My Collection of Recipes from Across America

and Germany E. John Boles, 2022-01-25 This is not a professionally written cookbook but is a representation of homegrown family cooking Minus a few corporate inspired recipes and one professional carrot cake recipe My Little Book of Kitchen Recipes is a collection of hand me down family recipes from one generation to the next The design of this book has been left

plain because in the author's opinion too many illustrations cause distractions in the kitchen. It is his hope that by providing the space to enter a recipe or alter an existing one more people will take up cooking again and continue to pass these and other recipes on to future generations.
