Southern Settings:

The Southern Appalachian Assessment ,1996 **Marginalized** Casey Kayser,2021-08-23 Winner of the 2021 Eudora Welty Prize In contrast to other literary genres drama has received little attention in southern studies and women playwrights in general receive less recognition than their male counterparts In *Marginalized Southern Women Playwrights Confront Race Region and Gender* author Casey Kayser addresses these gaps by examining the work of southern women playwrights making the argument that representations of the American South on stage are complicated by difficulties of identity genre and region Through analysis of the dramatic texts the rhetoric of reviews of productions as well as what the playwrights themselves have said about their plays and productions Kayser delineates these challenges and argues that playwrights draw on various conscious strategies in response These strategies evident in the work of such playwrights as Pearl Cleage Sandra Deer Lillian Hellman Beth Henley Marsha Norman and Shay Youngblood provide them with the opportunity to lead audiences to reconsider monolithic understandings of northern and southern regions and ultimately create new visions of the South

Southerners Acting Southern Tison Pugh,2025-04-10 What is the difference between a star born in the South and a southern star In *Southerners Acting Southern* Tison Pugh answers this intriguing question pondering the ways in which some performers from the South metamorphose into southern stars by accentuating their geographic and cultural roots as key aspects of their star personas Many celebrities particularly actors seek to transcend their hometown roots in favor of achieving an all American appeal but some stars born in the South build their national and international fan base by emphasizing the southern aspects of their biography and by leaning into regional clichés and stereotypes that percolate throughout the U S cultural imaginary In turn some southern stars trot out the region's hoariest tropes of fading belles gullible country rubes and the succors of southern hospitality only to reveal the shallowness of these stereotypes and of their celebrity personas as well Covering more than one hundred years of cultural history *Southerners Acting Southern* allows readers to gauge the South's often reluctant progress into modernity including discussions on the intersection of race and celebrity for the region's Black stars and its increasing if hesitant embrace of queer ones Chapters feature a wide ranging selection of southern celebrities including Louis Armstrong Truman Capote Elvis Presley Tennessee Williams Andy Griffith Tina Turner Dolly Parton Tom Petty Gloria Estefan Oprah Winfrey Reese Witherspoon Jenna Bush Hager Ellen DeGeneres Tyler Perry Matthew McConaughey Aziz Ansari and Miley Cyrus *Southerners Acting Southern* moves from past to present from musicians to media personalities discerning the ways in which southernness contributes to the building of personal celebrity Altogether this luminous work of cultural criticism reveals that southern stargazing as much as it might initially appear a flighty pastime of overzealous fans divulges deeper truths about the South and the United States as a whole that might otherwise pass unnoticed

Southern Writers at Century's End Jeffrey J. Folks, James A. Perkins, 2021-12-14 Since the end of World War II the South has experienced a greater awareness of growth and of its accompanying tensions than other regions of the United States The rapid change that climaxed with the war in Vietnam the Cold War civil rights demonstrations and Watergate has forced the traditional South to come to terms with social upheaval As the essays collected in *Southern Writers at Century's End* point out southern writing since 1975 reflects the confusion and violence that have characterized late twentieth century public culture These essays consider the work of twenty one of the foremost southern writers whose most important fiction has appeared in the last quarter of this century As the region s contemporary writers have begun to gain a wide audience critics have begun to distinguish what Hugh Holman has called the fresh the vital and the new in southern literary culture *Southern Writers at Century's End* is the first volume to take an extensive look at the current generation of southern writers Authors considered include James Lee Burke Fred Chappell Robert Drake Andre Dubus Clyde Edgerton Richard Ford Kaye Gibbons John Grisham Barry Hannah Mary Hood Josephine Humphreys Randall Kenan Richard Marius Bobbie Ann Mason Cormac McCarthy Tim McLaurin T R Pearson Lee Smith Anne Tyle r Alice Walker and James Wilcox

Southern Women Novelists and the Civil War Sharon Talley, 2014-04-09 During and after the Civil War southern women played a critical role in shaping the South s evolving collective memory by penning journals and diaries historical accounts memoirs and literary interpretations of the war While a few of these writings most notably Mary Chesnut s diaries and Margaret Mitchell s novel

