‘Sure you don’t want a lift?’

Samantha shook her head. ‘I need to walk off that pizza.’

Rebus put his hands in his pockets, felt folded banknotes beneath his handkerchief. He thought of offering her some money – wasn’t that what fathers did? – but she’d only laugh. She was twenty-four and independent; didn’t need the gesture and certainly wouldn’t take the money. She’d even tried to pay for the pizza, arguing that she’d eaten half while he’d chewed on a single slice. The remains were in a box under her arm.

‘Bye, Dad.’ She pecked him on the cheek.

‘Next week?’

‘I’ll phone you. Maybe the three of us ...?’ By which she meant Ned Farlowe, her boyfriend. She was walking backwards as she spoke. One final wave, and she turned away from him, head moving as she checked the evening traffic, crossing the road without looking back. But on the opposite pavement she half-turned, saw him watching her, waved her hand in acknowledgement. A young man almost collided with her. He was staring at the pavement, the thin black cord from a pair of earphones dribbling down his neck. Turn round and look at her, Rebus commanded. Isn’t she incredible? But the youth kept shuffling along the pavement, oblivious to her world.

And then she’d turned a corner and was gone. Rebus could only imagine her now: making sure the pizza box was

Un exmilitar entra en una escuela de un pueblo costero al norte de Edimburgo, mata a dos jóvenes y luego vuelve el arma contra sí mismo. En su investigación, el inspector Rebus descubre que el asesino y homicida tenía tanto amigos como enemigos en la comunidad y que el mismo Ejército estaba poniendo trabas a su investigación. Para colmo, Rebus es sospechoso de matar a un delincuente que ha estado acosando a su colega y más que amiga Siobhan Clarke. **Ian Rankin & Inspector Rebus** Craig Cabell, 2011-02. Packed with insightful interviews with Rankin, plotlines, story analysis, and a complete collector's guide, this fascinating accompaniment to a much-loved series will thrill both the initiated and the soon-to-be Detective John Rebus. First appeared in Ian Rankin's 1987 bestseller *Knots and Crosses* and has since gone on to appear in 17 books and numerous short stories, delighting readers and setting a benchmark in contemporary crime fiction. These notoriously gritty stories have been adapted into a television series; the public cannot get enough of this hard-drinking, no-nonsense complex detective. Although the fictional Inspector retired to the backwaters of Edinburgh's dark side in the 2007 novel *Exit Music*, the books endure. This book draws from extensive interviews with Rankin to explore the writer, his creation, and how their relationship has developed over the years. It also investigates the dark cellars and sinister back streets of Rebus, Edinburgh, a dark, foreboding city shattering any stereotypes of shortbread and kilts. Learn about the unusual connection between Rankin and Rebus, how the author was a punk musician and swineherd before becoming a writer, and why he was so inspired by fellow Scottish author Robert Louis Stevenson and his masterpiece *The Strange Case of Dr Jekyll and Mr Hyde*. *Sequels* Janet G. Husband, Jonathan F. Husband, 2009-07-30. A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series. *Crime Fiction in the City* Lucy Andrew, Catherine Phelps, 2013-04-15. *Crime Fiction in the City* expands upon previous studies of the urban space and crime by reflecting on the treatment of the capital city, a repository of authority, national identity, and culture within crime fiction. This wide-ranging collection looks at capital cities across Europe, from the more traditional centres of power, Paris, Rome, and London, to Europe's most northern capital, Stockholm, and also considers the newly devolved capitals, Dublin, Edinburgh, and Cardiff. The texts under consideration span the nineteenth-century city mysteries to contemporary populist crime fiction. The collection opens with a reflective essay by Ian Rankin and aims to inaugurate a dialogue between Anglophone and European crime writing to explore the marginalised works of Irish and Welsh

writers alongside established European crime writers and to interrogate the relationship between fact and fiction creativity and criticism within the crime genre **Resurrección** Ian Rankin, 2018-12-10 DECIMOTERCERA ENTREGA DE LA SERIE REBUS M S SUSPICAZ Y BRILLANTE QUE NUNCA Debido a su insubordinación Rebus es enviado a un centro de reeducación para policías. His investigation takes him north to the oil rigs of Aberdeen where he meets the Bible Johnny media circus head on. Suddenly caught in the glare of the television cameras and in the middle of more than one investigation Rebus must proceed with caution. change in the British cultural landscape Like much of the rest of British popular culture the detective novel became more and more ethnically diverse and populated by characters with increasingly varied religious backgrounds Ten essays examine the changing nature of British detective fiction focusing on the shifting view of otherness of such authors as Ruth Rendell Elizabeth George Peter Ackroyd Caroline Graham Christopher Brookmyer Denise Mina and John Mortimer Unlike their American counterparts British detective writers have been until recently overwhelmingly white and the essays here explore how these authors delve into ethnic diversity within a historically homogeneous culture Religion has also played an important role in the genre ranging from the moral certainty of the early part of the 20th century to the skepticism and hostility that is part of contemporary fiction How this transition was made and how it reflects the changing nature of British culture are detailed here

The Millennial Detective Malcah Effron, 2011-10-10 International in scope and varied in its theoretical approaches this collection of ten new critical essays examines the prevailing trends in recent crime fiction Of particular interest are shifting and increasingly globalized conceptions of crime as well as the genre's response to technological legal and social changes at the end of the 20th century Employing critical tools new to crime fiction studies the essays also gesture toward a future for genre scholarship

Focus Structure in Generative Grammar Carsten Breul, 2004-04-29 The notion of focus structure in this work refers to the distinction between categorizational and identificational sentences The central claim is that the syntactic representation of every sentence has to encode which of these types of focus structure is realized This claim is discussed in great detail with respect to syntax intonation and semantics within the framework of the Minimalist Program It is shown that the incorporation of focus structure into syntax offers new perspectives for a solution of vexing problems in syntax and semantics For example fronting preposing topicalisation is treated as a syntactic operation which clearly belongs to core grammar i e is not optional or stylistic the semantic notion of quantifier raising is dispensed with in favour of a focus structural treatment of phenomena which gave rise to it The book appeals to generative linguists and to functional linguists who do not believe in an unbridgeable gap between the formal and functional analysis of language
