South with Endurance Tamiko Rex, 2014-12-01 Sir Ernest Shackleton's trans Antarctic expedition of 1914 1917 was one of the great feats of human endurance one vividly captured in the powerful and dramatic pictures taken by Frank Hurley the expedition's official photographer An amazing body of photojournalism these are also images of great artistry that capture the life and death drama that was played out against a frozen landscape of magnificent and terrible beauty In the summer of 1914 Shackleton and his crew set sail from England to claim the last great remaining prize of Antarctic exploration to traverse the continent from one coast to the other crossing the South Pole on the way But the *Endurance* became trapped in pack ice and was finally crushed leaving the crew stranded After camping on ice floes for five months Shackleton's men reached Elephant Island a barren outcrop too remote to allow any hope of rescue From there Shackleton and five volunteers set out for South Georgia Island in an open lifeboat miraculously reaching their destination after crossing 850 miles of the worst seas on earth There they raised help and after two thwarted attempts Shackleton made it back to Elephant Island with a rescue ship Every single one of his men survived Almost as incredible is the fact that so much of this saga was captured on film by Hurley and that so many of these pictures survived *South with Endurance* reproduces the best of Hurley's photographs including many remarkable colour images that were never published before The images are complemented by excerpts from his diary a chapter on the expedition itself a biographical essay and commentary about Hurley's photographic equipment and techniques

South The Story Of Shackleton's Last Expedition 1914 1917 Ernest Shackleton C V O,2025-05 South The story of Shackleton s last expedition 1914 1917 presents a vivid reflection on endurance leadership and the human drive to overcome the impossible The book centers on an expedition into one of Earth s harshest regions capturing the tension between aspiration and the uncontrollable force of nature At its heart is a confrontation with isolation physical limits and environmental hostility The text enhances the emotional and psychological struggles of men pushed to extremes where courage must extend beyond survival and into loyalty and shared purpose It elevates the idea of leadership not through hierarchy but through empathy and unwavering commitment to others The account also draws on the complexity of preparation the illusion of control and the unpredictability of nature s raw power What emerges is a portrait of unity under pressure the kind forged not by triumph but by refusal to surrender to despair Scientific curiosity while present is overshadowed by the sheer will to persevere This is a study of fortitude an internal force that reveals itself most fully when external certainty collapses In these moments the human spirit becomes both the journey and the destination **South** Ernest Shackleton,2021-09-12 In 1914 the polar voyager Ernest Shackleton reported a goal oriented arrangement to lead the Imperial Trans Antarctic Expedition the primary trip through Antarctica from the Atlantic to the Pacific by means of the South Pole Shackleton s third campaign would demonstrate loaded with experience and danger South is the striking story of that disastrous endeavor as told in the most natural sounding way for Shackleton and delineated here with the photography of campaign picture taker Frank Hurley just as current shading symbolism of the fauna and dazzling vistas the men experienced Their story starts just before World War I when the boat Endurance left from England with Shackleton and his group of six men The arrangement was to traverse the frigid mainland from the Atlantic side while a second group on board the boat Aurora would arrive at the Pacific side from Tasmania and spread out supply warehouses for the propelling group As the Endurance moved toward the landmass notwithstanding it confronted early ice and the vessel turned out to be pitifully secured an ice floe starting a progression of struggles for the men of the Endurance including ice covered uneven islands frightening days in a daily existence pontoon encompassed by typhoon power winds overcoming untested overland courses into the immense obscure and significantly more Today thought to be an undertaking endurance exemplary South is the genuine story of an exhilarating polar campaign At no other time has Shackleton s energetic composition been so widely represented with such dazzling pictures
