The Ceremonial Order Of The Clinic Parents Doctors And Medical Bureaucrats:

The Ceremonial Order of the Clinic P.M. Strong, Robert Dingwall, 2018-02-05 This title was first published in 2001 A classic ethnographic study of the interactions between paediatricians and parents of children thought to be neurologically handicapped Strong used this work to systematize the often chaotic ideas of Erving Goffman to explore the connections between micro and macro analysis in sociology and to reflect on the nature of medical practice in modern liberal societies The book stands as a testament to Strong's pursuit of methodological rigour in qualitative sociology *The Routledge Companion to the Professions and Professionalism* Mike Dent, Swetha S. Ballakrishnen, Jean-Louis Denis, Tracey Adams, 2016-07-01 The Routledge Companion to the Professions and Professionalism is a state of the art reference work which maps out the current developments and debates around the sociology of the professions and how they relate to management and organizations Supported by an international contributor team specializing in the disciplines of organizational studies and sociology the collection provides extensive coverage of this field of research It brings together the core concepts and issues and has chapters on all the key aspects of professions in both the public and private sectors including issues of governance and regulation The volume closes with a set of international case studies which provide valuable practical insights into the subject This Companion will be an indispensable reference source for students scholars and educators within the social sciences especially within management organizational studies and sociology It will also be highly relevant for those working and studying in the area of professional education Evaluating Research in Health and Social Care Roger Gomm, Gill Needham, Anne Bullman, 2000-11-13 Explains and critically evaluates a range of research techniques for the caring professions *Encyclopedia of Health Services Research* Ross M. Mullner, 2009-05-15 Today as never before healthcare has the ability to enhance the quality and duration of life At the same time healthcare has become so costly that it can easily bankrupt governments and impoverish individuals and families Health services research is a highly multidisciplinary field including such areas as health administration health economics medical sociology medicine political science public health and public policy The Encyclopedia of Health Services Research is the first single reference source to capture the diversity and complexity of the field With more than 400 entries these two volumes investigate the relationship between the factors of cost quality and access to healthcare and their impact upon medical outcomes such as death disability disease discomfort and dissatisfaction with care Key Features Examines the growing healthcare crisis facing the United States Encompasses the structure process and outcomes of healthcare Aims to improve the equity efficiency effectiveness and safety of healthcare by influencing and developing public policies Describes healthcare systems and issues from around the globe Key Themes Access to Care Accreditation Associations Foundations and Research Organizations Biographies of Current and Past Leaders Cost of Care Economics Finance and Payment Mechanisms Disease Disability Health and Health Behavior Government and International Healthcare Organizations Health Insurance Health Professionals and Healthcare

Organizations Health Services Research Laws Regulations and Ethics Measurement Data Sources and Coding and Research Methods Outcomes of Care Policy Issues Healthcare Reform and International Comparisons Public Health Quality and Safety of Care Special and Vulnerable Groups The Encyclopedia is designed to be an introduction to the various topics of health services research for an audience including undergraduate students graduate students and general readers seeking non technical descriptions of the field and its practices It is also useful for healthcare practitioners wishing to stay abreast of the changes and updates in the field
