first hand autobiographical story of railroading on the Southern's Washington Division He hired as a fireman in 1943 out of Alexandria Virginia Promoted to engineer he actually worked many different jobs for the Southern through his retirement in 1970 His many first hand accounts of how railroading really was on the Southern in the late steam and early diesel era written in an intelligent thoughtful and highly readable style make this an unusual look at this railway's North South mainline out the the Nation's capital Included are many excellent steam and early diesel locomotive photos mostly taken in the Washington DC area This book is of interest to Southern fans and to anyone interested in railroading in the steam and early diesel era **Southern Railway Handbook** Basil Knowlman Cooper, 1983 **Railway People** George Turner Smith, 2017-01-24 A railway is not just a collection of machines rails and buildings it is also about people Railway People tells of the wayward Bront brother Branwell and his extraordinary but short lived career as a station master It recounts some little known episodes in the lives of the great railway engineers including one concerning Isambard Brunel whose barmy army of navvies took part in the last pitched battle to be seen on British soil There are tales drawn from the diaries of the first railway police by turns humorous and gripping Much relate to railway's early days and describe the steep learning curve required of the world's first railwaymen as they engage with the novel technology By turn the stories are funny tragic and often surprising There is heroism in the mix the heroism of men such as 16 year old John Hackworth who led an expedition in winter across the snowy wastes of Russia to deliver the country's first steam locomotive to its purchaser Tsar Nicholas I fighting off packs of hungry wolves on the way There are twenty stories in total and all highlight some aspect of the lives of railway people with all their quirks faults mistakes genius and enterprise Much original research went into the production of these interesting informative stories Most of what appears was originally published in railway magazines such as Michael Blakemore's Backtrack and some was also published in an earlier incarnation of the book titled Those Railway People [Southern Railway Gallery](#) John Scott-Morgan, 2017-11-30 Southern Railway Gallery is the first volume in a new series of picture books designed to be of interest to railway historians and modellers The series subjects are themed to include an interesting mixture of useful historic illustrations depicting locomotives rolling stock and infrastructure Southern Railway Gallery covers the history of the Southern Railway from its beginnings in 1923 to nationalisation in 1948 covering most aspects of its fascinating history and operations The book looks at aspects of the Southern from the early years in the early 1920s when the company had old worn out stock on many of its lines through to the introduction of new modern rolling stock and the electrification of much of its network in Kent Sussex Surrey and parts of Hampshire The company operated an extensive rail and bus network on the Isle of Wight which covered the whole island and is well remembered to this day Although the Southern introduced a number of modern new steam classes its main goal was to electrify as much of the network as possible however this did not preclude

the company from introducing two classes of successful Pacific type locomotives in the 1940s The company owned and operated docks and harbours throughout its existence having an extensive fleet of ferries and cargo vessels some of which served with the Royal Navy in the Second World War as hospital ships The Southern also operated bus and road services which covered many areas not served by a local railway station on the system The Southern Railway ceased to exist at midnight on 31 December 1947 after a remarkable existence of twenty four years **Riding the Southern Through Time** Pasquale De Marco,2025-04-09 The Southern Railway also known as the Southern was an iconic American railroad that operated from 1894 to 1982 It played a vital role in the development of the Southern United States connecting major cities and rural communities alike In its heyday the Southern ran passenger trains freight trains and even special trains such as the Crescent Limited and the Birmingham Special This book takes readers on a comprehensive journey through the history of the Southern Railway from its humble beginnings to its rise to prominence to its eventual decline and merger with the Norfolk and Western Railway Along the way readers will learn about the railroad s impact on the region s economy culture and history They will also meet the people who made the Southern Railway what it was from the engineers and conductors to the passengers and shippers The book is divided into ten chapters each covering a different aspect of the Southern Railway s history Chapter topics include The Southern s legacy and impact on the development of the Southern United States The Southern s role in major historical events such as the Civil War and World War II The Southern s trains from steam locomotives to diesel engines The Southern s people from the engineers and conductors to the passengers and shippers The Southern s stations from grand terminals to small town depots The Southern s impact on American culture from literature and film to music and art The Southern s legacy today including the Norfolk Southern Railway and the Southern Railway Museum Whether you are a railroad enthusiast a history buff or simply someone who loves a good story *Riding the Southern Through Time* is a must read This book is a comprehensive and engaging account of one of America s most iconic railroads If you like this book write a review **Railway Times** ,1890 *Cause at Heart: A Former Communist Remembers* Junius Irving Scales,2019-08-17 Born in 1920 in Greensboro North Carolina Junius Scales whose great uncle had been governor of the state grew up in the privileged environment of his family s estate The only black people he knew were the servants Wanting to improve the lot of workers mainly African American he joined the Communist Party in 1939 while at the University of North Carolina seeing in the Party an opportunity to right the wrongs done to blacks and poor working people Scales rose quickly within the Party to coordinate civil rights and labor organizing activities in several Southern states He went underground when Party leaders were trailed and harassed by federal authorities In 1954 FBI agents arrested Scales in Memphis for violation of the Smith Act of 1940 The only American convicted solely for being a member of the Communist Party Scales would serve 15 months in prison before his 6 year sentence was commuted by President Kennedy in 1962 *Cause at Heart* follows Scales from his privileged southern upbringing through the awakening of his social conscience his civil and

