Stories for Small People and Grown Ups Galya Bakri Powell, 2024-03-28 Twelve original stories with illustrations about growing up adventure strange creatures good and evil imagination and beauty The stories have been lovingly crafted and presented by the author Galya to be told to children dear to her but they can be read by anyone who enjoys the magic of fairy tales

The Wicked Small People of Whiskey Bridge Elizabeth Cooke, Jon Oplinger, 2011-10-12 The Little People were a happy and peaceful clan who lived in the crater of a wonderful volcano There they were surrounded by their favorite smellssweet sulfur in particularand were always warm and comfortable It was safe there too because the predators stayed away which was very important for the Little People each of them no more than twelve inches tall Then one terrible day things begin to go wrong The hiss of steam in their happy home comes less and less The sweet sulfur fades growing weaker by the day Their volcano is dying soon it will no longer be a safe warm comfortable place to call home The Little People are forced to flee and they find themselves in a Maine mill town lost and afraid How will they survive Who will come to their aid in this strange new land Luckily two curious kids Timothy and Xandre discover the Little People and befriend the strange clan With the help of their new friendsplus a helpful grandma and a friendly dogthe Little People might be safe after all despite the absence of sulfur and heat At a chaotic town meeting the fates of the Little People will be ultimately decided

Ten Tall Tales for Small People Catriona Travers, **Semantics : Primes and Universals** Anna Wierzbicka, 1996-03-28 This book provides a synthesis of Wierzbicka s theory of meaning which is based on conceptual primitives and semantic universals using empirical findings from a wide range of languages While addressed primarily to linguists the book deals with highly topical and controversial issues of central importance to several disciplines including anthropology psychology and philosophy Conceptual primitives and semantic universals are the cornerstones of a semantic theory which Anna Wierzbicka has been developing for many years **Semantics Primes and Universals** is a major synthesis of her work presenting a full and systematic exposition of that theory in a non technical and readable way It delineates a full set of universal concepts as they have emerged from large scale investigations across a wide range of languages undertaken by the author and her colleagues On the basis of empirical cross linguistic studies it vindicates the old notion of the psychic unity of mankind while at the same time offering a framework for the rigorous description of different languages and cultures A major synthesis of Anna Wierzbicka s work

High Religion Sherry B. Ortner, 2020-09-01 An eminent anthropologist examines the foundings of the first celibate Buddhist monasteries among the Sherpas of Nepal in the early twentieth century a religious development that was a major departure from folk or popular Buddhism Sherry Ortner is the first to integrate social scientific and historical modes of analysis in a study of the Sherpa monasteries and one of the very few to attempt such an account for Buddhist monasteries

anywhere Combining ethnographic and oral historical methods she scrutinizes the interplay of political and cultural factors in the events culminating in the foundings Her work constitutes a major advance both in our knowledge of Sherpa Buddhism and in the integration of anthropological and historical modes of analysis At the theoretical level the book contributes to an emerging theory of practice an explanation of the relationship between human intentions and actions on the one hand and the structures of society and culture that emerge from and feed back upon those intentions and actions on the other It will appeal not only to the increasing number of anthropologists working on similar problems but also to historians anxious to discover what anthropology has to offer to historical analysis In addition it will be essential reading for those interested in Nepal Tibet the Sherpa or Buddhism in general

Speaking in the Past Tense Herb Wyile,2006-12-15 Speaking in the Past Tense participates in an expanding critical dialogue on the writing of historical fiction providing a series of reflections on the process from the perspective of those souls intrepid enough to step onto what is practically by definition contested territory Herb Wyile from the Introduction The extermination of the Beothuk the exploration of the Arctic the experiences of soldiers in the trenches during World War I the foibles of Canada s longest serving prime minister the Ojibway sniper who is credited with 378 wartime kills these are just some of the people and events discussed in these candid and wide ranging interviews with eleven authors whose novels are based on events in Canadian history These sometimes startling conversations take the reader behind the scenes of the novels and into the minds of their authors Through them we explore the writers motives for writing the challenges they faced in gathering information and presenting it in fictional form the sometimes hostile reaction they faced after publication and perhaps most interestingly the stories that didn t make it into their novels Speaking in the Past Tense provides fascinating insights into the construction of national historical narratives and myths both those familiar to us and those that are still being written

The Legacy of Soviet Dissent Robert Horvath,2013-05-13 During the 1970s dissidents like Sakharov and Solzhenitsyn dominated Western perceptions of the USSR but were then quickly forgotten as Gorbachev s reformers monopolised the spotlight This book restores the dissidents to their rightful place in Russian history Using a vast array of samizdat and published sources it shows how ideas formulated in the dissident milieu clashed with the original programme of perestroika and shaped the course of democratisation in post Soviet Russia Some of these ideas such the dissidents preoccupation with glasnost and legality and their critique of revolutionary violence became part of the agenda of Russia s democratic movement But this book also demonstrates that dissidents played a crucial role in the rise of the new Russian radical nationalism Both the friends and foes of Russian democracy have a dissident lineage

Congress. House,1959 *Ideas Against Ideocracy* Mikhail Epstein,2021-09-09 Winner of the Aldo and Jeanne Scaglione Prize for Studies in Slavic Languages and Literatures awarded by the Modern Languages Association This groundbreaking work by one of the world s foremost theoreticians of culture and scholars of Russian philosophy gives for the first time a systematic examination of the development of Russian philosophy during the late Soviet period Countering the traditional view of an intellectual wilderness under the Soviet regime Mikhail Epstein provides a comprehensive account of Russian thought of the second half of the 20th century that is highly sophisticated without losing clarity It provides new insights into previously mostly ignored areas such as late Soviet Russian nationalism and Eurasianism religious thought cosmism and esoterism and postmodernism and conceptualism Epstein shows how Russian philosophy has long been trapped in an intellectual prison of its own making as it sought to create its own utopia However he demonstrates that it is time to reappraise Russian thought now freed from the bonds of Soviet totalitarianism and ideocracy but nevertheless dangerously engaged into new nationalist aspirations and metaphysical radicalism We are left with not only a new and exciting interpretation of recent Russian intellectual history but also the opportunity to rethink our own philosophical heritage

Small People Introduction

In today's digital age, the availability of Small People books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Small People books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Small People books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Small People versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Small People books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Small People books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Small People books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Small People books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge,

offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Small People books and manuals for download and embark on your journey of knowledge?
