## **Smuggling In The Bristol Channel 1700-1850:**

*Smuggling in the Bristol Channel 1700-1850* Graham Smith, 1989      *Smuggling in Devon and Cornwall 1700-1850* Mary Waugh, 1991      **The Seventeenth-Century Customs Service Surveyed** William B. Stephens, 2016-03-03 In January 1682 William Culliford a loyal and experienced officer in the King's customs service began an extraordinary journey under Treasury orders to investigate the integrity and efficiency of the customs establishments of southwest England and south Wales as part of a drive to maximize the Crown's income from customs duties on which it relied for much of its revenue. Starting at Bristol Culliford eventually completed this daunting task in Cornwall over two years later in the spring of 1684. His report on each of the ports he inspected the primary source for this book revealed widespread smuggling and fraud in the context of a customs service both lacking in efficiency and riddled with corruption. The book documents the varied frauds and wide ranging abuses uncovered and their facilitation by customs officers only too ready to collude with smugglers, dishonest merchants and seamen and to accept bribes to ignore tax evasion. It describes too Culliford's assessment of the administrative practices of each port inspected and his judgment on the levels of probity and efficiency of individual officers detailing his recommendations for procedural improvements and the treatment of the corrupt and incompetent and incidentally of those suspected of political and religious dissent. Additionally the book presents a body of statistical data on the customs revenue actually collected at individual ports in the 1670s and 1680s and surveys the extent and nature of the maritime trade of the ports Culliford examined. It thus not only throws light on the history of the customs service but provides a rare insight into the interactions of economic, social and political issues in the later seventeenth century and makes a valuable contribution to the particular histories of the ports and maritime districts visited by this energetic and tenacious investigator.

Welsh History: Strange but True Geoff Brookes, 2014-04-07 Sir John Pryce of Newtown Hall died in 1761. He kept the embalmed bodies of his first two wives on either side of his bed until his third wife insisted that they were removed. In 1856 Ronald Rhys from the Vale of Neath disappeared for a week after seeing a strange light in a field and hearing a loud noise. He remembered being examined by small creatures who took a sample of his blood. Oh yes and America is named after a Welshman and the Holy Grail is kept in a bank vault in West Wales. This book contains hundreds of strange but true facts and anecdotes about Welsh history. Arranged into a miniature history of Wales and with bizarre and hilarious true tales for every era it will interest and delight readers everywhere.