labor rights work for the Party across the South his arrest and trials his disillusionment with the Party and his time in prison In a new afterword Barbara Scales who was 10 years old when her father went to prison recounts what it was like to be Junius Scales daughter It is the calm even voice of Junius Scales we hear in *Cause at Heart* this moving and memorable document It is the voice of a decent idealistic man who spent 18 years of his life in the Communist Party And we don't hear a false note he is telling us the truth as he reveals his illusions and delusions his weaknesses and his strengths his passionate belief in his party and the Soviet Union and all the nagging doubts as well He spares us nothing *Cause at Heart* is an intelligent rock honest memoir an interesting document that helps to explain in no small measure the tragic attraction the strange and hydra headed American Communist Party held for the many decent human beings who passed through its revolving doors William Herrick *The New York Times* Scales's political life is beautifully described in this well written book His scenes of prison life alone where he won respect from his fellow inmates and jailers alike make remarkable reading *Monthly Review* Compelling reading especially the discussions of Scales's arrest trials and prison experience interwoven as they are with his reevaluation of the Party *Journal of American History* An important and often moving account of the Communist Party's role in labor organizing and civil rights activities in the South during the 1940s Scales memoir succeeds in capturing the hope and enthusiastic dedication that motivated him and many of his compatriots the story of one individual's unending quest on behalf of human decency and justice Patricia Sullivan *Southern Changes* An engrossing saga Michal R Belknap *The Georgia Historical Quarterly* A book of unique perception and value It is must reading for anyone interested in the era of Joseph McCarthy *Choice* *A PATHOLOGIST REMEMBERS* Alan Mills, 2013-12-23 In parts a whimsical and entertaining story in others an informative guide by a knowledgeable and much respected professional in his field this highly readable portrayal of Alan Mills life and adventures is told in an appealing tone rooted in the history of the times and places where he has practised his craft A son of Southern Africa the author has enjoyed a privileged life of good fortune He has worked in Rhodesia now Zimbabwe England South Africa Australia and Ireland Pathology has been his life It was how he earned a living and in retirement has become his hobby In his autobiography he shares the highs and lows of his own long and interesting career in pathology in addition to a well researched guide to medical history A framework of great medical advances is linked to Nobel Laureates with comments on their lives The role of the pathologist in medical research is stressed The author has traced the evolution of human beings from earliest life forms through our ancestral African Eve in East Africa to the present day This development is coupled with genetic information relating to such things as oncogenes and how they relate to cancer and other diseases This enlightening book has an easy chatty style and is not without humour and a little poetry *Great Southern Railway*, 1878 **Broad Gauge Railways** Tim Bryan, 2018-05-31 Isambard Kingdom Brunel considered the Great Western Railway the finest work in England and he contributed many groundbreaking features none so unorthodox as the decision not to adopt the standard track gauge of 4ft 8 1/2in and instead introduce the new broad gauge of

7ft 1 4in Describing the rationale behind the choice of broad gauge and also the unique track and locomotives used this beautifully illustrated introduction to broad gauge railways chronicles the building of the original GWR between Bristol and London and the expansion of that original 112 mile main line into a network stretching across the West of England Wales and the Midlands It describes how the clash between broad and narrow led to the Battle of the Gauges and also provides a list of places to visit where broad gauge artefacts still survive

Eventually, you will no question discover a extra experience and execution by spending more cash. nevertheless when? complete you resign yourself to that you require to get those every needs considering having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more as regards the globe, experience, some places, behind history, amusement, and a lot more?

It is your no question own epoch to perform reviewing habit. accompanied by guides you could enjoy now is **Southern Railway Remembered** below.
