Sources of Chinese Tradition William Theodore De Bary, 1999 Chronologically presents Chinese civilization covering antiquity figures such as Confucius Mencius and Laozi the Han dynasty including readings from the I Jing the development of Buddhism including Daoism and Mahayana Buddhism Neo Confucianism and thought in late imperial China

Sources of Chinese Tradition Wm. Theodore De Bary, Richard Lufrano, 2001-04-18 For four decades *Sources of Chinese Tradition* has served to introduce Western readers to Chinese civilization as it has been seen through basic writings and historical documents of the Chinese themselves Now in its second edition revised and extended through Deng Xiaoping and Jiang Zemin era China this classic volume remains unrivaled for its wide selection of source readings on history society and thought in the world's largest nation Award winning China scholar Wm Theodore de Bary who edited the first edition in 1960 and his coeditor Richard Lufrano have revised and updated the second volume of *Sources* to reflect the interactions of ideas institutions and historical events from the seventeenth century up to the present day Beginning with Qing civilization and continuing to contemporary times volume II brings together key source texts from more than three centuries of Chinese history with opening essays by noted China authorities providing context for readers not familiar with the period in question Here are just a few of the topics covered in this second volume of *Sources of Chinese Tradition* Early Sino Western contacts in the seventeenth century Four centuries of Chinese reflections on differences between Eastern and Western civilizations Nineteenth and twentieth century reform movements with treatises on women's rights modern science and literary reform Controversies over the place of Confucianism in modern Chinese society The nationalist revolution including readings from Sun Yat sen and Chiang Kai shek The communist revolution with central writings by Mao Zedong Works from contemporary China featuring political essays from Deng Xiaoping and dissidents including Wei Jingsheng With more than two hundred selections in lucid readable translation by today's most renowned experts on Chinese language and civilization *Sources of Chinese Tradition* will continue to be recognized as the standard for source readings on Chinese civilization an indispensable learning tool for scholars and students of Asian civilizations

Sources of Japanese Tradition, Abridged Wm. Theodore De Bary, Carol Gluck, Arthur Tiedemann, 2006-10-03 For almost fifty years *Sources of Japanese Tradition* has been the single most valuable collection of English language readings on Japan Unrivalled in its wide selection of source materials on history society politics education philosophy and religion the two volume textbook is a crucial resource for students scholars and readers seeking an introduction to Japanese civilization Originally published in a single hardcover book Volume 2 is now available as an abridged two part paperback Part 1 covers the Tokugawa period to 1868 including texts that address the spread of neo Confucianism and Buddhism and the initial encounters of Japan and the West Part 2 begins with the Meiji period and ends at the new millennium shedding light on such major movements as the Enlightenment constitutionalism nationalism socialism and feminism and the impact of the postwar occupation Commentary by major scholars and

comprehensive bibliographies and indexes are included Together these readings map out the development of modern Japanese civilization and illuminate the thought and teachings of its intellectual political and religious leaders

Sources of Japanese Tradition Wm. Theodore de Bary, Carol Gluck, Donald Keene, 2005-06-19 In both the literal and metaphorical senses it seemed as if 1970s America was running out of gas The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned High unemployment runaway inflation and the energy crisis caused in part by U S dependence on Arab oil characterized an increasingly bleak economic situation As Edward D Berkowitz demonstrates the end of the postwar economic boom Watergate and defeat in Vietnam led to an unraveling of the national consensus During the decade ideas about the United States how it should be governed and how its economy should be managed changed dramatically Berkowitz argues that the postwar faith in sweeping social programs and a global U S mission was replaced by a more skeptical attitude about government s ability to positively affect society From Woody Allen to Watergate from the decline of the steel industry to the rise of Bill Gates and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers Berkowitz captures the history tone and spirit of the seventies He explores the decade s major political events and movements including the rise and fall of d tente congressional reform changes in healthcare policies and the hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as All in the Family and Charlie s Angels offered Americans both a reflection of and an escape from the problems gripping the country

A Brief History of the Relationship Between Confucianism, Daoism, and Buddhism Zhongjian Mou, 2023-01-01 Chinese traditions of Confucianism Daoism and Buddhism have a profoundly philosophical dimension The three traditions are frequently referred to as three paths of moral teachings In this book Mou provides a clear account of the textual corpus that emerges to define each of these traditions and how this canonical axis was augmented by a continuing commentarial tradition as each generation reauthorized the written core for their own time and place In his careful exegesis Mou lays out the differences between the more religious reading of these traditions with their defining practices that punctuate the human journey through life and the more intellectual and philosophical treatment of the texts that has and continues to produce a first order culture of annotation that become integral to the traditions themselves At the center of the alternative religious experience reflected throughout the teachings of Confucianism Daoism and Buddhism is the project of personal cultivation as it comes to be expressed as robust growth in family and communal relations For Mou these three highly distinctive and yet complementary ways of thinking and living constitute a kind of moral ecology wherein each of them complements the others as they stand in service to a different dimension of the human need for an educated spirituality
