The Hidden Durer:

The Hidden Dürer Peter Strieder, 1978 *The Hidden Dürer* Peter Strieder, 1978 The Hidden Dürer/ Peter Strieder
Peter Strieder, Mariella de Battisti, Marisa Melis, 1978 Dürer's Lost Masterpiece Ulinka Rublack, 2023 Dürer's Lost Masterpiece tracks the history of a turning point in the career of the celebrated German artist Albrecht Dürer 1471-1528 when he stopped painting altarpieces after arguing with a merchant patron over payment As an eloquent homage to Dürer's life it brings us closer to the creation and meaning of his paintings than ever before Dürer's Lost Masterpiece considers the celebrated German artist Albrecht Dürer 1471-1528 his time and his legacy It tracks the history of a crucial and often overlooked turning point in his career when Dürer stopped painting altarpieces after falling out with the Frankfurt merchant Jacob Heller over a commission The story of this painting as Dürer's lost masterpiece functions as a lens through which to view the new relationship developing between art collecting and commerce in Europe up to the Thirty Years War 1618-1648 when global trade and cultural exchanges were increasing At the heart of the book is the argument that merchants and their mentalities were crucial for the making of Renaissance art and its legacy for modern art The book draws on a decade of research and uniquely draws the reader into the rich emotional worlds of three merchants each of whom typified the evolving relationship between art and commerce in that entrepreneurial and often ruthless age It brings to life Dürer's determined fight for creative makers to be adequately paid and explores the big questions about how European societies came to value the arts and crafts that remain relevant to our time *The Hidden Dürer* Marcia McEwan, Peter Strieder, 1978 **The History of the Life of Albrecht Dürer of Nürnberg** Mrs. Charles Heaton, 1870 *The Hidden Essence of Art* Stephen Newton, 2025-08-26 This book offers a wide ranging review of art throughout the ages to isolate the original source of religions and religious practices within the symbiotic relationship between art production and universal ritual procedures A psychoanalytic perspective identifies the creative process as the common factor and integral structure of not only the formation of the art object but also ritual enactments and performance and furthermore religious doctrine and ceremony The ritual creative process is unearthed as the unique prototype for the fundamental concept of death and resurrection that underpins religious belief The book was written with the general reader in mind but it will also be of interest to psychoanalytic researchers art historians and art practitioners as well as to theologians **The Hidden Order Of Art** Anton Ehrenzweig, 2011-05-12 A revealing study into the relationship between psychology and the arts Anton Ehrenzweig's tour de force describes nothing less than the psychology of artistic creativity Focusing on the visual arts and music he shows that in addition to conscious intellectual critical powers both the child and the creative artist rely on an unconscious intuitive critical process to give shape to their view of the world *The Hidden Language of Symbols* Matthew Wilson, 2022-11-03 Why do we reach for the red rose on Valentine's day Where did the owl gain its reputation for wisdom Why should you never trust a fox In this visual tour through art history Matthew Wilson pieces together a global visual language enshrined in art

the language of symbols Symbols exert a strong hold in the image saturated 21st century and have done so for thousands of years From national emblems to corporate logos and emojis our day to day lives abound with icons with roots in the distant past Expert art historian Matthew Wilson traces the often surprising trajectories that symbols have taken through history from their original purposes to their modern meanings identifying the common themes and ideas that link seemingly disparate cultures Thus we meet the falcon as a symbol of authority from the ancient Egyptian pharaohs to the medieval aristocracy the dog as stalwart companion from the classical era to the Renaissance and the mythical phoenix as a symbol of female power connecting a queen in England with a goddess in China We also see moments of radical reinterpretation and change the transformation of the swastika from an auspicious symbol of hope to one of hate From Palaeolithic cave paintings to contemporary installations Wilson deftly guides us through this world of symbols showcasing their enduring ability to express power hope fear and faith and to create and communicate identities uniting or dividing the people that made them
