

The background of the cover is a romantic photograph of a man and a woman in a bedroom. The man, with dark hair, is wearing a tan suit jacket over a white shirt and is leaning towards the woman. The woman, with long brown hair, is wearing a light pink floral dress and is looking at the man. They are in a close embrace, nearly kissing. The room has red curtains, a window with greenery outside, and a bed with a blue blanket and a patterned pillow. In the top left corner, there is a yellow geometric shape containing the Harlequin logo and the word 'DESIRE'. The title 'Seduction, Southern Style' is written in large white letters across the middle, and the author's name 'CAT SCHIELD' is at the bottom.

The Civil War has long been described as a war pitting brother against brother The divided family is an enduring metaphor for the divided nation but it also accurately reflects the reality of America s bloodiest war Connecting the metaphor to the real experiences of families whose households were split by conflicting opinions about the war Amy Murrell Taylor provides a social and cultural history of the divided family in Civil War America In hundreds of border state households brothers and sisters really did fight one another while fathers and sons argued over secession and husbands and wives struggled with opposing national loyalties Even enslaved men and women found themselves divided over how to respond to the war Taylor studies letters diaries newspapers and government documents to understand how families coped with the unprecedented intrusion of war into their private lives Family divisions inflamed the national crisis while simultaneously embodying it on a small scale something noticed by writers of popular fiction and political rhetoric who drew explicit connections between the

ordeal of divided families and that of the nation Weaving together an analysis of this popular imagery with the experiences of real families Taylor demonstrates how the effects of the Civil War went far beyond the battlefield to penetrate many facets of everyday life
