Sounds From The Bullpen:

Sounds from the Bullpen Howard Munce, 1983-10 Always Resisting Eric Newhall, 2024-09-03 In this memoir Eric Newhall traces his life and political evolution with a particular focus on his time inside Lompoc Federal Correctional Institution where he was incarcerated for refusing to participate in the Vietnam War Beginning with his youth in an all white neighborhood in Portland Oregon he describes his undergraduate experience at Occidental College in Los Angeles 1963 1967 his time in prison and the powerful impact that his time behind bars had on both his 34 year marriage and 44 year teaching career His memoir is a reminder that much work remains to be done that subtle racism takes many forms and can be found even in outwardly progressive families like the one in which he was raised and that the social problems examined here are even more pressing today than they were during the 1960s The book will be particularly compelling to readers concerned by the threat to democracy posed by persistent war authoritarianism and racism **Full Count** David Cone, 2019-05-14 Met and Yankee All Star pitcher David Cone shares lessons from the World Series and beyond in this essential New York Times bestselling memoir for baseball fans everywhere There was a sense about him and an aura about him Even when he was in trouble he carried himself like a pitcher who said I m the man out here And he usually was Andy Pettitte on David Cone To any baseball fan David Cone was a bold and brilliant pitcher During his 17 year career he became a master of the mechanics and mental toughness a pitcher needs to succeed in the major leagues A five time All Star and five time World Champion now gives his full count balls and strikes errors and outs of his colorful life in baseball From the pitchers he studied to the hitters who infuriated him Full Count takes readers inside the mind of a thoughtful pitcher detailing Cone s passion composure and strategies The book is also filled with never before told stories from the memorable teams Cone played on ranging from the infamous late 80s Mets to the Yankee dynasty of the 90s And along the way Full Count offers the lessons baseball taught Cone from his mistakes as a young and naive pitcher to outwitting the best hitters in the world one pitch at a time

Reading Sounds Sean Zdenek, 2015-12-23 Imagine a common movie scene a hero confronts a villain Captioning such a moment would at first glance seem as basic as transcribing the dialogue But consider the choices involved How do you convey the sarcasm in a comeback Do you include a henchman s muttering in the background Does the villain emit a scream a grunt or a howl as he goes down And how do you note a gunshot without spoiling the scene These are the choices closed captioners face every day Captioners must decide whether and how to describe background noises accents laughter musical cues and even silences When captioners describe a sound or choose to ignore it they are applying their own subjective interpretations to otherwise objective noises creating meaning that does not necessarily exist in the soundtrack or the script Reading Sounds looks at closed captioning as a potent source of meaning in rhetorical analysis Through nine engrossing chapters Sean Zdenek demonstrates how the choices captioners make affect the way deaf and hard of hearing viewers experience media He draws on hundreds of real life examples as well as interviews with both professional captioners and

regular viewers of closed captioning Zdenek's analysis is an engrossing look at how we make the audible visible one that proves that better standards for closed captioning create a better entertainment experience for all viewers [Illustrators](#),1995
