The Ritual Abuse Controversy Mary de Young,2002-05-13 The ritual abuse of children is the most controversial issue in the child maltreatment field but much of what has been written about ritual abuse over the past twenty years is in the form of unpublished and endlessly reproduced stuff a curious mixture of conjecture folkloric and pop culture representations of satanism devil worship occultism and witchcraft and Christian Fundamentalist images of premillennarian evil What remains after this stuff is excluded is an intriguing body of international literature that seriously examines the controversy This annotated bibliography dissects the literature objectively and thoroughly annotates published articles books and reports legal opinions and occasionally thought provoking newspaper and magazine articles Chapters deal with the definition of ritual abuse ritual abuse cases in the United States cases in American families and neighborhoods cases in Canada Europe and Australasia clinical features of ritual abuse in children and adults the controversy s impact on professionals and systems the controversy and American law ritual abuse reports and narratives and anthropological folkloric and sociological perspectives

**Abusing Religion** Megan Goodwin,2020-07-17 Sex abuse happens in all communities but American minority religions often face disproportionate allegations of sexual abuse Why in a country that consistently fails to acknowledge much less address the sexual abuse of women and children do American religious outsiders so often face allegations of sexual misconduct Why does the American public presume to know what s really going on in minority religious communities Why are sex abuse allegations such an effective way to discredit people on America s religious margins What makes Americans so willing so eager to identify religion as the cause of sex abuse *Abusing Religion* argues that sex abuse in minority religious communities is an American problem not merely a religious one *Healing the Unimaginable* Alison Miller,2018-05-08 *Healing the Unimaginable* Treating Ritual Abuse and Mind Control is a practical task oriented instructional manual designed to help therapists provide effective treatment for survivors of these most extreme forms of child abuse and mental manipulation *Cult and Ritual Abuse* James Randall Noblitt,Pamela Perskin Noblitt,2014-07-15 This personal yet scholarly journey into the confusing and clandestine world of ritual abuse survivors sheds light on their catastrophic experiences and their efforts to heal afterward Revised updated and expanded this third edition of a classic study is one of the most authoritative and evenhanded volumes to tackle its hotly debated subject matter Incorporating the authors firsthand observations the book provides historical anthropological and psychological context for contemporary reports of both ritual abuse and ritual crime In addition to sharing patient vignettes and a history of cult and ritual abuse in society the authors explore fascinating topics related to these practices among them what triggers personality shifts for victims even many years after the abuse has stopped Importantly the book shows how ritual abuse affects society as a whole influencing civil and criminal law politics legislation social movements social welfare and psychological theory It provides unique insights into the scientific study forensic investigation and implementation of social services for survivors of cult and ritual abuse discusses

new research and treatment strategies and establishes the foundation for a psychological diagnosis to be called Cult and Ritual Trauma Disorder      **Satanic Ritual Abuse** Colin A. Ross,1995-01-01 Although Dr Ross has found no evidence of a widespread Satanic network he is open to the possibility that a certain percentage of his patients memories may be entirely or partially historically accurate In treatment he recommends that the therapist adopt an attitude hovering between disbelief and credulous entrapment      **Breaking the Circle of Satanic Ritual Abuse** Daniel Ryder,1992 The first comprehensive recovery book to address the issues surrounding satanic cult ritual abuse what it is what the signs are how to recover from it and what is being done to combat this growing problem      **The Quest for the Inner Human** Steven H. Propp,2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves      **Satanic Ritual Abuse** ,1992      **Violence and Abuse in Society** Angela Brownemiller Ph.D.,2012-08-17 Suitable for professionals students and lay readers alike this book provides an immensely informative profoundly moving and remarkably comprehensive look at the range and nature of violence and abuse by and of humans today Angela Browne Miller PhD is editor of this comprehensive and unique set of four volumes containing over 110 chapters from over 130 international experts with backgrounds in behavioral science social science law and medicine as well as researchers practitioners and lay persons with varied specialties These volumes cover the following areas reflected by their titles Volume One Fundamentals Effects and Extremes Volume Two Setting Age Gender and Other Key Elements Volume Three Psychological Ritual Sexual and

Kepner, 2013-06-17 This groundbreaking book presents a new model for working with survivors of abuse and other trauma The Healing Tasks Model based on developmental stages of healing with specific tasks for each stage offers the clinician new support for threading through the sometimes overwhelming complexities of the survivor s experience At the same time Kepner s model helps to avoid some of the common pitfalls and risks of work in this most challenging of clinical areas such as pushing clients to express and remember before they have developed the capacity to manage such intensity or encouraging confrontation and interpersonal interactions that the survivor doesn t yet have the developmental underpinnings to support Using the Healing Tasks Model the clinician will find techniques for helping clients develop emotional and systemic supports manage feelings and set appropriate boundaries Readers will also find a guide to dealing with the difficult and troubling issues of memory how to approach abuse memories when and how to take action based on abuse memories when to defer action pending the development of more supports and capacities for the survivor
