

TALKIN' BILLIONAIRES INTO OR
OUT OF SHIT IS WHAT I DO.

Some would say I'm slick with the lingo. Other people will tell you other things. I've been a wheeler and dealer my entire life. I've had some monster wins, and I've taken some big hits. You're going to read about the worst of it. Of course, there's a woman involved. Isn't there always?

Not your thing? Don't worry. There's a plethora of other players in the story.

Let's see, there's a hooker gone legit, and a general who's in love with her. There are Muslim drug lords, now in real estate. A wannabe pimp with a fetish for green, and a Venezuelan hillbilly who struck it rich, like oil rich. Not to mention an African prince with no shot at ever being a king. More millionaires, a couple of billionaires. Kidnappers and a Russian tycoon I call "Yak-off." And oh, I can't leave out The Count. A Frenchy, who fancies himself a mobster...in the Med.

Spoiler alert! He gets whacked.

The "good guys" do eventually show up. Most of 'em in those stupid blue windbreakers, three numbers written across the back in case the cowboys and axiotons didn't make it clear enough. These stories are going to spin you on your head, but that's it for the teaser.

I'll see you on the inside.

Sniff- A Novel J. P. Polidoro, 2011-03-03 *Olfaction in Early Childhood Research and Practice* Natalia Ingebretsen Kucirkova, 2024-10-04 An innovative exploration into the immediate and profound effects of sensory engagement this book delves specifically into the incorporation of smell within the context of contemporary childhood experiences Thinking to future advancements in educational technology it is expected that digital media will eventually integrate all senses This book outlines the convergence of children's learning and olfaction setting the groundwork for future oriented early education that seamlessly integrates sensory learning with advancements in technology Guided by child development theories and recent insights into embodiment socio material theories and affective literacy chapters explore The opportunities of olfaction in early education research and practice Developing olfactory literacies Olfaction in children's reading and story telling Cultural and socio technical influences on olfaction Anticipating olfactory education futures This unique book is the first volume to communicate the power of smell in early childhood paving the way for new approaches that empower children through innovative multisensory experiences

Novels Charles Dickens, 1870 **The Neurobiology of Olfaction** Anna Menini, 2009-11-24 Comprehensive Overview of Advances in Olfaction The common belief is that human smell perception is much reduced compared with other mammals so that whatever abilities are uncovered and investigated in animal research would have little significance for humans However new evidence from a variety of sources indicates this traditional view is likely overly simplistic The Neurobiology of Olfaction provides a thorough analysis of the state of the science in olfactory knowledge and research reflecting the growing interest in the field Authors from some of the most respected laboratories in the world explore various aspects of olfaction including genetics behavior olfactory systems odorant receptors odor coding and cortical activity Until recently almost all animal research in olfaction was carried out on orthonasal olfaction inhalation It is only in recent years especially in human flavor research that evidence has begun to be obtained regarding the importance of retronasal olfaction exhalation These studies are beginning to demonstrate that retronasal smell plays a large role to play in human behavior Highlighting common principles among various species including humans insects *Xenopus laevis* African frog and *Caenorhabditis elegans* nematodes this highly interdisciplinary book contains chapters about the most recent discoveries in odor coding from the olfactory epithelium to cortical centers It also covers neurogenesis in the olfactory epithelium and olfactory bulb Each subject specific chapter is written by a top researcher in the field and provides an extensive list of reviews and original articles for students and scientists interested in further readings

