medical abuse and neglect of African Americans and other non white people Also included are biographical portraits of black medical pioneers like James McCune Smith the first African American to earn a degree from a European university and anecdotal vignettes like the tragic story of the Hottentot Venus which illustrate larger themes An American Health Dilemma promises to become an irreplaceable and essential look at African American and medical history and will provide an invaluable baseline for future exploration of race and racism in the American health system **An American Woman in**
