## **The Gulf War How It Hit Home:**

The Gulf War Betty Ash, 2000-12      **Needless Deaths in the Gulf War**, 1991 Based on interviews conducted during the war with those who fled bombing as well as subsequent research and analysis this challenges the report of allied commanders that they took every feasible step to avoid civilian death and injury It also examines Iraqi attacks on Israel and Saudi Arabia      **Slow Violence and the Environmentalism of the Poor** Rob Nixon, 2011-06-14 Groundbreaking in its call to reconsider our approach to the slow rhythm of time in the very concrete realms of environmental health and social justice *World Literature Today* The violence wrought by climate change toxic drift deforestation oil spills and the environmental aftermath of war takes place gradually and often invisibly Using the innovative concept of slow violence to describe these threats Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises in contrast with the sensational spectacle driven messaging that impels public activism today Slow violence because it is so readily ignored by a hard charging capitalism exacerbates the vulnerability of ecosystems and of people who are poor disempowered and often involuntarily displaced while fueling social conflicts that arise from desperation as life sustaining conditions erode In a book of extraordinary scope Nixon examines a cluster of writer activists affiliated with the environmentalism of the poor in the global South By approaching environmental justice literature from this transnational perspective he exposes the limitations of the national and local frames that dominate environmental writing And by skillfully illuminating the strategies these writer activists deploy to give dramatic visibility to environmental emergencies Nixon invites his readers to engage with some of the most pressing challenges of our time      Public Papers of the Presidents of the United States: George Bush, 1991 Bush, George, 1992-01-01 Public Papers of the Presidents of the United States      Public Papers of the Presidents of the United States United States. President, 1992 Containing the public messages speeches and statements of the President 1956 1992      *Bugsplat* Bruce Cronin, 2018-03-07 Why do states who are committed to the principle of civilian immunity and the protection of non combatants end up killing and injuring large numbers of civilians during their military operations *Bugsplat* explains this paradox through an in depth examination of five conflicts fought by Western powers since 1989      George Bush United States. President (1989-1993 : Bush), 1992      **Project Day Lily** Garth L. Nicolson Ph.D., Nancy L. N, 2005-09-01 The Project Day Lily story chronicles the events surrounding what the public knows as Gulf War Syndrome To this day the public perception of that tragedy is very limited but now there are over 150 000 veterans of that conflict that suffer from chronic illnesses and tens of thousands have died without acknowledgment or proper assistance to keep secret the origin of their illnesses Project Day Lily tells the story of the discovery that men and women of our Armed Forces were actually exposed to chemical and biological mixtures from missiles and sprayers during the Gulf War that were supplied in part by a sinister network using a group of rogue bureaucrats intelligence operatives and scientists They were also exposed to contaminants in the multiple vaccines given during deployment Project Day Lily presents the story of how one of these

biological agents was found by two American scientists in veterans of the Gulf War and in civilians as part of a massive testing program and how various academic and governmental employees did everything in their power to prevent this information from being released to the American public Armor ,1992 **Army Reserve Magazine** ,2000 Fire on the Rim William H. Thornton,2002 Fire on the Rim combines an idealist s call for social justice cultural difference and environmental sustainability with a realist s recognition of the continuing need for balance of power security relations around the Pacific Rim Although this melding of idealist and realist elements is sure to meet opposition on the Right and Left alike the author s call for moral realism is a vital step toward an Asia policy fit for the twenty first century Visit our website for sample chapters *Web of Deceit* Barry Lando,2010-08-27 An investigative history of Western complicity in Saddam Hussein s crimes reveals the story his trial never will In February 1991 the Shia of southern Iraq rose against Saddam Hussein Barry M Lando a former investigative producer for 60 Minutes argues compellingly that this ill fated uprising represents one instance among many of Western complicity in Saddam Hussein s crimes against humanity The Shia were responding to the call for rebellion from President George H W Bush that was broadcast repeatedly across Iraq by clandestine CIA stations But just as the revolution was on the brink of success the United States and its allies turned their backs In the end tens of thousands were massacred Because of restrictions imposed by the Special Tribunal prosecuting Saddam Hussein the extensive role of the U S and its allies in his crimes will never be explored at his trial But as *Web of Deceit* demonstrates the nations that now denounce Saddam most prominently secretly backed the dictator from his rise to power in the 1960s and 70s to his offensives in Iran and despite warnings took no action to stop his invasion of Kuwait They also turned their backs when he used chemical weapons against the Iraqi people and persisted in international sanctions long after they had proved ineffective and for hundreds of thousands of Iraqi civilians lethal *Web of Deceit* draws on a wide range of journalism and scholarship to present a complete picture of what really happened in Iraq under Saddam detailing for the first time the complicity of the West in its full and alarming extent *Weekly Compilation of Presidential Documents* ,1991

