From the undead corpse of the medieval tradition to the transparent forms of photographic film to the infrared and thermal images that now populate reality television, the paranormal has literally changed shape over the centuries. In *Poetics of the Paranormal*, Kevin Chabot articulates the idea of spectrality, demonstrating how the paranormal is far from a stable metaphysical category; it is a dynamic and historically contingent discourse, the contours of which shift over time. Specific media, Chabot argues, present the ghost in distinct ways that emphasize the ghostly qualities of the medium and conversely the technological qualities of the ghost. Through detailed analyses of nineteenth-century spirit photography, horror films, ghost hunting, reality television, and the viral internet phenomenon Slender Man, Chabot shows how the paranormal both shapes and is shaped by media. Exploring key historical shifts in contemporary media while providing a rich and novel theoretical framework, *Poetics of the Paranormal* addresses with renewed rigour the relationships between media, perception, temporality, and the elusive concept of the evidential.

Horror Fiction in the 20th Century Jess Nevins, 2020-01-07 Providing an indispensable resource for academics as well as readers interested in the evolution of horror fiction in the 20th century, this book provides a readable yet critical guide to global horror fiction and authors. *Horror Fiction in the 20th Century* encompasses the world of 20th-century horror literature and explores it in a critical but balanced fashion. Readers will be exposed to the world of horror literature, a truly global phenomenon during the 20th century. Beginning with the modern genre's roots in the 19th century, the book proceeds to cover 20th-century horror literature in all of its manifestations, whether in comics, pulps, paperbacks, hardcover novels, or mainstream magazines, and from every country that produced it. The major horror authors of the century receive their due, but the works of many authors who are less well known or who have been forgotten are also described and analyzed. In addition to providing critical assessments and judgments of individual authors and works, the book describes the evolution of the genre and the major movements within it. *Horror Fiction in the 20th Century* stands out from its competitors and will be of interest to its readers because of its informed critical analysis, its unprecedented coverage of female authors and writers of color, and its concise historical overview. **The World's Most Mysterious Places** Lionel Fanthorpe, Patricia

of translations and of young adult and children's books *The Scary Screen* Kristen Lacefield, 2016-02-17 In 1991 the publication of Koji Suzuki's *Ring* the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the *Ring* phenomenon *The Scary Screen* locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection's power comes from its commitment to the full range of *Ring* related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the *Ring* narrative from author to author from medium to medium and from Japan to Korea to the United States *Penelope Fitzgerald and the Consolation of Fiction* Christopher Knight, 2016-09-13 Christopher J Knight's *Penelope Fitzgerald and the Consolation of Fiction* is a study of the British author Penelope Fitzgerald 1916-2000 attending to her nine novels especially as viewed through the lens both of late style she published her first novel *The Golden Child* at age sixty and in her words of consolation that is for doubts and fears as well as for naked human loss As in Shakespeare's late religiously inflected romances the two concerns coincide and Fitzgerald's ostensible comedies are marked by a clear experience of the tragic and the palpable sense of a world that verges on the edge of indifference to human loss Yet Fitzgerald her late age pessimism notwithstanding seeks with the aid of her own religious understandings in each of her novels to wrestle meaning consolation and even comedy from circumstances not noticeably propitious Or as she herself memorably spoke of her own deepest convictions I can only say that however close I've come by this time to nothingness I have remained true to my deepest convictions I mean to the courage of those who are born to be defeated the weaknesses of the strong and the tragedy of misunderstandings and missed opportunities which I have done my best to treat as a comedy for otherwise how can we manage to bear it The recipient of Britain's Booker Prize and America's National Book Critics Circle Award Penelope Fitzgerald's reputation as a novelist and author more generally has grown since her death significantly to the point that she is now widely judged one of Britain's finest writers comparable in worth to the likes of Jane Austen George Eliot and Virginia Woolf *Gothic Writers* Douglass H. Thomson, Jack G. Voller, Frederick S. Frank, 2001-11-30 With its roots in Romanticism antiquarianism and the primacy of the imagination the Gothic genre originated in the 18th century flourished in the 19th and continues to thrive today This reference is designed to accommodate the critical and bibliographical needs of a broad spectrum of users from scholars seeking critical assistance to general readers wanting an introduction to the Gothic its abundant criticism and the present state of Gothic Studies The

volume includes alphabetically arranged entries on more than 50 Gothic writers from Horace Walpole to Stephen King. Entries for Russian, Japanese, French, and German writers give an international scope to the book, while the focus on English and American literature shows the dynamic nature of Gothicism today. Each of the entries is devoted to a particular author or group of authors whose works exhibit Gothic elements, beginning with a primary bibliography of works by the writer, including modern editions. This section is followed by a critical essay which examines the author's use of Gothic themes, the author's place in the Gothic tradition, and the critical reception of the author's works.
