Fictions of Integration Naomi Lesley, 2017-03-03 This book examines how children's and young adult literature addresses and interrogates the legacies of American school desegregation. Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock, Arkansas, but also more insidious and less visible legacies such as re-segregation within schools through the mechanism of disability diagnosis. Novelizations of children's experiences with school desegregation comment upon the politics of getting African American children access to white schools, but more than this, as school stories, they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers. Lesley combines approaches from critical race theory, disability studies, and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems. The volume examines a range of titles from novels that directly engage the Brown v. Board of Education decision, such as Sharon Draper's *Fire From the Rock* and Dorothy Sterling's *Mary Jane*, to novels that engage less obvious legacies of desegregation, such as Cynthia Voigt's *Dicey's Song*, Sharon Flake's *Pinned*, Virginia Hamilton's *The Planet of Junior Brown*, and Louis Sachar's *Holes*. This book will be of interest to scholars of American studies, children's literature, and educational philosophy and history.

Essex County Overbrook Hospital Kevin R. Kowalick, Kathryn Cataldo, 2017-11-13 Essex County Overbrook Hospital details the history of this institution, which had its beginnings as an asylum. What was founded as the Essex County Lunacy Asylum evolved from a single building on South Orange Avenue to a city within itself in Cedar Grove. It was named the Essex County Overbrook Hospital. Construction began on the hospital's iconic brick buildings in 1896, and they were prominent features on Fairview Avenue for the next 100 years. The facility produced its own food, housed its own police and fire departments, and sustained its own power sources. The Essex County Overbrook Hospital was recognized throughout the world as a leader in psychiatric care. In later years, overcrowding began to plague the institution. However, after the advent of modern psychiatric drugs, many patients were able to be discharged back into the community. In 2007, the buildings were closed, and the hospital was relocated to a newer establishment nearby. The grounds have since been plagued with vandalism and neglect, with a final deal for demolition having been solidified in 2015.
