The Hidden Face of Manet Juliet Wilson Bareau, Édouard Manet, 1986 **The Hidden Face of Manet** Juliet Wilson Bareau, 1986 **Perspectives on Manet** Therese Dolan, 2017-07-05 Bringing forth fresh perspectives on Manet's art by established scholars this volume places this compelling and elusive artist's painted oeuvre within a broader cultural context and links his artistic preoccupations with literary and musical currents Rather than seeking consensus on his art through one methodology or focusing on one crucial work or period this collection investigates the range of Manet's art in the context of his time and considers how his vision has shaped subsequent interpretations Specific essays explore the relationship between Manet and Whistler Emile Zola's attitude toward the artist Manet's engagement with moral and ethical questions in his paintings and the heritage of Charles Baudelaire and Clement Greenberg in critical responses to Manet Through these and other analyses this volume illuminates the scope of Manet's career and indicates the crucial position the artist held in generating a modernist avant garde aesthetic **Manet's Silence and the Poetics of Bouquets** James Henry Rubin, Édouard Manet, 1994 Rubin also examines Manet's relationship to three of the leading critics of his day Baudelaire Zola and Mallarmé giving special attention to Mallarmé's appreciation and eventual use in his own poetry of the paradox between immersion and externality in Manet's oeuvre Finally the book uses the image of the bouquet to exemplify Manet's creative poetics through an exploration of his still life **Hidden Face of Manet, an Investigation of the Artist's Working Process**, 1986 *Twelve Views of Manet's Bar* Bradford Collins, 2021-01-12 Bradford Collins has assembled here a collection of twelve essays that demonstrates through the interpretation of a single work of art the abundance and complexity of methodological approaches now available to art historians Focusing on Manet's *A Bar at the Folies Bergère* each contributor applies to it a different methodology ranging from the more traditional to the newer including feminism Marxism Lacanian psychoanalysis and semiotics By demonstrating the ways that individual practitioners actually apply the various methodological insights that inform their research *Twelve Views of Manet's Bar* serves as an excellent introduction to critical methodology as well as a provocative overview for those already familiar with the current discourse of art history In the process of gaining new insight into Manet's work and into the discourse of methodology one discovers that it is not only the individual painting but art history itself that is under investigation An introduction by Richard Shiff sets the background with a brief history of Manet scholarship and suggestions as to why today's accounts have taken certain distinct directions The contributors selected to provide a broad and balanced range of methodological approaches include Carol Armstrong Albert Boime David Carrier Kermit Champa Bradford R Collins Michael Paul Driskel Jack Flam Tag Gronberg James D Herbert John House Steven Z Levine and Griselda Pollock **Manet's Modernism** Michael Fried, 1996 Fried put forward a highly original beholder centered account of the evolution of a central tradition in French painting from Chardin to Courbet P 4 of cover *Art in an Age of Civil Struggle, 1848-1871* Albert Boime, 2008-09-15 From the European revolutions of 1848

through the Italian independence movement the American Civil War and the French Commune the era Albert Boime explores in this fourth volume of his epic series was in a word transformative The period which gave rise to such luminaries as Karl Marx and Charles Darwin was also characterized by civic upheaval quantum leaps in science and technology and the increasing secularization of intellectual pursuits and ordinary life In a sweeping narrative that adds critical depth to a key epoch in modern art s history *Art in an Age of Civil Struggle* shows how this turbulent social environment served as an incubator for the mid nineteenth century s most important artists and writers Tracing the various movements of realism through the major metropolitan centers of Europe and America Boime strikingly evokes the milieus that shaped the lives and works of Gustave Courbet Edouard Manet mile Zola Honor Daumier Walt Whitman Abraham Lincoln and the earliest photographers among countless others In doing so he spearheads a powerful new way of reassessing how art emerges from the welter of cultural and political events and the artist s struggle to interpret his surroundings Boime supports this multifaceted approach with a wealth of illustrations and written sources that demonstrate the intimate links between visual culture and social change Culminating at the transition to impressionism *Art in an Age of Civil Struggle* makes historical sense of a movement that paved the way for avant garde aesthetics and more broadly of how a particular style emerges at a particular moment

Principles of Art History Writing David Carrier,1991 *Principles of Art History Writing* traces the changes in the way in which writers about art represent the same works These differ in such deep ways as to raise the question of whether those at the beginning of the process even saw the same things as those at the end did Carrier uses four case studies to identify and explain changing styles of restoration and the history of interpretation of selected works by Piero Caravaggio and van Eyck Back cover

