Southerners All:

Southerners All F. N. Boney, 1984 **Race as Region, Region as Race: How Black and White Southerners Understand Their Regional Identities** Ashley Thompson, Melissa M. Sloan, 2012-11-16 You've never been black have you? No, if you'd been black you wouldn't ask no silly ass question like that. This article appears in the Winter 2012 issue of *Southern Cultures*. The full issue is also available as an ebook. *Southern Cultures* is published quarterly: spring, summer, fall, winter by the University of North Carolina Press. The journal is sponsored by the University of North Carolina at Chapel Hill's Center for the Study of the American South. **Southern Cultures** Harry L. Watson, Jocelyn Neal, 2012-11-16 In the Winter 2012 issue of *Southern Cultures*: The Great Debate: NASCAR vs College Football Undercover Inside the World of the Debutante On the Backroads Country Stores and the Days of Yore A Look at the Numbers Race and Region in the American South and Beyond Autobiography Cotton Milling in Alabama and Understanding Personal Identity in the South and more. *Southern Cultures* is published quarterly: spring, summer, fall, winter by the University of North Carolina Press. The journal is sponsored by the University of North Carolina at Chapel Hill's Center for the Study of the American South. **The End of Southern Exceptionalism** Byron E. Shafer, Richard Johnston, 2009-03-31 The shift in Southern political allegiance from Democratic to Republican has been explained by scholars and journalists as a white backlash to the civil rights revolution. Here the authors refute that view. The true story they argue is instead one of dramatic class reversal beginning in the 1950s and pulling everything else in its wake. *The Southern Sudan* Elijah Malok, 2024-02-02 For many centuries the politics of Sudan has been characterised by racial dichotomy and identity crisis specifically between the North and the South. Added to these is the long history of domination, unfavourable policies and uneven development. The resulting marginalisation, neglect and underdevelopment has bred a series of fierce conflicts culminating in one of the longest civil wars in Africa between the Khartoum forces and the Sudan Peoples Liberation Army and Movement (SPLA-M). The war ended with the signing of the Comprehensive Peace Agreement (CPA) in Nairobi on 9th January 2005. Unlike other publications, *The Southern Sudan Struggle for Liberty* provides an in-depth view of the struggle from a veteran's perspective. Having himself lived the struggle and rising to the position of Commander in the SPLA, the author renders a story of the conflict of Southern Sudan right from the Juba Conference of 1947 and the August 1955 mutiny through the Anyanya Movements to the civil war and eventual peace. Using personal experience and accounts he also carries with him the personalities and events that shaped the struggle and expresses his hopes and fears of the future of Southern Sudan. The events in the book are captivating, the narrative riveting and the historical perspective academically stimulating. The author's standpoint on issues is so provocative that it's bound to rattle a number of feathers in the political corridors of Southern Sudan. *Homo Redneckus* William Matthew McCarter, 2012 Discussing questions of race and class in America, we often skip those who are white but are treated as a different kind of other. A professor of English and literature, Dr William Matthew McCarter explores the realities of being Not

Qwhite in America from a historical and literary perspective He interweaves colloquial storytelling with advanced critical strategies in a unique and entertaining fashion This in depth analysis is perfect for scholars and laypersons interested in the questions of race and class in the American experience Starting with his own experience of prejudice and discrimination and tracing that experience through his own family history the author provides a framework for others who want to understand the experience of being othered The breadth of knowledge he relies on reflects his education in cultural studies literature and theory This book is perfect as a text in college courses supplementary reading for scholars or people wanting to dip their toes into a topic that has thus far not gotten much attention Dr McCarter welcomes readers to learn more about the cultural studies perspective on race and see how it can be applied to examining their own experiences All Things for Good J. Steven Wilkins, 2004 Dubbed Stonewall after the battle of First Manassas in July 1861 Thomas Jackson has long been revered as a brilliant military leader and tactician and one of the most adroit Confederate commanders The man himself is a study in contrasts as feared by his enemies as he was beloved by his men And in the eyes of some his humble and sincere Christian faith seemed at odds with his reputation as a ferocious warrior Jackson was graduated from West Point in 1846 participated in the Mexican War in 1848 and accepted a teaching position at the Virginia Military Institute in 1851 resigning his commission in the army a year later When he left VMI ten years later to join the Confederate army immediately he was commissioned a colonel and within months promoted to the rank of brigadier general His battlefield successes against numerically superior Union armies made him a legend in both the South and the North Mortally wounded by his own troops in May 1863 he more than anyone else personified the compelling and the virtuous in what the subsequent generation would label The Lost Cause James I Robertson Jr All Things for Good is a thoughtful addition to the Leaders in Action Series In it J Steven Wilkins challenges some of the myths that surround Jackson and celebrates his devout Christian beliefs Book jacket
