between the visual and spatial sensibility of these images and his architectural designs It also offers a fresh analysis of Latrobe within the context of creative practice in the Atlantic world at the end of the eighteenth century as he explored contemporary ideas concerning the form of art for Republican society and the social impacts of revolution Published by University of Delaware Press Distributed worldwide by Rutgers University Press *The Enrich English Course Workbook 7*

H. Auden's Interwar Poetry Ladislav Vít,2021-12-14 This is the first book length study foregrounding Auden's sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition Precisely because of his stature these elaborations on Auden's preoccupation with places escapism borders and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry interwar culture and the literary representation of space *InfoWorld* ,1981-01-19 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects
