South African Environments Into the 21st Century Brian J. Huntley, Roy Siegfried, W. R. Siegfried, Clem Sunter, 1989
African Environmental and Human Security in the 21st Century Helen E. Purkitt, 2009 **Coming Back to Earth** James Clarke, David Holt-Biddle, 2002 This book is a current comprehensive and holistic assessment of the challenges facing a developing African state within the global context and is an up to the minute review of the state of the South African environment **The Southern African Environment** Sam Moyo, Michael Sill, 2014-06-03 The Southern African Environment provides a comprehensive and up to date description of the countries of the SADC region Angola Botswana Lesotho Malawi Mozambique Namibia Swaziland Tanzania Zambia and Zimbabwe The area is one of rapid political economic and social change and each of the 10 country profiles in this book provides full and detailed information on the physical and human geography environmental problems resource base institutional structures for environmental management and the issues associated with institutional change Each profile was drafted by local environmental experts and is based on extensive fieldwork and research originally commissioned by the Dutch government The report provides a unique synthesis of this richly endowed but troubled region *South African Environments Into the 21st Century* Brian Huntley, 1989 **Southern Africa Beyond the Millennium** D. Barry Dalal-Clayton, 1997 The Rise of Conservation in South Africa William Beinart, 2008-05-29 A major contribution to the environmental history of settler societies William Beinart's innovative study analyses the development of conservationist ideas over the long term in South Africa examining them as a response to the rapid transformation of natural pastures brought about as the Cape became a major exporter of wool **Praxis towards sustainable empowering learning environments in South Africa** Dennis Francis, Sechaba Mahlomaholo, Milton Nkoane, 2010-01-01 This collection presents some of the best peer reviewed papers from a conference with the theme Creating sustainable empowering learning environments through scholarship of engagement **Approaches to Environmental Litigation & Advocacy in Southern Africa**, 2002 Environment and History William Beinart, Peter Coates, 2002-01-08 The influence of human economies and cultures on ecosystems is particularly striking in the new worlds into which Europeans have expanded over the past five hundred years Using a comparative and multidisciplinary approach Beinart and Coates examine this neglected aspect of the history of settler incursion and dominance in two frontier nations the USA and South Africa They also seek to explain change in indigenous ideas and practices towards the environment and discuss the rise of popular environmentalism up to the present day