**Peace at What Price?** Sarah E. Croco,2015-03-26 *Peace at What Price* explains why some leaders voluntarily stay in wartime quagmires by introducing the theoretical concept of leader culpability Sarah E Croco includes analyses on wars from 1816 to 2007 several case illustrations and a discussion of the American experience in the wars in Iraq and Afghanistan

*Prophets Without Honor* William Strabala,Michael Palecek,2002 Radical priests laid it on the line challenging government corporations and the Church Some were jailed some were killed Personal accounts tell why they had to do it and why governments and the Church fought so hard to stop them The book tells the story of a group of American men who happen to be priests and who happen to have served decades in American prisons and the stalwart women who helped them form an international movement called Plowshares In so doing the book tells the morally patriotic story of America a story told before only from behind an open hand across the face like a football coach talking to his spotters in full view of a

national television audience afraid someone might see Darrell Rupiper Larry Rosebaugh and Carl Kabat are Oblate missionary priests Frank Cordaro is a diocesan priest from Des Moines Roy Bourgeois is a Maryknoll priest Charlie Liteky is an ex Trinitarian priest Rupiper was in the national spotlight during the Iran hostage crisis He traveled to Iran as part of team of clerics hoping to gain the release of the hostages Rosebaugh now lives with the poor in El Salvador He was a member of the Milwaukee 14 a group that burned draft records in accord with the example set by the Berrigan brothers at Catonsville Maryland in 1968 Kabat has served over 16 years in United States federal and state prisons since 1980 as a result of his anti military actions Cordaro has served half a dozen federal prison terms for his anti nuclear activities He has also given sanctuary to a manure spreader in support of Iowa farmers During the Carter presidency Cordaro found himself on the front page of the Washington Post after he stood in front of Carter during a press conference to tell the world the truth about the S A L T treaty Bourgeois from the deep South and a former military officer who served in Vietnam recently made his own front page news N Y Times Washington Post and others as leader of the massive protests at Fort Benning Georgia calling for the closing of the School of the Americas Bourgeois and Rosebaugh also served prison terms in the 1980s when they sneaked into Fort Benning climbed a tree and played a tape outside the Salvadoran soldiers barracks of the last sermon given by slain archbishop Oscar Romero Liteky is a former chaplain who served in Vietnam He received the Congressional Medal of Honor and later surrendered it challenging General Abrams and President Nixon in the process With the exception of Cordaro all of these men began their clerical careers as missionaries in Brazil the Philippines Bolivia and Vietnam and discovered America in the process They discovered that the trail of the poor leads through such countries directly back to America It leads directly to Rupiper s home in Carroll Iowa to Rosebaugh and Kabat s roots in rural Illinois to Cordaro s Des Moines Italian household and to the nation s capital where Liteky was born They also discovered that the America they grew up in never existed They read history and learned about America s militarism its attempts at global hegemony and they felt they must resist They wanted with all their hearts for their childhood America to be made real a just and loving America even if that meant they must spend years behind prison walls

Green,2017-03-21 Soon after the American Revolution certain of the founders began to recognize the strategic significance of Asia and the Pacific and the vast material and cultural resources at stake there Over the coming generations the United States continued to ask how best to expand trade with the region and whether to partner with China at the center of the continent or Japan looking toward the Pacific Where should the United States draw its defensive line and how should it export democratic principles In a history that spans the eighteenth century to the present Michael J Green follows the development of U S strategic thinking toward East Asia identifying recurring themes in American statecraft that reflect the nation s political philosophy and material realities Drawing on archives interviews and his own experience in the Pentagon and White House Green finds one overarching concern driving U S policy toward East Asia a fear that a rival power might use the Pacific to isolate and threaten the United States and prevent the ocean from becoming a conduit for the westward free flow of trade values and forward defense By More Than Providence works through these problems from the perspective of history s major strategists and statesmen from Thomas Jefferson to Alfred Thayer Mahan and Henry Kissinger It records the fate of their ideas as they collided with the realities of the Far East and adds clarity to America s stakes in the region especially when compared with those of Europe and the Middle East
