straight months Within two months My figure looked like the pictures of the gaunt Steve Jobs in his last days One of the most common outward appearance of individuals with little life energy left is that of gaunt facial and body image Even though I felt my life energy is dwindling every time I wore my crystals I felt alive again I have the energy to get by and to survive My faith led to me to many other masters and gurus from whom I learned neigong aka qigong yoga fengshui and more As I lifted myself from life and death borderline I sought to raise my life energy in any ways possible One of them is eating Another reason was I was living in a place with horrible energy When you stay in a place like that your instinct is to eat and eat Yes the place you stay in can have a huge effect on your weight And this book will give you a way to counter this damage Anyway I become extremely overweight 5 feet 9 and over 200 pounds I didn't really care much because when you are sick physical image is the last thing on your mind However I eventually took notice when I had to get new pants and clothes that were multiple sizes larger and my waist looked wider than my shoulders This is now alarming Another reason is I got fat shamed This shocked me because I never experienced this before Story in short I quickly lost those weights in roughly two months 60 pounds to be exact By using the knowledge of Qi I implemented a weight loss walking meditation Unfortunately I accepted a job that now requires me to sit at a desk for over 8 hours a day including meals at the desk That means I won't even have time to do my Ancient Monks Super Walk As I worked at the desktop feeling horrible needing to snack I thought back to the days I was wearing crystals during my extremely sick days With my knowledge of crystals I realized what I could do to help my body maintain its figure even I have to stay sedentary for an extended period
