Redemption Christopher Tenney, 2012-04-01. A young rogue vampire tries to buy his way back into heaven by all the wrong ways. He falls in love along the way and has to make a tough decision: Will he choose his soul? Or will he gamble with love? What the Hell's Wrong with America Dr. Lune A. Teek, 2021-10-19. What The Hell's Wrong With America is a book about well, what the hell's wrong with America. It is the author's contention that the one thing that causes more acrimonious intent, thoughts, and acts than anything anyone can point to is race. Are you black or white? What makes you black or white? How did you become Hispanic? How did you become an Arab, even if you've never been to Saudi Arabia? The answers may not be what you think. According to the author, this is due to the lack of the average man and woman's understanding of the truth about what race is and what race is not. The author contends that as long as people keep referring to themselves as what they are referring to themselves as, this country as well as the world will never experience the peace and prosperity they profess to want. The author states: Everyone wants to have a conversation about race, but no one wants to consider that both sides

will be starting and engaging in dialogue with false premises In short lies In this book you will be asked powerful common sense questions about race that in the author s words you have never been asked before The author goes on to examine effective problem solving the importance of having not just knowledge but correct knowledge what evil is as well as the different forms that it manifests itself in and how evil relates to the context of race as we have been taught to perceive it the fictitious cultures both black and white people have created in an effort to solidify their concepts of these void constructs of black and white and a lot more The author started this book in 2015 at the height of civil unrest following several incidents of unarmed black men who were killed by police In Chapter Five the book explains how not to be killed during or at the end of a police interaction There s even a LGBTQ section dealing with the author s views and insights on gay marriage While the author states that the instructions given in this chapter may not be feasible for everyone the chapter is a must read And even though the author states that there will be secrets left untold it will be impossible for you to leave this book without a commitment to reexamine everything you have been taught Starting with race This book is a must read if you have been seeking insights on the truth about an issue that has in one way or another touched us all Is America divided Yes But it doesn t have to be Read this book to understand how we got that way and what we can do to stop being that way This book goes a long way to help one understand What The Hell s Wrong With America And that s a good thing *A God Beyond Belief* Lance Moore,2019-12-14 Something Has Gone Terribly Wrong We face a spiritual crisis but the extremes of religious fundamentalism on one hand and scientific atheism on the other offer no cure Scepticism is soaring especially among Millennials Daily we read of scandals among our politicians priests and Hollywood stars Mass shootings are epidemic yet entertainment media glorifies violence Drugs not religion as Karl Marx claimed are now the opiate of the masses Christian TV preachers use donations to purchase private jets and mansions while children starve The White House has claimed that Truth is not the truth Our leaders and institutions have lost all moral authority A common religious response to crisis is to thump the Bible harder and louder This book challenges us to go beyond a simple childish belief Dr Lance Moore offers an intelligent faith rooted in a respect for Scripture while taking a fresh look at calcified orthodoxies He invites readers to embrace paradox in Spirituality and in Science to rediscover God for our Quantum Age **The Best Science Fiction of the Year** Neil Clarke,2020-10-06 From Hugo Award Winning Editor Neil Clarke the Best Science Fiction Stories of the Year Collected in a Single Paperback Volume Keeping up to date with the most buzzworthy and cutting edge science fiction requires sifting through countless magazines e zines websites blogs original anthologies single author collections and more a task that can be accomplished by only the most determined and voracious readers For everyone else Night Shade Books is proud to present the latest volume of The Best Science Fiction of the Year a yearly anthology compiled by Hugo and World Fantasy Award winning editor Neil Clarke collecting the finest that the genre has to offer from the biggest names in the field to the most exciting new writers The best science fiction scrutinizes our culture and politics examines the limits of the human
