supported by a wealth of research which links children's mental and physical health to the development of emotional literacy. In this second edition Tina Rae emphasises the development of emotional literacy skills and specifically the development of an emotional vocabulary empathy tolerance resilience and motivation. The focus upon managing more complex and uncomfortable feelings is central to the programme and pupils are introduced to a variety of techniques which can be applied across a broad range of contexts. Included in this exciting resource pack are 40 Lesson plans 236 full colour activity pages located on the online resources. Role play activities to develop joint problem solving skills. Packed with teacher friendly resources this book clearly fulfils the requirements of the PSHE curriculum and Healthy Schools agenda whilst also complimenting and building upon many of the themes in the SEAL curriculum Social and Emotional Aspects of Learning.

Creating Gender-Fair Schools & Classrooms Lynn Raphael Reed, Tina Rae, 2007-03-18 Includes CD Rom. For many teachers gender issues related to role models image and expectations have an effect upon the behaviour and achievement of both boys and girls often to their disadvantage. This innovative and practical resource for teachers of students aged 5-13 provides o a programme to promote gender equality and inclusivity in schools and colleges o a rationale for the programme based on social justice o a practical set of classroom activities to implement the programme. The book combines the talents and commitment of two leading authors to provide an action inquiry methodology engaging students and staff in the processes of investigating what is currently happening and planning implementing and reviewing improvements. This contributes to the development of the school as a self evaluating organisation which listens to the voice of the child. The programme supports teachers and other school staff in developing as reflective practitioners and children and young people in developing as reflective learners. It can also be used to engage schools and colleges in joining the UNICEF Rights Respecting programme which is demonstrating positive results. A real strength of the resource is the inclusion of practical activities that have been carefully designed for pupils. These are excellent and lend themselves for use in a variety of ways. This is a thoroughly recommended resource. SENCO Update

How to Teach Writing Across the Curriculum: Ages 6-8 Sue Palmer, 2010-09-13 Provides a range of practical suggestions for teaching non fiction writing skills and linking them to children's learning across the entire curriculum. This title provides techniques for using speaking and listening drama and games to prepare for writing. It also includes planning frameworks and skeletons to promote thinking skills. Body Image in the Primary School Nicky Hutchinson, Chris Calland, 2011-03-08 The average child watches between 20 000 and 40 000 adverts a year. Girls as young as six are cutting down on what they eat to stay thinner. Three quarters of ten and eleven year olds would like to change their appearance. Body image and its impact upon self esteem has been recognised as an issue which affects increasingly younger children. Research in this area has traditionally focused on adolescents yet anxieties about appearance often develop at a much earlier age than this. Primary schools have a critical role in helping

children to develop a healthy body image through positive intervention Body Image in the Primary School offers step by step lessons for teachers to address this issue It examines the continuous media and peer pressures that young children are exposed to and encourages children to recognise their own strengths and qualities and to become resilient members of society The authors demonstrate a practical range of activities and projects for teachers to work with designed to make them confident in discussing body image in the classroom This book offers lesson plans for Key Stage 1 Key Stage 2 and the transition to Key Stage 3 practical guidance on how to support and involve parents and carers analysis on the changing social influences of home life peer pressure and the media overviews of research on the links between body image academic achievement and emotional well being This book contains explicit links to SEAL and the ECM outcomes and will be of significant interest to all teachers teaching assistants and practitioners working with primary children *Primary English: Teaching Theory and Practice* Jane Medwell,David Wray,Hilary Minns,Vivienne Griffiths,Elizabeth Coates,Liz Coates,2017-05-22 This is the essential teaching theory and practice text for primary English that takes a focused look at the practical aspects of teaching Creative Circle Time Lessons for the Early Years Yvonne Weatherhead,2008-11-19 Includes CD rom This creative book uses music song poetry and a host of practical ideas to engage children in Circle Time Activities The publication stems from Yvonne s own work in schools where 26 alphabetical themes have been centralised around a lovable bear character There are four strands in the book which are linked to the Social Skills curriculum Self esteem Relationships Communications Spiritual and Moral Development These strands are developed through the 26 themes from Adorable bear to Zig Zag bear with a weekly introduction of a new rhythm to accompany the poem For each theme there are comprehensive notes for teachers with lots of ideas on the content of each theme The DVD ROM contains all 26 poems and songs recited or sung by the children The DVD Rom also includes printable posters and positive thought sheets As an experienced teacher Yvonne offers not only a comprehensive practical resource that all teachers will find useful and time saving but she also provides links to Citizenship planning sheets for PSHE lesson objectives and full lesson notes providing all the support busy teachers need A very exciting practical resource easy to use and built on a very solid foundation of many years of expertise and practice Early Childhood Education and Care Margaret M Clark,Tim Waller,2007-05-14 A much needed book that uniquely brings together policy and practice in early childhood education and care across the United Kingdom and the Republic of Ireland It offers a wealth of information and useful websites and addresses so that importantly readers can keep abreast of the rapidly changing external environment in these countries An essential read for those wishing to understand the background to policy and practice in early childhood education and care Linda Miller The Open University This book is long overdue it provides effective cameos of developments in each country highlighting key legislation the underlying philosophy the formation of policies and thier implementation in state voluntary and private provision The International Journal of Early Childhood This unique resource will be invaluable in helping students and others trying to

understand the context of current early years provision The case studies bring the book to life and ground it in the stories of real children and their families They highlight how the similarities and differences in support for children and their families are more dependent on where they live than what they need Lesley Staggs Early childhood education and care policy has an impact on the daily lives of early years practitioners and the families and children they work with and practising and trainee early childhood professionals need to have an understanding of current policy as well as the contexts for policy making and implementation Currently the majority of textbooks for early years education and early childhood students in the UK focus on the situation in England As a result readers may have a skewed perspective on policy and practice and not be aware of the varying and different contexts in Northern Ireland Scotland and Wales Also those working in settings not in England have to work hard to apply texts to their own contexts In contrast this book gives the reader easy access to information on the policies and practices in ECEC across each of the countries in the UK and the Republic of Ireland Each chapter covers o background information o policy and practice in early childhood education and care o transition o schooling and curriculum o quality assurance examination and inspection o professional development and training o future and imminent changes o case studies of children s lives In addition to describing the legislative political and practical situation in each country the book enables comparisons to be drawn and helps readers interpret the data critically It will be essential reading for modules on comparative education and international perspectives but will also form a foundation for all modules involving policy and provision on Early Years Education Early Childhood or Childhood Studies courses Practitioners undertaking CPD modules or foundation degrees and international students looking for comparative data will also find the book useful
