Knowing the Heart of the Father David Eckman, 2008 Maybe you re thirsting for a felt experience of the Bible s truth

Perhaps Christianity is irrelevant to where your heart is really at What if you could have an all encompassing sense that you have a loving heavenly Dad Have a sense of being enjoyed and delighted in by Him Recognize that He sees you differently than you see yourself Realize that who you are is more important to Him than what you do These four experiences are integral to biblical Christianity Discover what often stands in the way of them and how you can begin to know the heart of the Father in a deeper way as he works these realities into your life **Knowing You (Pictures of the Heart Book #3)** Tracie Peterson,2023-11-07

Could a captivating art exhibit hold the key to truth and love Budding artist May Parker is captivated by the Japanese exhibits at the Alaska Yukon Pacific Exposition and longs to know more about her mother s heritage which her mother refuses to speak of because of the heartache she left behind in Japan Wanting to experience more of the exhibits May works as a Camera Girl but her curiosity leads her into danger when a suit of samurai armor becomes the target of an elusive art forger After ten years apart May is reunited with her childhood friend Lee Munro a police detective assigned to keep a watchful eye on the exposition Their friendship immediately begins to blossom with hints of something more but when they become entangled in a dangerous heist involving the samurai armor and their love is threatened can they overcome the odds against them *Knowing with the Heart* Roy Clouser,2007-09-01

The famous scientist and philosopher Blaise Pascal memorably said that the heart has its reasons the mind will never know But too often it s forgotten that Pascal in referring to the heart s reasons was not talking about hunches or cozy feelings Instead he had in mind our intuitive knowledge of the first principles of number time space and motion And he believed God can be known in the same way so that belief in God has the same justification as scientific and mathematical principles Was he right In *Knowing with the Heart* Roy Clouser develops a broad compelling case for Pascal s position Against the current climate of religious relativism Clouser concludes that Christians are entitled to say they know God is real Written in clear and nontechnical language *Knowing with the Heart* is intended for believers concerned with the credentials of their faith and those who don t believe in God but are willing to investigate and reconsider MaCheri The Heart Will Know Jai Danglar, *A Heart to Know Him* Lynne

Kosky,2025-02-25 What does it mean to have a heart How does it feel when a heart fails and what does it take to recover In a world beset by never ending crises personal and collective local and global is heartlessness the only option From the Heart weaves together a personal narrative of a life threatening ailment with considerations of philosophy art and science to contemplate ultimate questions matters of life and death Jeffrey L Kosky recounts his brush with death the surgical repair of a congenital defect in his aortic valve his gradual recovery of everyday life and his struggle to find the heart to go on throughout it all To make sense of the experience he immerses himself in humanistic inquiry and medical science the histories of medicine cardiac surgery and knowledge of the human heart as well as the works of artists writers philosophers and theologians Writing about the experience of being human from the precarious position of his own woundedness Kosky shares hard earned perspectives on what matters most Combining moving memoir encounters with major authors and artists and heartfelt reflections on the big questions of existence this elegantly written book is at once erudite and powerful It shows us why the heart in physical emotional and metaphorical senses helps us come to terms with sickness and health dying and living **Know Your Real Risk of Heart Attack** Warrick Bishop,2018-03-19 A number of years ago something incredible an amazing coincidence happened that started Doctor Warrick Bishop on the mission to prevent heart attacks rather than try to cure them He was driving to work one day when he stopped at a commotion by the side of the road A fun runner had collapsed during a fun run with a heart attack He helped in his resuscitation only to find out that had seen the very same man two years earlier and reassured him that he was fine Warrick had missed the chance to make a difference and it nearly cost a life Based on risk calculation and the best practice of the time he shouldn t have been at high risk but he was This important question started him on a journey which meant he was open to looking more closely at new and emerging technology to help in being more precise about the risk of heart attack What if we could PLAN NOT to have a heart attack Heart attack is a layman s term referring to a narrowing or blockage of the coronary arteries that can kill or requires some form of medical intervention such as medication time in a hospital balloons or stents or coronary artery

bypass grafting As a cardiologist I have not yet met a patient who expected to have a problem patients do not put into their diaries possible problem with my heart next week Yet what if we could be forewarned about or prepared for a potential problem with our coronary arteries What if we were able to put in place preventative measures that may avert a problem What if we were able to take away the surprise of a heart attack occurring out of the blue and replace possible fear with prepared understanding
