So You Want To Start A Restaurant:

So You Want to Start a Restaurant? Dewey A. Dyer, 1971 So You Want to Start a Brewery? Tony Magee, 2014-10-01 In 1993 Tony Magee who had foundered at every job he'd ever had decided to become the founder of a brewery. *So You Want to Start a Brewery* is the thrilling first person account of his gut wrenching challenges and unexpected successes. Based in Petaluma California the Lagunitas Brewing Company makes craft beer that is simple and flavorful and defies categorization. The same could be said for this book. Equal parts memoir narrative and business story with liberal dashes of pop culture and local color this honest yet hilarious account of a one of a kind made in America journey just happens to culminate with the success of one of the nation's most popular craft beer brands. In twenty years Lagunitas has grown from a shoestring operation to be the fifth largest and the fastest growing craft brewer in the United States. First published in a limited edition two years ago by a tiny California press *So You Want to Start a Brewery* has here been revised and updated to include Lagunitas's establishment of a new brewery in Chicago set to open in 2014. *So You Want to Start a Brewery* is unglamorous and full of entertaining digressions but it's never afraid to mess with the nuts and bolts. This is a must read for all who have considered starting their own business or have sweated blood working to get one on its feet. Told in the vibrant voice of Tony Magee the man closest to the process this blow by blow chronicle will introduce beer drinkers and entrepreneurs to the reality of starting a craft brewery from the ground up.

So You Want to Be a Scriptwriter and Make a Million Dollars Irving Elman,2000 This book was written to fill a need when I started teaching script writing at Santa Monica College and my students asked me to name a book on the subject I could recommend After voluminous reading I could find nothing which was completely satisfactory Most of it seemed to have been written by people who had never written professionally for films and or television and thus had no first hand knowledge of it from personal experience The books were written from hearsay and observation like trying to learn how to swim by standing at the edge of a pool and watching others do it without ever getting into the water yourself Or trying to fly by flapping your arms like a bird It doesn t work They have no hands on or wings on concept of how commercially produceable scripts are actually put together and then marketed and are of no real practical help to the beginning writer or anyone else who s interested Only a swimmer or a bird or a writer who has made his living at it really knows how his special trick is done and can pass it on to others And so here it is Enjoy while you learn Because if writing isn t fun it s no way to make a living Rob banks instead but try not to get caught
