Goldstein presents the first book length study of the development and meaning of Hegel's account of human flourishing This volume will be welcomed by philosophers and political theorists seeking to engage with the details of Hegel's early and mature social thought By bringing Hegel's earliest writings into dialogue with his *Philosophy of Right* Goldstein argues that Hegel's mature political philosophy should be understood as a response to his youthful failure to build a sustainable account of the good life upon the foundations of ancient virtue This study reveals how Hegel's mature response integrates ancient concerns for the well ordered life and modern concerns for autonomy in a new robust conception of selfhood that can be actualized across the full expanse of the modern political community

Works of Love Søren Kierkegaard, 2013-04-21 The various kinds and conditions of love are a common theme for Kierkegaard beginning with his early *Either/Or* through *The Diary of the Seducer* and *Judge William's* eulogy on married love to his last work on the changelessness of God's love. *Works of Love*, the midpoint in the series, is also the monumental high point because of its penetrating, illuminating analysis of the forms and sources of love. Love as feeling and mood is distinguished from works of love: love of the lovable from love of the unlovely, preferential love from love as the royal law, love as mutual egotism from triangular love and erotic love from self-giving love. This work is marked by Kierkegaard's Socratic awareness of the reader both as the center of awakened understanding and as the initiator of action. Written to be read aloud, the book conveys a keenness of thought and an insightful poetic imagination that make such an attentive approach richly rewarding. *Works of Love* not only serves as an excellent place to begin exploring the writings of Kierkegaard but also rewards many rereadings.

Paul Bambrick-Santoyo, Stephen Chiger, 2021-05-18 When our students enter middle and high school, the saying goes that they stop learning to read and start reading to learn. Then why is literacy still a struggle for so many of our students? The reality is that elementary school isn't designed to prepare students for *Othello* and *Song of Solomon*, so what do we do? *Love and Literacy* steps into the classrooms of extraordinary teachers who have guided students to the highest levels of literacy. There is magic in their teaching, but that magic is replicable. It starts with a simple premise: kids fall in love with texts when they understand them, and that understanding comes from the right knowledge and/or the right strategy at the right time. *Love and Literacy* dissects the moves of successful teachers and schools and leaves you with the tools to make these your own. Research-based best practices in facilitating discourse, building curriculum, guiding student comprehension and analysis, creating a class culture where literacy thrives, and more. Video clips of middle and high school teachers implementing these practices. An online/print-ready Reading and Writing Handbook that places every tool at your fingertips to implement effectively. Discussion questions for your own professional learning or book study group. Great reading is more than just liking books; it's having the knowledge, skill, and desire to experience any text in all its fullness. *Love and Literacy* guides you to create environments where students can build the will and wherewithal to truly fall in love with literacy. *Hilda, A Love*
