Dragons may be extinct but the evil they fought isn't and it's stirring once more This is what the young scholar Alaric Thorne knows as he combs the Library of Alexandria for a glimmer of hope in the looming conflict He learns that although the dragons may be gone that doesn't mean they're truly lost forever Some part of them remains in the ruins of the city they died to protect buried and bound to a long lost artifact the Soulforge Amulet When Alaric sets out to uncover this powerful artifact he'll find that even benevolent power comes at a cost To claim it he must merge his body his mind and his very soul with what remains in the amulet He must become something more leaving his humanity behind to serve as a beacon of hope in this darkest hour Emerging from those ancient ruins Alaric has all the power he needs to protect his world from the coming darkness Yet will he be able to bear the cost of his power and the struggle of the coming trials If his newfound allies and friends prove true and trustworthy they may just be able to carry each other through and save not only their world but also each other *Heart Beats* Catherine Robson,2015-03-22 Many people in Great Britain and the United States can recall elderly relatives who remembered long stretches of verse learned at school decades earlier yet most of us were never required to recite in class *Heart Beats* is the first book to examine how poetry recitation came to assume a central place in past curricular programs and to investigate when and why the once mandatory exercise declined Telling the story of a lost pedagogical practice and its wide ranging effects on two sides of the Atlantic Catherine Robson explores how recitation altered the ordinary people who committed poems to heart and changed the worlds in which they lived *Heart Beats* begins by investigating recitation's progress within British and American public educational systems over the course of the nineteenth and twentieth centuries and weighs the factors that influenced which poems were most frequently assigned Robson then scrutinizes the recitational fortunes of three short works that were once classroom classics Felicia Hemans's *Casabianca* Thomas Gray's *Elegy Written in a Country Churchyard* and Charles Wolfe's *Burial of Sir John Moore after Corunna* To conclude the book considers W E Henley's *Invictus* and Rudyard Kipling's *If* asking why the idea of the memorized poem

arouses such different responses in the United States and Great Britain today Focusing on vital connections between poems individuals and their communities Heart Beats is an important study of the history and power of memorized poetry **The Children of the Night** Lucius Qayin,2023-12-27 In The Children of the Night the second installment in the Leclair Witch Chronicles the Leclair Sisters and The Enlightened face the Nocturna Sanguine a malevolent vampire coven and an ancient darkness threatening humanity The vampire coven led by the most powerful Lord Azagon descend upon unsuspecting towns leaving entire populations in peril and feed energy to The Grey Guided by mystical forces the Leclair Witches unearth the secrets of Aetherium a potent magical substance to confront the invincible vampire Lord Azagon As battles unfold sacrifices are made and secrets revealed the world teeters on the brink of darkness Can the Leclair Witches and their allies thwart the impending apocalypse or will humanity succumb to the relentless night The saga continues with unparalleled suspense in this captivating installment *Dragon Latitudes* Amy Campbell,2023-10-31 In the Dragon Latitudes the line between human and beast is about to blur Elazar can fix anything on the dragon hunting airship Tempest with a wrench and a touch of his unusual magic He prefers gears to gore but when a fall from the airship reveals a shocking truth he is the very creature his crew hunts his carefully crafted world shatters With the help of a fiercely loyal mage and a snarky opal dragon Elazar must master his unwanted wings as he hunts for a cure But with a prophecy on his tail embracing his inner dragon may be Elazar's only shot at survival Dragon Latitudes the first book in the Airship Dragons series is a fantasy adventure where the lines between human and dragon blur exploring identity acceptance and the power of choice in a world of steampunk tech and danger Magic Dragons Betrayal This is Dragon Latitudes Get your copy today *Clinical EFT Handbook Volume 2* Dawson Church,Stephanie Marohn,2013-06-30 EFT Emotional Freedom Techniques is used by an estimated 10 million people worldwide Yet a lack of standardization has led to a field in which dozens of forms of EFT with varying degrees of fidelity to the original can be found This led to the establishment of Clinical EFT the form of EFT taught in the original EFT Manual and associated materials and validated in over 20 clinical trials In this volume the most noted scholars researchers and clinicians in the field compile a definitive outline of the EFT protocol as it is applied in medicine psychiatry psychotherapy and life coaching This volume covers Integrative Medical Settings Special Populations such as Children Veterans Addicts Sports and Business Performance Innovations in EFT These handbooks are essential reading for anyone wishing to understand EFT as validated in research science and best clinical practice Beyond the Shattered Veil Pasquale De Marco,2025-05-10 In the pages of Beyond the Shattered Veil we venture beyond the mundane into a realm of mystery and enchantment This captivating book invites us to explore the hidden dimensions of consciousness where ancient prophecies intertwine with cosmic energies As we journey through this ethereal landscape we encounter enigmatic guardians and otherworldly beings who guide and challenge our perceptions The boundaries between reality and fantasy blur revealing the interconnectedness of all things Through trials and tribulations we discover the resilience of the human spirit Ancient wisdom and modern

