Soviet East European Survey 1985 1986:

Soviet-east European Survey, 1986-1987 Vojtech Mastny, 2019-06-12 First published in 1988 Radio Free Europe Radio Liberty is well known for broadcasting news and information to millions of listeners in Eastern Europe and the Soviet Union In order to be an effective surrogate home service RFE RL has built up over the years a large research capacity where Western trained specialists describe and analyze develop *Soviet/East European Survey, 1985-1986* Vojtech Mastny, 1987

Soviet/East European Survey 1985-1986 Vojtech Mastny, 1987-06-01 **East European Fault Lines** Janusz Bugajski, 2019-04-10 This book provides a comparative analysis of oppositionist trends in the Soviet satellite states of contemporary Eastern Europe It evaluates the extent and objectives of independent social activism in these countries and explores both the causes and effects of public dissent **The Last Decade of the Cold War** Olav Njølstad, 2004 The last decade of the Cold War witnessed the transformation of world politics with the collapse of one party Communist rule in Eastern Europe and the Soviet Union This book explains how it happened and why *East Central Europe* Lawrence D. Orton, 1989 *Economic Adjustment and Reform in Eastern Europe and the Soviet Union* Franklyn D. Holzman, 1988 Economic reform structural adjustment macroeconomic stabilization and participation in the world economy are interconnected aspects of the same issue the long term economic viability of centrally planned economies in the rapidly changing economic environment of the modern world Any economic strategy that focuses on only one or two of these aspects at the expense of the others is likely to fail yet even strategies that build on all of these bases may well fail unless political leaders can muster exceptional skill garner international support and enjoy some good luck The contributions to this volume reflect the recent research on this issue by various specialists on the economies of the Soviet Union and Eastern Europe Each author emphasizes macroeconomic stabilization structural adjustment participation in the larger world economy or economic reform **Balkan Imbroglia** Daniel N Nelson, 2021-11-28 As Europe underwent extraordinary changes in 1989 1990 the continent's south eastern region the Balkans began once again to draw attention for its ethnic rivalries its political turmoil and its interstate disputes Continuing tensions and instability have fostered images of a Balkan imbroglia where regional instability could affect all of Europe This study offers country specific and comparative assessments of political trends during this transitional era placing emphasis on matters of international security socioeconomic policy and political leadership Also considered are the requisite conditions for democracy in the role of the military in a civil society and the manner in which security can be achieved without overarching hegemonic alliances *Human Rights And Security* Vojtech Mastny, 2020-01-29 Inquiries into the relationship between security and human rights are of very recent vintage They have long been hampered by political scientists predilection for political realism From that perspective there seemed little doubt that power comes first and any human rights but a poor second As wishful thinking turned into reality during the Eastern European revolutions of 1989 the limitations of such shortsighted realism became apparent This book examines the causes

and consequences of the emerging new relationship between security and human rights It is divided into two parts which deal respectively with security and human rights and their relationship to states and societies What is the theoretical linkage between security and human rights How has this linkage evolved within the context of East West relations What was the particular role of the Helsinki process in shaping this evolution How do these issues affect the difficult transition from dictatorship to pluralism in countries facing the challenge of ethnic economic and social dislocation The contributors to this volume seek to deepen our understanding of the forces that brought about the collapse of communism in Europe and they explore the broader implications of change for the emerging post cold war international order

A History of the Gypsies of Eastern Europe and Russia D. Crowe, 2016-04-30 David Crowe draws from previously untapped East European Russian and traditional sources to explore the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages until the present