Gone with the Wind have been studied in depth by numerous scholars until now there has been no comprehensive examination of Civil War novels by southern women In this welcome study Sharon Talley explores works by fifteen such writers illuminating the role that southern women played in fashioning cultural identity in the region Beginning with Augusta Jane Evans's *Macaria* and Sallie Rochester Ford's *Raids and Romance of Morgan and His Men* which were published as the war still raged Talley offers a chronological consideration of the novels with informative introductions for each time period She examines Reconstruction works by Marion Harland Mary Ann Cruse and Rebecca Harding Davis novels of the Redeemed South and the turn of the century by Mary Noailles Murfree Ellen Glasgow and Mary Johnston and narratives by Evelyn Scott Margaret Mitchell and Caroline Gordon from the Modern period that spanned the two World Wars Analysis of Margaret Walker's *Jubilee* 1966 the first critically acclaimed Civil War novel by an African American woman of the South as well as other post World War II works by Kaye Gibbons Josephine Humphreys and Alice Randall offers a fitting conclusion to Talley's study by addressing the inaccuracies in the romantic myth of the Old South that *Gone with the Wind* most famously engraved on the nation's consciousness Informed by feminist poststructural and cultural studies theory Talley's close readings of these various novels ultimately refute the notion of a monolithic interpretation of the Civil War presenting instead unique and diverse approaches to balancing fact and fiction in the long period of artistic production concerning this singular traumatic event in American history Sharon Talley professor of English at Texas A M University Corpus Christi is the author of *Ambrose Bierce and the Dance of Death* and *Student Companion to Herman Melville* Her articles have appeared in *American Imago* *Journal of Men's Studies* and *Nineteenth Century Prose*

Southern Literature, Cold War Culture, and the Making of Modern America Jordan J. Dominy, 2020-01-27 During the Cold War national discourse strove for unity through patriotism and political moderation to face a common enemy Some authors and intellectuals supported that narrative by casting America's complicated history with race and poverty as moral rather than merely political problems *Southern Literature Cold War Culture and the Making of Modern America* examines southern literature and the culture within the United States from the period just before the Cold War through the civil rights movement to show how this literature won a significant place in Cold War culture and shaped the nation through the time of Hillbilly Elegy Tackling cultural issues in the country through subtext and metaphor the works of authors like William Faulkner Lillian Smith Robert Penn Warren Eudora Welty Ralph Ellison Alice Walker and Walker Percy redefined South as much more than a geographical identity within an empire The South has become a racially coded sociopolitical and cultural identity associated with white populist conservatism that breaks geographical boundaries and as it has in the past continues to have a disproportionate influence on the nation's future and values

Southern Beauty Elizabeth Bronwyn Boyd, 2022-08-15 *Southern Beauty* explains a curiosity why a feminine ideal rooted in the nineteenth century continues to enjoy currency well into the twenty first Elizabeth Bronwyn Boyd examines how the continuation of certain gender rituals in the American South has served to perpetuate racism sexism and

classism In a trio of popular gender rituals sorority rush beauty pageants and the Confederate Pageant of the Natchez Mississippi Pilgrimage young white southern women have readily ditched contemporary modes of dress and comportment for performances of purity gentility and deference Clearly the ability to do white southern womanhood convincingly and on cue has remained a valued performance But why Based on ethnographic research and more than sixty taped interviews Southern Beauty goes behind the scenes of the three rituals to explore the motivations and rewards associated with participation The picture that Boyd paints is not pretty it is one of southern beauties securing status and sustaining segregation by making nostalgic gestures to the southern past Boyd also maintains that the audiences for these rituals and pageants have been complicit unwilling to acknowledge the beauties racial work or their investment in it With its focus on performance Southern Beauty moves beyond representations to show how femininity in motion stylized and predictable but ephemeral has succeeded as an enduring emblem where other symbols faltered by failing to draw scrutiny Continuing to make the moves of region and race even as many Confederate symbols have been retired the southern beauty has persisted maintaining power and privilege through consistent performance