A New York Knight Carson M. Berger, 2020-09-01

Geoffrey A C Lakson Knight of New York is a problem solver who must ensure that two separate yet conjoined worlds of great and terrible magic do not mix While running his private detective business Lakson does his best to keep the magical and mortal worlds apart despite the fact that he despises his duty with every fiber of his being When NYPD Detective Matilda Moran calls Lakson to the scene of a Wall Street massacre he notices that the goblin word for debt has been written in blood on a wall Certain that whoever committed the brutal murders will not stop Lakson has no choice but to fulfill his charge once more After he pledges to hold the person accountable for such a blatant and savage disregard of the Unwritten Laws Lakson is pulled into a web of greed betrayal lust and above all else murder But when all is said and done will he find redemption and growth or will he have already sacrificed too much to change A New York Knight is the story of a man broken by time and circumstance who must fulfill a duty he despises all while keeping his inner demons at bay The Gossamer Plain

Thomas M. Reid, 2010-01-26 Join everyone's favorite succubus and her half fiend boyfriend introduced in the War of the Spider Queen series in the first installment of their own exciting trilogy Aliisza and Kaanyr Vhok return from their attempted invasion of Menzoberranzan feeling the sting of defeat No sooner have they licked their wounds than they have set their sights on a different quest conquer Sundabar one of the wealthiest military cities in Faer n and the home of Vhok's foe But before Aliisza can complete her mission in that besieged city she finds herself in the one place a demon would never want to go no matter how sure she is of her wits and cunning the very heart of Celestia Trapped beyond the gates of heaven Aliisza reflects upon her past a past riddled with selfishness and crime and begins to see the error of her ways As she learns more about herself coming more fully into her own she finds allies where she least expects Chemical Kinetics and Transport

Peter Jordan, 2012-12-06 This book began as a program of self education While teaching under graduate physical chemistry I became progressively more dissatisfied with my approach to chemical kinetics The solution to my problem was to write a detailed set of lecture notes which covered more material in greater depth than could be presented in undergraduate physical chemistry These notes are the foundation upon which this book is built My background led me to view chemical kinetics as closely related to transport phenomena While the relationship of these topics is well known it is often ignored except for brief discussions of irreversible thermodynamics In fact the physics underlying such apparently dissimilar processes as reaction and energy transfer is not so very different The intermolecular potential is to transport what the potential energy surface is to reactivity Instead of beginning the sections devoted to chemical kinetics with a discussion of various theories I have chosen to treat phenomenology and mechanism first In this way the essential unity of kinetic

arguments whether applied to gas phase or solution phase reaction can be emphasized Theories of rate constants and of chemical dynamics are treated last so that their strengths and weaknesses may be more clearly highlighted The book is designed for students in their senior year or first year of graduate school A year of undergraduate physical chemistry is essential preparation While further exposure to chemical thermodynamics statistical thermodynamics or molecular spectroscopy is an asset it is not necessary
