**Six World Religions** L. Aletrino, 1969-06-01      **Paperbacks in Print**, 1967      **The Bible and Other Faiths** Ida Glaser, 2012-03-14 In today's world when Christians think about other religions numerous questions and issues arise and their convictions about Christ and about other religions can have a significant influence on their understanding of how God relates to people and what their own conduct towards them should be From her wealth of inter cultural and inter faith experience Ida Glaser believes that the most urgent questions for Christians focus on their own responsibilities and other peoples welfare Responding to Micah 6 8 And what does the Lord require of you To act justly and to love mercy and to walk humbly with your God Dr Glaser explores biblical perspectives on other faiths and their adherents with clarity sensitivity and challenging insights for all Christians      **Jews and Christians: Volume 6** Molly Whittaker, 1984-11-22 The aim of this book is to give access to sources which illustrate Graeco Roman views on Jews and Christians from 200 BC to AD 200 Passages range from longer extracts written by historians to short incidental references by disparate authors which throw light on attitudes towards beliefs and social customs The pagan religious background especially the Mystery religions is also described and illustrated by selected passages so that the reader may have some idea of the general religious climate during this period Every quotation is prefixed by a brief biography of the author and all passages have been translated into English with explanatory comment when necessary Connecting essays act as summaries and focus the attention on essential issues These together with a chronological chart and maps should enable a student coming fresh to the subject without previous specialized knowledge to see the period in historical perspective      Religion and Extremism Douglas Pratt, 2017-12-14 Focusing on the three monotheistic religions of Judaism Christianity and Islam Douglas Pratt argues that despite a popular focus on Islam extremist Jews and Christians can also enact terror and destruction Religion and Extremism stresses that the ideological rejection of diversity underlies religious extremism resulting in violent behaviours and increasingly in hardening social and religious attitudes and responses An analysis of religiously driven terrorism reveals the presence of a distinctive and rigid form of exclusivity found in these religions In this regard the contemporary resurgence in totalising claims of fundamentalist ideologues is cause for particular concern Pratt reasons that however expressed the motif of the Absolute is central to all but how that absolute is and has been received interpreted and responded to is a matter of great diversity The author asserts that theological Absolutism displays an underlying dynamic whereby these three religions may be led into extremism Religion and Extremism also explores contemporary issues of Islamophobia and mutual extremism identified as reactive co radicalization and concludes by reflecting on how extremism today might be countered      **Catholic Engagement with World Religions** Karl Josef Becker, Ilaria Morali, Maurice Borrmans, Gavin D'Costa, 2010 Twenty Five Element International Scholars show how roman catholic theology has grappled with religious pluralism Catholic Engagement with World Religions outlines clarifies and defends official Roman Catholic teaching on the relationship between

Christianity and other religious traditions in light of the Catholic belief that We must hold that the Holy Spirit offers to all the possibility of being made partners in a way known to God in the paschal mystery Gaudium et Spes 22 Part I studies the history of these issues while Part II examines their theological framing Part III addresses Christianity and other religions since Vatican II Part IV deals specifically with Judaism Confucianism Hinduism and Islam as these religions see themselves in relation to Christianity A final chapter by Bishop Michael Fitzgerald offers a theological reflection on the foundations of interreligious dialogue today For scholars students and practitioners of interreligious encounter Catholic Engagement with World Religions is necessary and absorbing reading Karl J Becker S J and Ilaria Morali teach at the Gregorian University in Rome Modern Western Christian Theological Understandings of Muslims Since the Second Vatican Council Mahmut Aydin, 2002 *The Bookseller*, 1919 **Muslims and Christians Face to Face** Kate Zebiri, 2014-10-01 From the Crusades to the present day the interrelationship between Islam and Christianity has been fraught with conflict both theological and military Yet events in 20th century history particularly the communications revolution have meant that after centuries of living in isolation from each other Christians and Muslims find themselves participating in the same intellectual culture and are having to review their assumptions about each other In this work Zebiri analyzes modern Muslim writings on Christianity and Christian writings on Islam to explore the issues central to Muslim Christian relations The literature surveyed is diverse both popular and scholarly varying in function authorship and intended audience Through its juxtaposition of the mutual perceptions of Muslims and Christians the book provides an overview of the more important contrasts and similarities between the two religions **The People's Year Book and Annual of the English & Scottish Wholesale Societies**, 1927 **Recent Reference Books in Religion** William M. and its failures Most existing undergraduate textbooks of theology begin from essentially traditional positions on the Bible doctrine authority interpretation and God What makes Philip Kennedy s book both singularly important and uniquely different is that it has a completely new starting point The author contends that traditional Christian theology must extensively overhaul many of its theses because of a multitude of modern social historical and intellectual revolutions Offering a grand historical sweep of the genesis of the modern age and writing with panache and a magisterial grasp of the relevant debates conflicts and controversies A Modern Introduction to Theology moves a tired and increasingly incoherent discipline in genuinely fresh and exciting directions and will be welcomed by students and readers of the subject
