God In Number 10 Mark Vickers,2022-10-20 Mark Vickers has given us a wonderful new reference book of the beliefs and non beliefs of 20th century PMs a meaty volume that can also be consumed as a social history of British religion THE TELEGRAPH This carefully researched and well written study reveals the religious faith of our Prime Ministers or lack of it in vivid colours Prepare to be shocked and surprised as the author lays bare their souls SIR ANTHONY SELDON Mark Vickers acclaimed volume on the faith of the twentieth century Prime Ministers casts a new perspective on these holders of the highest political office in the realm While there are biographies aplenty on the 18 men and 1 woman who took up residence behind the famous black door it is notable that that many of these works fail to reflect an important sometimes the most important aspect of the life of their subject God in Number 10 rectifies this omission offering intriguing insights into Margaret Thatcher's legendary Sermon on the Mound Tony Blair's perception of Jesus as a modernizer Arthur Balfour's recourse to spiritualism Stanley Baldwin's mystical experiences and Winston Churchill's involvement with astrology The book considers the role of religion generally in the political classes of the period the reasons for the declining influence of faith in the public forum and the relationship between Church and State The families of H H Asquith Bonar Law Ramsay MacDonald Neville Chamberlain Harold Macmillan Alec Douglas Home and Harold Wilson have all expressed their support for God in Number 10 and where able helped in the research while John Major has assisted fully *Allies at Odds* Eugenie M. Blang,2011-04-16 *Allies at Odds* examines America's Vietnam policy from 1961 to 1968 in an international context by focusing on the United States relationship with its European partners France West Germany and Great Britain The European response to America's Vietnam policy provides a framework to assess this important chapter in recent American history within the wider perspective of international relations Equally significant the respective approaches to the Vietnam question by the Europeans and Americans reveal the ongoing challenge for nation states of transcending narrowly defined state

centered policies for a global perspective pursuant of common goals among the trans Atlantic allies Blang explores the failure of France West Germany and Great Britain to significantly influence American policy making *After Number 10*. Theakston,2010-05-07 Having lost an election been thrown out by their party or retired on grounds of ill health what do former British prime ministers do In the first book to look at the lives political roles and influence of former prime ministers Theakston analyzes all the former prime ministers from Walpole in the 18th century to Blair today **British Conservative Leaders** Charles Clarke,Toby S. James,Tim Bale,Patrick Diamond,2025-09-30 As the party that has held power more times than any other the Conservatives have played a crucial role in the shaping of British society And yet the leaders who have stood at its helm from Sir Robert Peel to Rishi Sunak via Winston Churchill and Margaret Thatcher have steered the party vessel with enormously varying degrees of success particularly latterly when the short but destructive tenures of Boris Johnson and Liz Truss did much to damage the party s reputation for competence The requirements techniques and goals of Conservative leadership since the party s nineteenth century factional breakaway have been forced to evolve almost beyond recognition and not all its leaders have managed to keep up This comprehensive and enlightening book now fully updated with chapters on all Conservative leaders up to Rishi Sunak and an assessment of the party s leadership in relation to Brexit considers the attributes and achievements of each leader in the context of their respective time and diplomatic landscape Offering a compelling analytical framework by which they may be judged it also provides detailed personal biographies from some of the country s foremost political critics and exclusive interviews with former leaders themselves An indispensable contribution to the study of party leadership *British Conservative Leaders* is the essential guide to understanding British political history and governance The Brief and Turbulent Life of Modernising Conservatism Stuart Mitchell,2008-12-18 *The Brief and Turbulent Life of Modernising Conservatism* is an examination of government tensions and frustrations during a time of economic and social flux It concentrates on the development of domestic industrial policy in the Conservative Party between 1945 and 1964 with particular emphasis on Harold Macmillan s and Sir Alec Douglas Home s administrations Between the general elections of 1959 and 1964 the Conservative Government effected a series of striking and dangerously controversial policy transformations in response to its recognition of Britain s relative economic decline These adjustments were both practical and strategic The administration s aim was extraordinarily ambitious It sought to fashion a recognisably modern and dynamic yet socially stable nation that could retain its place in the international lite Thereby the Party hoped to ensure its own continuation in power The author considers policy innovations that included an ill starred attempt to join the European Community the development of macro economic planning and the abolition of resale price maintenance an exploit which roused the Tory Party to unusual heights of passion The book does not simply regurgitate an orthodox high political narrative Instead it investigates topics of interest to modern historians and political scientists alike It will be of value to anyone interested in questions of modern political ideology social and economic change the nature of popular political

support or the constraints on state power in the post war world **Little, Brown Book of Anecdotes** Clifton Fadiman, 2009-10-31 Fadiman may do for the anecdote what Bartlett did for the quotation A thoroughly entertaining and useful reference source School Library Journal Along with an introduction an index of themes and a bibliography this A to Z collection includes anecdotes about over two thousand famous people from Alexander the Great to Muhammad Ali An enjoyable journey through history and popular culture it offers a blend of biographical tidbits with words of wisdom and just plain funny stories Tailor made for speech writers in search of the right story for a special occasion or for those who enjoy browsing among quotes from our brightest wordsmiths People **A History of Zimbabwe, 1890-2000 and Postscript, Zimbabwe, 2001-2008** Chengetai J.
