**Frontline Delivery of Welfare-to-Work Policies in Europe** Rik van Berkel, Dorte Caswell, Peter Kupka, Flemming Larsen, 2017-06-27 Welfare to work or activation policies refer to programmes aimed at promoting the employability labour market and social participation of benefit recipients of working age Frontline workers delivering these policies are conceived of as policy implementers as policy makers and as actors mediating politics in an arena where conflicting interests are at stake Frontline work plays a crucial role in determining what welfare to work practically means and how it affects the lives of the people it targets Yet few books have deliberately focused on comparing what happens when frontline workers some of whom are professional social workers meet clients Pioneering the provision of scholarly reflections on both theoretical and policy relevance of studying frontline practices of delivering activation internationally renowned researchers present the first comparative analysis of how activation policies are actually delivered by frontline staff in selected EU countries and in the United States In trying to understand and interpret frontline practices in activation each contribution provides insights into what activation in practice looks like what services are provided and how they are enacted This involves examining processes

of client selection monitoring sanctioning and motivating as well as the role of external service providers This book is an important acquisition for scholars and researchers of social policy public administration public management social work and policy implementation     Handbook of Family Policies Across the Globe Mihaela Robila,2013-06-19 Family policy holds a particular status in the quest for a more equitable world as it intersects the rights of women children and workers But despite local and global efforts and initiatives the state of family policy in different areas of the world varies widely Through a cross section of countries on six continents Family Policies Across the Globe offers the current state of the laws concerning family life structure and services providing historical cultural and socioeconomic context Lucidly written chapters analyze key aspects of family definition marriage child well being work family balance and family assistance reviewing underlying social issues and controversies as they exist in each country Details of challenges to implementation and methods of evaluating policy outcomes bring practical realities into sharp focus and each chapter concludes with recommendations for improvement at the research service and governmental levels The result is an important comparative look at how governments support families and how societies perceive themselves as they evolve Among the issues covered Sierra Leone toward sustainable family policies Russia folkways versus state ways Japan policy responses to a declining population Australia reform revolutions and lingering effects Canada a patchwork policy Colombia a focus on policies for vulnerable families Researchers professors and graduate students in the fields of social policy child and family studies psychology sociology and social work will find in Family Policies Across the Globe a reference that will grow in importance as world events continue to develop     *Association Discussed* Horace GREELEY (and RAYMOND (Henry Jarvis)),Henry Jarvis Raymond,1847     *Between Light and Shadow* Mac Darrow,2003-03-20 Much has been written on the human rights relevance and impacts of the policies and activities of the World Bank and IMF or International Financial Institutions IFIs However while many of the human rights based critiques of the Bank and Fund purport to link broadly defined reforms with obligations under international human rights law rarely has this been carried out through a rigorous and in depth application of international legal rules governing the proper interpretation of the institutions mandates and rarely have the policy consequences and practical possibilities for human rights integration been explored in any detail These are the principal gaps that the present book aims to fill by reference to a sample of the IFIs most important and controversial contemporary activities     *Questioning EU Citizenship* Daniel Thym,2017-12-28 The question of supranational citizenship is one of the more controversial in EU law It is politically contested the object of prominent court rulings and the subject of intense academic debates This important new collection examines this vexed question paying particular attention to the Court of Justice Offering analytical readings of the key cases it also examines those political social and normative factors which influence the evolution of citizens rights This examination is not only timely but essential given the prominence of citizen rights in recent political debates including in the Brexit referendum All of these questions will be explored with a special

emphasis on the interplay between immigration from third countries and rules on Union citizenship *Caring for Students Who Need It Most in Open Distance E-Learning Environments* Doniwen Pietersen, 2025-09-09 In a world where online education is too often reduced to transactional and very philosophical one size fits all instruction this book boldly redefines open distance digital learning ODeL as a space for radical transformation Bridging critical pedagogy care ethics and social justice it challenges the status quo by centering student agency dialogue and co creation in virtual classrooms Grounded in real experiences from developing universities this work exposes the limitations of traditional ODeL models where power imbalances and passive learning prevail and offers a compelling alternative Through actionable strategies vivid case studies and the voices of students themselves it equips educators to build inclusive democratic learning ecosystems that nurture both intellectual growth and socio emotional well being More than a critique this book is a manifesto for humanizing digital education It is essential reading for educators administrators and policymakers committed to making online learning a force for equity empowerment and meaningful connection in higher education

**Disentitlement?** Timothy Stoltzfus Jost, 2003-04-10 This book is about health care entitlements in the US and about the threat of disenitment It describes the history and legal character of our Medicare and Medicaid programs and of the tax subsidies that have brought health insurance to most working Americans It examines the thread that our entitlements face from privatization individualism and devolution It considers the models that other countries have developed for health care entitlements and what we can learn from them The book concludes by proposing a redesigned entitlement based health care system for the future

*The New Dispensation* Keshub Chunder Sen, 1903

**The Changing Distribution of Earnings in OECD Countries** A B Atkinson, 2008-05-01 This book is about how much people earn and why the distribution of earnings has been changing over time The gap between the top and bottom in the United States has widened significantly since 1980 Why has this happened Is it due to new technologies What is the role of globalisation Are there historical precedents The book begins with the race between technology and education and shows that continuing technical progress does not necessarily imply a continuing rise in dispersion It then examines the experience of 20 OECD countries over the twentieth century material presented in the form of 20 country case studies The book breaks new ground in assembling data on the distribution of individual earnings covering much of the twentieth century and drawing on a variety of under exploited sources The findings overturn a number of widely held beliefs It is not the earnings of the low paid that have been most affected by the recent changes widening is largely due to what is happening at the top The recent rise in earnings dispersion is not unprecedented but should be seen as part of a longer run history of successive compression and expansion of earnings differences

**Let Justice Roll** Neal Riemer, 1996 Written by prominent scholars from a wide range of disciplines this diverse collection of essays discusses the contemporary relevance of the prophetic mode and challenges in the areas of religion politics and society The contributors critically investigate the creative interaction between the religious and secular domains and explain how the prophetic mode

can provide solutions to pressing problems such as war oppression poverty hunger and discrimination The essays explore possibilities of achieving an integration of prophetic ethics social scientific understanding and democratic and constitutional statecraft and they describe how the prophetic mode currently manifests itself in political philosophy history religion and literature
