Women's History of the Christian Church Elizabeth Gillan

Muir,2019-01-01 Tracing two thousand years of female leadership influence and participation Elizabeth Gillan Muir examines the various positions women have filled in the church From the earliest female apostle and the little known stories of the two Marys the Virgin Mary and Mary Magdalene to the enlightened duties espoused by the nun the abbess and the anchorite and the persecutions of female witches Muir uncovers the rich and often tumultuous relationship between women and Christianity Offering broad coverage of both the Catholic and Protestant traditions and extending geographically well beyond North America A Women s History of the Christian Church presents a chronological account of how women developed new sects and new churches such as the Quakers and Christian Science The book includes a timeline of women in Christian history over 25 black and white illustrations a glossary and a list of primary and secondary sources to complement the content in each chapter The Medieval and Early Modern Garden in Britain Patricia Skinner,Theresa Tyers,2018-04-09

What was a garden in medieval and early modern British culture and how was it imagined How did it change as Europe opened up to the wider world from the 16th century onwards In a series of fresh approaches to these questions the contributors offer chapters that identify and discuss newly discovered pre modern garden spaces in archaeology and archival sources recognize a gendered language of the garden in fictional descriptions fictional here being taken to mean any written text regardless of its purpose and offer new analysis of the uses to which gardens real and imagined might be put Chapters investigate the definitions forms and functions of physical gardens explore how the material space of the garden was gendered as a secluded space for women and as a place of recreation examine the centrality of garden imagery in medieval Christian culture and trace the development of garden motifs in the literary and artistic imagination to convey the sense of enclosure transformation and release The book uniquely underlines the current environmental turn in the humanities and increasingly recognizes the value of exploring human interaction with the landscapes of the past as a route to health and well being in the present **Six Scottish Courtly and Chivalric Poems, Including Lyndsay's Squyer Meldrum** Rhiannon

Purdie,Emily Wingfield,2018-09-30 These six poems explore some of the courtly and chivalric themes that preoccupied late medieval Scottish society The volume includes Sir David Lyndsay s Historie and Testament of Squyer Meldrum as well as his Answer to the Kingis Flyting and three anonymous fifteenth century poems Balletis of the Nine Nobles Complaint for the Death of Margaret Princess of Scotland and Talis of the Fyve Bestes The Book of Margery Kempe Margery Kempe,2004

This volume presents the original text in a form accessible to modern readers with on page glossing and a glossary of common words The text is also accompanied by on page annotation and commentary setting Kempe s life in the social political and spiritual context of her time A Woman in History Maxine Berg,1996-03-29 A compelling 1996 intellectual

biography of Eileen Power a major British historian who once ranked alongside Tawney Trevelyan and Toynbee Medieval English Nunneries C. 1275 to 1535 Eileen Power, 1922 **Medieval English Nunneries c. 1275 to 1535** Eileen Power, 2019-11-21 Eileen Power's *Medieval English Nunneries c 1275 to 1535* offers a groundbreaking exploration of the socio-economic and spiritual lives of English nuns during a transformative period in medieval history. Power meticulously examines a wealth of primary sources, blending rigorous historical analysis with vivid narrative flair to illuminate the complex roles that nunneries played in their communities. Through her discerning lens, she captures the tensions between monastic life and the encroaching influences of the Reformation, situating the nuns not merely as passive agents but as active participants in contextual power dynamics, particularly in the face of an evolving England. Eileen Power, a pioneer in the field of women's history and medieval studies, draws on her extensive academic background and personal passion for uncovering women's stories often overlooked in traditional historiography. Her commitment to enriching the understanding of medieval women is evident in her relentless pursuit of archival research and her efforts to weave these narratives into the broader historical tapestry of the era. Power's scholarship often reflects her progressive views on women's agency, providing context to her focus on nunneries as vibrant social structures rather than mere religious refuges. This book is essential for historians, scholars, and readers interested in medieval studies, women's history, and religious life. Power's eloquent prose and meticulous research make her findings accessible, encouraging readers to reconsider the roles of women in history. *Medieval English Nunneries* is not just a scholarly resource; it is a compelling narrative that invites readers to engage with the past in profound and meaningful ways. Literary Patronage in The Middle Ages Karl Julius Holznecht, 2019-03-07 Published in 1966, the present study attempts in its fashion to supply a connected account of this somewhat neglected phase of medieval literary life and to look carefully in earlier ages for the origins of medieval patronage. As one may suppose, a patron might be approached and the modes in which his favour might be extended were exhausted at a very early period, so that patronage of letters cannot be said to show much development or progress. **Female Studies**, 1971 Vols 1-3 contain college syllabi and reading lists. **The Creation of Feminist Consciousness** Gerda Lerner, 1993 In its emphasis on the force of ideas, the struggle of women for inclusion in the concept of the Divine, the repeated attempts by women to form supportive networks, and its analysis of the preconditions for the formation of political

theories of liberation this brilliant work charts new ground for historical studies the history of ideas and feminist theory