Ethanol, Its Active Metabolites, and Their Mechanisms of Action: Neurophysiological and Behavioral Effects Elio Acquas, John D. Salamone, Mercè Correa, 2018-07-12 Ethanol the main psychopharmacologically active ingredient of alcoholic drinks represents a paradigmatic example of a research subject intrinsically able to perpetually self generate interdisciplinary cutting edge investigations This eBook was inspired by the aim of providing an up to date characterization of the diverse

effects of ethanol of the possible mechanisms of action on different intracellular systems as well as of the hypothesized actions of ethanol and or its metabolites on various neurotransmitters and neuromodulators Indeed the eBook provides a factual example of an excellent synthesis on the complex relationship between ethanol and its main biologically active metabolites Chapter 1 on the behavioral and molecular consequences of early exposure to them Chapter 2 on the recent proposals advanced by the preclinical research for new therapeutic approaches to distinct aspects of alcoholism Chapter 3 and on the most recent and original preclinical evidence of the interactions between ethanol and or its metabolites and the dopaminergic adenosinergic and endocannabinoidergic systems Chapter 4 Overall we believe that this eBook accomplishes its main goals of widening the perspective on this research subject and offering the readership a newer and simultaneously up to date and comprehensive scenery on ethanol s and ethanol s active metabolites neurophysiological and behavioral effects

Life Is Everywhere Lucy Ives,2022-10-04 A virtuosic radical reimaging of the systems novel by a rampaging mirthful genius Elizabeth McKenzie Everything that happened was repetition But it was repetition with a difference So she dragged along in a spiral trusting to this form Manhattan 2014 It s an unseasonably warm Thursday in November and Erin Adamo is locked out of her apartment Her husband has just left her and meanwhile her keys are in her coat which she abandoned at her parents apartment when she exited mid dinner after her father once again lost control Erin takes refuge in the library of the university where she is a grad student Her bag contains two manuscripts she s written along with a monograph by a faculty member who s recently become embroiled in a bizarre scandal Erin isn t sure what she s doing but a small mostly unconscious part of her knows within these documents is a key she s needed all along With unflinching precision Life Is Everywhere captures emotional events that hover fitfully at the borders of visibility and intelligibility showing how the past lives on often secretly and at the expense of the present It s about one person on one evening reckoning with heartbreak a story that to be fully told unexpectedly requires many others from the history of botulism to an enigmatic surrealist prank Multifarious mischievous and deeply humane Lucy Ives s latest masterpiece rejoices in what a novel and a self can carry

I Am Her Gabrielle Elisco, 2021-03-16 You should probably read this book if you are a rock star at being imperfect Are wondering why the girls on your Instagram feed are slaying and you're just getting by Want to take the mask off and finally be proud of the woman you are Aren't afraid to laugh at yourself Are ready to turn your flaws into the fuel that becomes your identity If you have ever spent just one moment questioning the impact of your life based on your own imperfections this book is for you Every single one of us is flawed and messy though we've allowed human fragility to stunt our realization of how awesome we really are Through a journey of years wasted disliking many of the unfavorable parts that make us who we are it is time that we ignite those very facets as power for our purpose This book is for the unkept for the mom whose children do not always look polished for the wife who is serving her family one microwavable dinner at a time for the gals who have no idea how to apply lip liner properly and for the ones who have a following list of less than a thousand on social media This one is for you woman who has yet to discover all of the immeasurable worth under that fine dusting of self-disapproval I Am Her Messy Flawed and Loved by God is a journey to be taken together and all messy insecure and flawed girls are warmly welcomed to come along for the ride There's just one catch No perfect girls allowed

Computational Neuroscience James M. Bower, 2013-06-29 This volume includes papers presented at the Fifth Annual Computational Neuroscience meeting CNS 96 held in Boston Massachusetts July 14-17 1996 This collection includes 148 of the 234 papers presented at the meeting Acceptance for meeting presentation was based on the peer review of preliminary papers originally submitted in May of 1996 The papers in this volume represent final versions of this work submitted in January of 1997 As represented by this volume computational neuroscience continues to expand in quality size and breadth of focus as increasing numbers of neuroscientists are taking a computational approach to understanding nervous system function Defining computational neuroscience as the exploration of how brains compute it is clear that there is almost no subject or area of modern neuroscience research that is not appropriate for computational studies The CNS meetings as well as this volume reflect this scope and diversity
