Soviet Russian Press Coverage Of The United States Press Politics Identity In Transition:

Soviet and Russian Press Coverage of the United States Jonathan A. Becker, 2016-01-05 This book examines changing Soviet and Russian press coverage of the United States from the emergence of Mikhail Gorbachev through the presidency of Vladimir Putin A new afterword focuses on recent developments in the Russian media and Russian press coverage of the terrorist attacks of September 11 2001 Becker argues that due to the absence of a language to support the reform strategy the Soviet press presented positive images of its chief ideological and military opponent the United States as a means of supporting political social and economic reform He suggests that the end of the Cold War and the emergence of a more self confident Russia means that the symbolic and discursive significance of the United States for Russia has diminished

Cultural Exchange and the Cold War Yale Richmond, 2007-08-09 Some fifty thousand Soviets visited the United States under various exchange programs between 1958 and 1988 They came as scholars and students scientists and engineers writers and journalists government and party officials musicians dancers and athletes and among them were more than a few KGB officers They came they saw they were conquered and the Soviet Union would never again be the same Cultural Exchange and the Cold War describes how these exchange programs which brought an even larger number of Americans to the Soviet Union raised the Iron Curtain and fostered changes that prepared the way for Gorbachev's glasnost perestroika and the end of the Cold War This study is based upon interviews with Russian and American participants as well as the personal experiences of the author and others who were involved in or administered such exchanges Cultural Exchange and the Cold War demonstrates that the best policy to pursue with countries we disagree with is not isolation but engagement

Enemy Number One Rósa Magnúsdóttir, 2019 From Stalin's anti American campaign to Khrushchev's peaceful coexistence policy this book addresses the Soviet propaganda and ideology directed towards the United States during the early Cold War

Dispatches from Dystopia Kate Brown, 2015-05-01 Why are Kazakhstan and Montana the same place asks one chapter of Kate Brown's surprising and unusual journey into the histories of places on the margins overlooked or erased It turns out that a ruined mining town in Kazakhstan and Butte Montana America's largest environmental Superfund site have much more in common than one would think thanks to similarities in climate hucksterism and the perseverance of their few hardy inhabitants Taking readers to these and other unlikely locales *Dispatches from Dystopia* delves into the very human and sometimes very fraught ways we come to understand a particular place its people and its history In *Dispatches from Dystopia* Brown wanders the Chernobyl Zone of Alienation first on the Internet and then in person to figure out which version the real or the virtual is the actual forgery She also takes us to the basement of a hotel in Seattle to examine the personal possessions left in storage by Japanese Americans on their way to internment camps in 1942 In Uman Ukraine we hide with Brown in a tree in order to witness the annual male only Rosh Hashanah celebration of Hasidic Jews In the Russian southern Urals she speaks with the citizens of the small city of Kyshtym where invisible radioactive pollutants have

mysteriously blighted lives Finally Brown returns home to Elgin Illinois in the midwestern industrial rust belt to investigate the rise of rustalgia and the ways her formative experiences have inspired her obsession with modernist wastelands Dispatches from Dystopia powerfully and movingly narrates the histories of locales that have been silenced broken or contaminated In telling these previously unknown stories Brown examines the making and unmaking of place and the lives of the people who remain in the fragile landscapes that are left behind Cold War Correspondents Dina Fainberg,2021-01-19 Foreign correspondents played a crucial role in promoting the ideas and values of the Cold War As they brought the foreign world to their Soviet and American readers these journalists projected their own ideologies onto their reporting In an age of mutual acrimony and closed borders journalists were among the few individuals who crossed the Iron Curtain Their reporting strongly influenced the ways that policy makers pundits and ordinary people came to understand the American or the Soviet other In Cold War Correspondents Dina Fainberg examines how Soviet and American journalists covered the rival superpower and how two distinctive sets of truth systems professional practices and political cultures shaped international reporting Fainberg explores private and public interactions among multiple groups that shaped coverage of the Cold War adversary including journalists and their sources editors news media executives government officials diplomats American pundits Soviet censors and audiences on both sides Foreign correspondents Fainberg argues were keen analytical observers who aspired to understand their host country and probe its depths At the same time they were fundamentally shaped by their cultural and institutional backgrounds to the point that their views of the rival superpower were refracted through values of their own culture International reporting grounded and personalized the differences between the two nations describing the other side in readily recognizable self referential terms Fundamentally Fainberg demonstrates Americans and Soviets during the Cold War came to understand themselves through the creation of images of each other Drawing on interviews with veteran journalists and Soviet dissidents Cold War Correspondents also uses previously unexamined Soviet and US government records newspaper and news agency archives rare Soviet cartoons and individual correspondents personal papers letters diaries books and articles Striking black and white photos depict foreign correspondents in action Taken together these sources illuminate a rich history of private and professional lives at the heart of the superpower conflict

Media in Process Sai Felicia Krishna-Hensel,2016-09-19 The post communist development of media systems has been uneven in the countries of the region Television and newspapers together with the emergence of social media have had great influence on the political debate in various countries Ownership of the media has been a factor in many instances The integration of traditionally isolated Central Eastern Europe into larger worldwide trends has fundamentally changed the way we look at the media in this region This volume proposes to address the transition of the media and communication industries in the contemporary period The contributions discuss among other things the obstacles that still remain for the media to play an effective watchdog role in the new democracies and whether the advent of the Internet and social media has helped or hindered the transformation to a powerful independent media The discussion further examines whether advertising agencies have targeted post communist citizens differently than those in Western European countries and if the media markets in the post communist region are fundamentally different than in Western Europe and North America A second focus of the volume is the media coverage of social issues like domestic violence which is intended to draw attention to these issues and influence policy in a more aware and open society This establishes the trend of post communist media following the example of western media practice The implications of the Central European media transformation for the newly transforming media markets in the post Soviet space suggest a new phase in the development of the medium The impact of global influences on regional expression is an important aspect of the political and social changes that are underway This volume makes an important interdisciplinary contribution in examining the development of the media