Working Girls Katherine Mullin,2016 *Working Girls* offers a cultural and literary history of telegraphists typists shop girls and barmaids It argues that these occupations helped to shape a distinctively new identity for emancipated young women and explores how authors used this to navigate a precarious literary landscape

"French Paintings of Childhood and Adolescence, 1848?886 " Anna Green,2017-07-05 The premise of Anna Green s timely and original book is that nineteenth century representations of childhood and adolescence in paintings but also in other forms of visual culture and in diverse written discourses of the period are critical for understanding modernity Whilst such well worn signifiers for modernity as the city the dandy and the prostitute have been well mined childhood and adolescence have not Paintings of the young produced in France from 1848 to 1886 Green contends inform not only our understanding of modern life but also our perception of modernist or avant garde painting Figuring largely are Manet and the Impressionists as well as a gamut of more traditional painters of children who are crucial in providing context for the avant garde Because modernity is an essentially urban phenomenon Green s focus is

primarily on the city usually Parisian child The painted youth of her study are organized initially by class and gender Then the chapters are structured according to themes parent child relations modes of discipline work education and play the spectacle sexuality that straddle the congruences among the book s triple trajectory the young their modernist representations and the experience of modernity Green s interdisciplinary approach ensures that this book will be of interest not only to art historians but to all those concerned with the cultural and social history of childhood

The Judgment of Paris Ross King, 2012-01-11 Another fascinating book by the author of Brunelleschi s Dome and Michelangelo and the Pope s Ceiling a saga of artistic rivalry and cultural upheaval in the decade leading to the birth of Impressionism If there were two men who were absolutely central to artistic life in France in the second half of the nineteenth century they were Edouard Manet and Ernest Meissonier While the former has been labelled the Father of Impressionism and is today a household name the latter has sunk into obscurity It is difficult now to believe that in 1864 when this story begins it was Meissonier who was considered the greatest French artist alive and who received astronomical sums for his work while Manet was derided for his messy paintings of ordinary people and had great difficulty getting any of his work accepted at the all important annual Paris

Salon Manet and Meissonier were the Mozart and Salieri of their day one a dangerous challenge to the establishment the other beloved by rulers and the public alike for his painstakingly meticulous oil paintings of historical subjects Out of the fascinating story of their parallel careers Ross King creates a lens through which to view the political tensions that dogged Louis Napoleon during the Second Empire his ignominious downfall and the bloody Paris Commune of 1871 At the same time King paints a wonderfully detailed and vivid portrait of life in an era of radical social change When Manet painted *Dejeuner sur l'herbe* or *Olympia* he shocked not only with his casual brushstrokes but with his subject matter top hatted white collar workers and their mistresses were not considered suitable subjects for Art Ross King shows how benign as they might seem today these paintings changed the course of history The struggle between Meissonier and Manet to see their paintings achieve pride of place at the Salon was not just about artistic competitiveness it was about how to see the world Full of fantastic tidbits of information and a colourful cast of characters that includes Baudelaire Courbet and Zola with walk on parts for Monet Renoir Degas and Cezanne The Judgment of Paris casts new light on the birth of Impressionism and takes us to the heart of a time in which the modern French identity was being forged

Impressionism John House, 2004-01-01 A new perspective on Impressionist art that offers revealing fresh interpretations of familiar paintings In this handsome book a leading authority on Impressionist painting offers a new view of this admired and immensely popular art form John House examines the style and technique subject matter and imagery exhibiting and marketing strategies and social political and ideological contexts of Impressionism in light of the perspectives that have been brought to it in the last twenty years When all of these diverse approaches are taken into account he argues Impressionism can be seen as a movement that challenged both artistic and political authority with its uncompromisingly modern subject matter and its determinedly secular worldview Moving from the late 1860s to the early 1880s House analyzes the paintings and career strategies of the leading Impressionist artists pointing out the ways in which they countered the dominant conventions of the contemporary art world and evolved their distinctive and immediately recognizable manner of painting Focusing closely on the technique composition and imagery of the paintings themselves and combining this fresh appraisal with recent historical studies of Impressionism House explores how pictorial style could generate social and political meanings and opens new ways of looking at this luminous art

Impressionism Robert L. Herbert, 1988-01-01 Examines the use of cafes opera houses dance halls theaters racetracks and the seaside in impressionist French paintings
